It's new and improved! I've edited this chapter to fit my new and better style of writing! It's a lot better now! People who have read it before, read it again!

The Blade-inator

Chapter 1

In the anime

This is Jess. I am doing what every Beyblade fan has always dreamed of, but never thought possible. I am in the Beyblade world. Now your wondering. How can Beyblade be real? its just a game and an anime. How can I be in Beyblade? Well, let me explain myself first...

I am Jessica Rose Harper, 13 years old and going on 14. I have medium-length, Yu-Gi-Oh style blonde hair that I keep in two pony tails. I also have limeish green eyes. I dress weirdly too. I wear black jeans and a belt with a little rectangular pocket that looks like it would have Yu-Gi-Oh cards in it and a red and silver shirt. Basically, i look like a Yu-Gi-Oh character. People even call me Joey Wheeler sometimes.

But I dont like Yu-Gi-Oh. Im totally obsessed with Beyblade. My whole room is filled with Beyblade stuff. Beyblade posters cover the walls, and the ceiling is running out of room as well. I have about fifty diffrent beybalde parts and all the DVDs and mangas. I have a Beyblade website. I designed my own green and purple beyblade that I carry around everywhere I go. It's not a real beyblade. REAL beyblades are bigger and they actually listen to your thoughts. I even made my own bitbeast. It was a green and purple dragonfly that kinda looks like Stingmon from Digimon 02. I drew it on paper and named it Batterphi. Beyblade is all I talk about. Beyblade is my life.

I share my obsession with my two best friends, Chad and Zinny. They have their own beyblades too. They also designed their own bitbeasts. We all agreed that we would be a team called the Dragonflies and I would be the leader. We're pretty much a pacage deal when it comes to Beyblade.

But when this happened, I started out on my own. And here's the story...

It was a friday. I was coming home from school, planning my Beyblade-filled weekend in my head and thinking about the new episode that was going to air this saturday morning. Upon entering the house, I found nobody was in there. I sighed to myself. My mom was in the lab building and my dad was probably working late. My mom is a scientist; She worked in the lab building.

The front door had been unlocked, so my little sister had probaly left to one of her friend's homes for a 'pretend tea party'. A cool thing about my parents is that they trust us when they're not around, even when we're six years old.

So, I walked over to the telephone to check the messages. There were two new ones. The first one said, "Hello, you are receiving a call from Eybay-Adeblay Jr. High School. This is Mrs. Ulesray (1) and i'm calling about your daughter, Jessica. She has been acting up in school today and-"

Beep!

I released my finger from the 'delete' button. What my parents didn't know can't hurt them.

I turned and made a beeline for the fridge. If I was lucky, my little sister had not eaten the leftovers of the chocolate cake. I pulled the fridge door open and grinned to myself when I saw one last slice. I was about to stuff it whole in my mouth right then and there, while the second message was playing. I heard a beep, indicating that the message had started.

A strange, eerie silence pulsed for about five seconds, with nothing but the static of the phone to sound. And then... "Hello, Jessica..." An extremely deep, unusual voice whispered in the phone. "Your destiny awaits..." I heard the sound of long, heavy breathing. "You must go to the drugstore at the end of the street you call 5th avenue. Go to the backroom. Remember, your destiny awaits... Do not let it slip through your hands..." There was another moment of silence before click went the phone.

I finally realized that i had been staring at the lightbulb in the fridge the whole time the message was playing. I blinked several times and rubbed my eyes, trying to get rid of the purple blotch in my vision. I slammed the fridge door shut and ran back to the phone. I clicked the 'play' button again. A regular adult male voice came on. "You have no new messages."

A regular person would ignore this message. Thinking it was a crank call or something. What the heck? I'm up for an adventure.

After all, i'm not a regular person.

So, i did what any person like me would do. I ran up to my room, grabbed my beyblade and launcher, ran downstairs and out to the back yard, and opened the backyard door. "Come on, Riley. We're on a mission to go on an adventure!" I exclaimed. A full grown, male, german shepherd came running.

Let me tell you something about Riley... He's the world's smartest dog. And im not saying that because he my dog. He really is. When im first met him when i was nine, i taught him things and he understood. German shepherds are amazing dogs. They've just got a bad reputation because of the police.

5th avenue. I've been there dozens of times. My favourite movie theatre was there. And the drugstore was packed with candy and stuff, so I went there a lot. I just hoped the owner didn't recognize me from all the times I went there.

Another bonus was that unlike most drugstores, this one allowed dogs. Especially well trained dogs. Riley was always welcomed like royalty.

So we entered the drugstore and walked across the room towards a rack filled with chips. I picked up a bag of doritos, pretending to read the ingredients label on the back. Riley sat there, unblinking, and stood as still as one of those British guards. The manager swung open a door behind the counter with a plaque that read Supply closet. He bent over deep into the closet, facing the opposite way from us. Bingo.

I tugged on Riley's leash. He jumped up and tiptoed along with me towards the counter. I carefully bent really low underneath the little counter door thingy (2). Once we were in the back room, I quietly shut the door. I stepped over boxes of junk, then turned around in a circle several times, staring at everything closely.

"Well," I said to Riley, probably louder than I should have. "I don't see a destiny, do you?" He made a puzzled squeal.

Suddenly, something caught my eye. It was a silver button on the wall, kind of like my shirt. It was about as wide as my hand if I stretched all my fingers out. Definitely out of place. A sensible, normal person would have ignored it and left.

I pressed it.

Genius move.

There was a flash of whiteish-blueish light. I couldn't understand it. It seemed to vibrate all around me. Riley barked and squealed. I almost did the same.

The light disappeared and everything was back to normal.

Except me and Riley weren't in the drugstore anymore. We were in the street. But there were two strange things about this street. One, there were Japanese houses. It was a Japanese street. Like Asian town or something like that.

Two, there were people on the streets, beyblading. This was not normal. Me and Riley walked along the street, watching the kids beyblading. This was exactly like in the show!

"We have a winner!" The DJ announced, holding up a brunett's hand. The kid was grinning proudly.

"Who's gonna be my next victim, huh?" He taunted. All the other kids took a step back.

"Hey," I called out. "I'll try."

"What? You're just a girl. Bring it on, blondie!" He replied.

I was just about to teach this kid a lesson about being sexist when a sudden thought struck me. What if my beyblade was still real-world fake? What if it hadn't changed?

"Please don't let my blade be fake..." I whispered over and over, as I reached into my pocket and pulled out said object. It was bigger. It felt heavier. I examined it for a moment. It was real. One hundred percent non-plastic, big, heavy real beyblade. This was the coolest!

"Get ready to taste dirt and defeat!" I exclaimed, fully aware of my stupid irrationality. I pulled out a real launcher, slapped my real beyblade onto it (anime style), and pointed it towards the real beydish. Not one of those little plastic things in the real world. "Ready? Let it rip!" I pulled the ripcord with as much force as possible. My beyblade landed in the dish, beautifully.

"Get her right now!" He yelled. I dodged. Soon he had me in a chase. It was so cool. I was in such an adrenaline rush. I could command my beyblade with my thoughts! I was wild and unstoppable!

Suddenly, he decided to crash my party by ramming my blade full force. He started hitting it repeatedly. Sparks flew. Oh, no. I was getting creamed!

Unless...

I stared directly into my blade. Please let this work... Please let this work... Please let this work.. I'm gonna be super emarassed if this doesn't work!. "Batterphi! Come out now!" I commanded. A bright green light shot out of my blade and out came the green and purple dragonfly that I created. "Attack, Batterphi!" His blade was sent flying out of the dish before he could even begin to comprehend what just happened.

"And the winner is... Uhh... The girl with the bitbeast!"

"It's Jess. And thanks." I grinned. I pocketed my beyblade and launcher, picked up Riley's leash, and we walked away.

Batterphi was real! Really real! I could never have thought he would even begin to be somewhat existential! I had a real bitbeast!

Now it was time to focus on important matters. Since I was in Japan and I had only American money, I was out of luck. I needed to get a meal for me and Riley. Big dilemma. I sighed and turned into an alleyway. I leaned against the wall and sat down. Riley sat next to me. "What am I going to do now?"

For a moment, I actually could have sworn that Riley opened his mouth to speak. But I would never know because of the sudden interruption.

"Yo, bug girl." I turned around to face the owner of the obviously feminine voice. There was a girl with short black hair and a guy with long white hair, both with a predatorial expression, lightly shaded skin tones, and black and white outfits.

Any honest Beyblade fan who had recently watched the V-Force season could tell you who these two were.

King and Queen.

2. King and Queen

Btw, this happens right after the end of V-force.

The Blade-inator

Chapter 2

King and Queen

I sighed and stood up. "What do you want, King and Queen?"

"Oh, look. Shes heard of us!" Queen laughed tauntingly. She pulled out a launcher and stuck it in my face, in a ready position. "Where did you hear about us?" She growled. Riley barked. "Shut that dog up!"

"I have heard of you, i cant tell you where, and hes my dog, so you shutup!" I pulled out my launcher as well and held it in a ready position.

She growled at me. Riley growled at her. "You've got a lot of nerve! I saw you battle! I want your wonderful purple attack ring!"

"Really?" I laughed. "What a coincidence! I was just going to shoo you away, like the pesky nuisance you are, but if its a battle that needs to be done..."

"Shutup and battle me, loser!"

"If you want to..."

"Ofcourse i want to!"

"Are you sure?"

"Yes!"

"Are you really sure?"

"YES! SHUTUP AND BATTLE!" She was fuming mad by this time, and i was having the time of my life, annoying her. Finaly, i decided to give in and battle her. I held my launcher out. "Finaly! Get ready to lose badly!" She ripped her blade before i had a chance to yell "Ready". Our blades spun around the sidewalk in a chase, her blade tailing mine. I decided to use some of the tricks that i saw on the show. I rammed her blade full force kept hitting her. "Oh, no!" She exclaimed. Then she went back into her cool mode. "I see i'll be using the tough stuff on you. Gabriel!"

Crap. Her bitbeast. What do i do... Goddamnit! Call Batterphi out! "Batterphi!" I exclaimed. My lovelly dragonfly, who looks like Stingmon from Digimon, appeared before me. "Attack!"

Queen gasped. "Look out!" King exclaimed. "She has a bitbeast!" Within seconds, we had destroyed a little piece of the ground. Smoke billowed, Through the smoke, i saw one blade was down, one blade was spinning. Please let this be my blade... it was... the winner... ME! I WON! I WON! I WON!

Queen growled. "How could i lose to an ameature?" She and King walked away.

Before they left, King turned around and said, "Good job. You'll go down in history." I blushed. Queen told him to shutup. Man, she must really love that word. I watched them dissappear from

view. King was... nice... i guess...

"Hey!" I turned around. It was even cooler this time! It was six people that went down in history! It was Tyson! Ray! Max! Kai! Kenny and Hilary too! It was the BladeBreakers! It was... it was... suddenly, i realized just what was going on. I... i couldnt talk to the bladebreakers! I was going to make a fool of myself! So, what did i do? Did i run? Did i scream? No. I bent down and started to adjust Riley's leash, pretending not to have heard Tyson. How stupid am i! I should have run! I should have...

"Hi." Ray said.

I inched my head around. "Um... hi." I squeaked.

"We saw your battle with Queen. We saw you had a bitbeast and you won, so we figured we could make friends. My name is Ray." One by one, the Bladebreakers introduced themselves. Ofcourse, i already knew them.

"Um... im... J-Jessica." I whispered.

"Hi Jessica!" Tyson exclaimed. "Great to meet you!" I smiled and Riley did the trick. He walked up to Tyson and licked his hand. Tyson smiled and petted Riley. Max, Ray, and Hilary joined in. Kai was being Kai and Kenny... he was probably scared of Riley.

"You have some funky clothes." Kai said. (Sorry! I know Kai would never say that!)

Just to prove his theory, i did a little disco dance. It made everyone except for him laugh. Then, in a fake enthusiastic voice, i joked, "Disco will never die!" It did the trick. It made them laugh harder. Kai just stood there. That was sooooo expected of him. I smiled. "So, do guys you have any dog food?"

(From a rooftop)

I watched the BladeBreakers make friends with that girl. That girl... she was powerful... she had a bitbeast... I had never heard of Batterphi but... now it was time... time to seal her bitbeast...

Chapter 3

Talking dogs

"Hey! Little dude! You're back!" Tyson's grandpa said. (bear with me. im not good at Gramps lingo) "Whos the little dudet and dog?"

"She's taking the test." Tyson clarified, very clearly. Up until now, Tyson hadn't told me there would be any test. Apparently, he hasn't told the other Bladebreakers either.

"What test?" Max asked.

"The test of dorks." Kai muttered under his breath.

"No." Tyson explained. "The test for becoming a Bladebreaker."

"WHAT?!" Everyone, including me exclaimed.

"Come on..." Tyson whispered in my ear. "You know you want to..." I stared at him like an statue. "Think about it. Tell me later." He skipped like a little kid up the stairs. "She's going to take the te-est. She's going to take the te-est. She's going to take the te-est... to be what she could be." Tyson sang. Everyone sweatdropped.

I thought for a moment. Become a Bladebreaker? That would be cool, but... what about my world... i should go back... nah. I never had anything in my world. Nothing good ever happened. Only Riley was with me through my misery in the real world. Now, me and Riley were happy. We were in the perfect place. We were in the Beyblade world and now... i had Batterphi! Max interrupted my thoughts. "Come on! Everybody has already gone to the back!"

"I'll be a minute..." I whispered.

"Okay... i'll wait at the back door." He smiled and walked away. I always liked Max. He was my favourite character. But... i didnt like him that way.

Suddenly, "Smooth. Real smooth." A boy's voice.

"Who... who said that?" I turned my head this way and that.

"Look down." I looked down. Riley was there. I paid no attention and continued trying to locate the sound. "Hello-o! Its me! Riley! The dog! Your best friend!"

I stared... "Riley! You talked! You... thats..."

"Amazing? The dog talking? Yup. Somehow, i am able to talk. Ever since we came to the beyblade world i have been able to talk."

"Thats... amazing!"

"Yeah, but now lets discuss important matters. Become a Bladebreaker? Take the offer!"

(Max's POV)

(Outside, Jess POV)

"Okay, lets get you prepared for the submission test." Ray began.

Suddenly, It was her... "Hey! BladeBreakers! I want her!" She pointed to me.

Marriam.

Chapter 4

Marriam

Marriam stood there. "I want her!" She bellowed. (Bellowed... in what sense does that describe her tone of voice?)

"What do you want with me?" I asked.

"Get back, Jess!" Ray exclaimed. "Shes from the Saint shields!" I already knew that, ofcourse.

"Jess, huh? I challenge you to a Beybattle!" Marriam challenged. Big surprise.

"Okay." I replied. I pulled out my blade and stuck it onto my launcher. I held it out. "Three, two, one, let it rip!" Our blades landed in the dish and circled around. She attacked me. I tried to attack back, but she dodged. "Batterphi!"

"Sharkrash!" Marriam yelled. I suddenly wondered, where was Max?

(Max's POV)

Oh... My... God...

I turned around. Had i heard right? Did... did Riley talk? Did he just call me a lover boy? No way! "Did you..."

"Did i what?" He asked. "What? Havent you ever seen a talking dog?"

"No! Dogs arent supposed to talk! They're supposed to go woof, woof!"

"Suuuuuuuuuuure they are!" Suddenly, i heard a crash. Me and Riley raced outside. It was Marriam! She was battling Jess!

"Jess!" I yelled.

She turned around. "Huh?"

"Focus on the battle!"

"Oh, right."

(Jess POV)

"Shes inexperienced!" Ray exclaimed. I ignored him and continued the battle. And let me tell you... i was having the time of my life! It was so much fun... spinning around and beybattling. This was my third time already, but it was soooooooooooooo cool! I could almost hear the 'Underdog' song in the background! Almost...

"She looks like shes... laughing..." Kenny said, i could hear him typing on his laptop. "Shes

thinks its funny!"

Duh, it was funny! It was so cool! I felt like i could fly! "Batterphi!" I laughed.

"Stop smiling like a dork, dork!" Marriam growled. I didnt hear her.

(Kai's POV)

I swear, that girl is insane!

(Tyson's POV)

Cool.

(Max's POV)

She's pretty...

(From a distance)

"Wow... shes insane. I hate her." A girl with short black hair whispered.

"Give me the binoculars!" A boy with long white hair pulled them away from the girl.

"You dont need to watch her! I do! I want revenge!"

"Atleast shes waaaaaaaaaaaaay better than you! She defeated you!"

"King! Give them!"

"Fine... but do you think i could get a little closer view of her?"

"Lovestruck loser." Queen mumbled.

"WHAT?" King blushed. "I am not lovestruck!"

"Sure your not."

(With the battle)

"Uh, oh... Shes losing!"

"Jess! You have to do something! You'll lose!"

"No..." I whispered. "I dont want to lose... I want to beat her..." I didnt know what to do. If i lost everybody would think i was weak. I wouldnt get to become a Bladebreaker. Batterphi... please help...

"I will help."

"BATTERPHI!" Before i knew it, Sharkrash was out of the dish! I won again! This is so cool! I keep winning!

"Ooooooh! I hate you!" Marriam ran away.

"Yah!" Max exclaimed. "You did it!" He tried to glomp me. I smiled at him and he smiled at me. He was kind of cute.

(Marriam's POV)

I cant believe it! beaten by an ameature with a bitbeast! I hid in the shadows, watching them congradulate her. That stupid little girl! She... OH MY GOD! Max is flirting with her! NONONONONONO! This cant be happening!

First defeat

(In the Saint Shields secret layer)

"And Max was flirting with her!" Marriam screeched. "ITS NOT FAIR! HES MINE!"

"Its because shes in lo-ove!" Joseph whispered to Dungae.

Marriam turned around with flaming eyes, "That girl is going to pay big time!"

(In the forest)

"Thats it, Jess! Go for it!" Tyson yelled. Jessica's beyblade quickly knocked all the cans in an order. "Go Jess!" Tyson screeched, making Kenny cover his ears.

"Tyson! Will you quiet down? Dizzi is having a heart attack from your screaming!"

"Thats right." A female voice came from the computer screen. "And Kenny broke his ear drums."

Jess's beyblade flew back into her hand. Kai stood up. "Jessica, how did you learn to beyblade like that?" Kai asked, suspiciously.

"Umm... i dont know. It just happened yesterday." Jess answered.

"Whatever!" Tyson laughed. "All that matters is shes good, and soon she going to be a member of this team! Isnt that right, Jess?" Tyson slapped her on the back. Jess grinned, a little annoyed by Tyson hitting her back.

"We have to head back to the dojo." Max said.

"Okay." Jess replied. "But im going to train a little longer, okay?"

"Okay." Ray commented. "See you, Jess." Jess waved until the others were gone. She then continued her training. She began to beat the crap out of the cans out of pure boredom. Suddenly... another beyblade flew in and knocked her beyblade away. She grabbed her beyblade.

"Whats going on?" She exclaimed.

"Remember me?" Marriam dropped out of the tree.

"Marriam! What do you want?"

"Revenge. Revenge for beating me. revenge for flirting with my man!"

"Your man? As if!" Jess growled. "He belongs to nobody!"

"Hes mine! Now Beybattle me!"

"Fine!" Jess pulled out her beyblade and launcher. "Let it rip!" The two beyblades landed on the ground, since there was no dish. The two beyblades spun around. Marriam's blade flew at her's and hit it full force. Sparks flew. Marriam rammed Jess as hard as she could. "Oh no! Batterphi!"

"Not so fast! Sharkrash!" The two bitbeast connected. They fought hard but...

"NO!" Jess screeched. Her blade flew into the air and fell to the ground, not spinning anymore. Jess fell to her knees.

"Humph. Loser." Marriam picked up her blade and walked away. Jess sat on the ground, in the forest, crying.

(In the Saint Shields layer)

"Did you get her bitbeast?" Ozuma asked.

"No." Marriam said, nonchalantly. "i didnt need it. I got what i wanted. Revenge."

(Back in the forest)

Jess sat there, crying for a long time, clutching her blade, so tightly, she got cuts. She heard footsteps. She ignored it. Then a hand lifted her chin up. "Why are you crying?" King asked.

"i lost to Marriam. I never lost before..."

"Yes, first defeat is hard to handle. But you'll be alright."

"No, i wont. Im not a good beyblader..."

"You are the best beyblader i have ever met." King responded, calmly. He lifted her chin again and placed a kiss on her lips. "Lets get you back to the other Bladebreakers."

"Okay." Jess smiled. King led her out of the forest and then left to find Queen. As she walked the rest of the way to the dojo, she began to think, I thought i like Max. But i like King... but who do i really like?

6. Message from a bitbeast

The Blade-inator

Chapter 6

Message from a bitbeast

Im gonna steal your thunder,

Coming up from under,

I sat up. I looked at Tyson's alarm clock. It was three in the morning... Why did i keep hearing Beyblade songs?

I've got your number cause im an underdog,

Im gonna steal your crown,

Til you come around,

I ran outside the dojo.

Im gonna shake you down cause im the underdog,

"Im gonna take you down cause im an underdog..." I sang quietly. I followed the music. It led me to the forest. I ran along in the forest until i saw a light.

I've paid my dues, i've earned my keep,

Im taking the stage, spotlights shining on me,

"I've paid my dues, i've earned my keep..." I walked closer to the light. It was a cottage. I ran up to it. No windows. There was a green glow coming through the crack under the door. it was so bright, it lit up the forest. I turned the door knob...

Im gonna steal your thunder,

Coming up from under,

I opened the door and was instantly drownded in the light. I stood in vast green emptyness. The Underdog song played in the background. "Where am i?"

"You are here." Suddenly, a giant black phoenix appeared infront of me.

"Who are you? Why do you look like Dranzer?"

"I am BlackDranzer."

"I missed the last couple of episodes of season one, but my friends told me that there was an evil phoenix called BlackDranzer... Your evil!"

"Im not evil. Your friends were just trying to throw you off." BlackDranzer replied. "Dont you believe me?"

"I... guess..." Then i bombarded him with questions. "Are you related to Dranzer? How did you find me? How can you talk? Whats all this green stuff?"

"Yes, Can not answer, I dont know, Part of the BitBeast world."

"This is the BitBeast world? There is a BitBeast world?"

"Yes. Its sits inbetween the Normal world, and the Beyblade world."

"Awesome!"

"I brought you here because i need a favor to ask of you."

"Umm... sure."

"I need you let me become your bitbeast."

"But... I already have batterphi."

"But i can give you power! I can help you win every Beybattle. Remember Marriam? I can help you beat her!"

I stared at him. I wanted to beat Marriam so badly... I hated her... But... How could i abandon Batterphi? He was my BitBeast! Not BlackDrانزر! But could Batterphi actually beat Marriam and SharkRash?

"I can help you choose between Max and King..."

7. The Bar, the Blader

Just to let you know, incase you get confused, no one knows where Jess and Riley came from. Everyone figures they just moved to Japan or something. They have no idea that they came from the non-Beyblade world. Also, Max is the only person besides Jess that know that Riley can talk.

The Blade-inator

Chapter 7

The Bar, the Blader

"You must decide." BlackDranzer said.

"Well... Umm... can i have a little more time to think about it?" I asked.

"Ofcourse. You may." With that, i was back in bed, like it was all a dream. But i knew it wasnt.

Cause im an underdog...

(The next day)

I was at the bridge with Riley and the gang. We were practicing Beyblading. Swish, swish, swish... I think i was getting better and better. Then Kenny said, "I think she is getting better and better."

"You think so? Thanks." I replied.

"Yeah, Sooner or later... You'll be almost as famous as me!" Tyson exclaimed.

"Yeah, i could have a nickname like... Umm..."

"The Punisher!" Tyson said.

"Or..." I whispered. The Blade-inator, maybe?

"Or the Blader!"

Everyone sweatdropped. "Tyson, thats the most unoriginal name ever!" Max sighed.

"What? its cool! Its like a candy bar named, 'The Bar'."

"Who would want to eat a candy bar called 'The Bar'?"

"Everyone! Cant you imagine a kid saying, 'Hey, lets go get The Bar'?"

"No." Max said flatly.

"I could." Came a voice. Everyone turned around.

"Its Salima!" Ray exclaimed.

"Hello, Ray. Hello, everybody. Who is this?" She asked, looking at me.

"Im Jessie." I replied. "Im... umm... taking the test to join the BladeBreakers."

"Cool! 'Bout time the BladeBreakers got a girl on the team! Im Salima."

Ofcourse i already knew her. "Oh, and this is Riley." I looked at Riley, in a way that told him not to talk.

Then Ray asked, "Salima, where are Kaine and the others?"

"At a resturant. They were hungry." So, we all went to greet Kain, Jim, and Goki at the outdoor resturant. They all introduced themselves, and i pretended to meet them for the first time. We had a good lunch at the resturant, Salima paid for all of us. Even Tyson. After that, we all went back to training, but this time, the Psychicks were with us. I was battling Salima.

"Batterphi!" I called. It ended in a tie.

(Max POV, that night)

We had invited the Psychics to stay at the dojo for the night and they had agreed. The problem was that Kain snored louder than Tyson, hard to believe. So, i couldnt get to sleep. I decided to get up and walk around. I walked up to the kitchen door. There were two shadows. One was a feminent shadow and the other was an animal. It was Jess and Riley. I heard voices. They were talking.

I decided to eavesdrop. I tiptoed closer to them.

"Well, i dont know. Should i say yes?" Jess asked.

"No! Batterphi is your bitbeast! He always will be!" Riley exclaimed.

"But... What about Marriam?"

"Forget her! Everybody has got to lose sometime! You just happened to lose to Marriam!"

"But now i really want to beat her! What if Batterphi isnt strong enough?"

"He is!"

"I dont know..."

"Listen! I may not know what happened, but i know hes a bad egg! I can smell it! I will try to stop you! I'll never let you become the owner of BlackDranzer!"

I gasped. "No!" I exclaimed. I covered my mouth quickly, but it was too late.

"Max? You were eavesdropping on our conversation again!" She exclaimed. "You eavesdropper!"

"Umm..." I said. "I didnt mean to! And... BlackDranzer is evil!"

"No! Im not listening to you! Im going to accept BlackDranzer as my bitbeast and you cant do anything about it!" She screamed.

"Oh, yes i can!" I jumped and tackled her to the ground.

"Go Max!" Riley exclaimed.

"You traitor!" She screamed at Riley.

"Its for your own good!" Me and Riley both replied at the same time.

Then she exclaimed, "BlackDranzer! I accept your offer! Let me be your master!" A light shone through the kitchen window and flew at us. It hit her and i was thrown into the air. I felt myself hit the wall.

Then everything went black.

Black Phoenix ninja

(Max POV)

I opened my eyes. I was lying on the ground in a strange place. It looked like a huge cave, only there was steam covering the ground and on the far end, there was a giant computer. On the wall were cave drawings. Millions of strange symbols, Russian letters, and pictures of insects that looked like phoenixes, only black. This must be BlackDranzer's place!

"Like it?" I turned around. There was a person coming out of the mist... Oh, please dont let it be...

It was Jess. But... she was different. She was dressed as a ninja! She had a samurai sword and a black and red belt (1). "Jess! You're a ninja?"

"Yes. I am now a Black Phoenix ninja. You are my prisoner."

"I'm what? I'm no prisoner! Jess, cut it out now! You're not a ninja! It's BlackDranzer!"

"You are my prisoner. I am a ninja. BlackDranzer is my bitbeast." She said in a monotone voice.

"What happened to Batterphi?"

"He had to be eliminated."

"No! Batterphi can't be gone! Can't you understand? Batterphi is your bitbeast!"

"BlackDranzer is my bitbeast. Batterphi is weak." She walked away.

"No!" I screamed. I tried to get up, but something grabbed me. I turned around. It was...

(With the other BladeBreakers)

"Where is Max?" Ray asked. "He's been gone all morning!" Suddenly... a gust of wind. "What was that?"

Kai growled. "Look!" A female ninja was walking towards them.

"Max is with me!" She said.

"And who are you?" Ray asked. They didn't recognize her.

"Who I am is not important. What's important is that I will kill Max. Or will you beybattle me?"

"I'll Beybattle you!" Ray exclaimed. "But you have to promise to give Max back!"

"No."

"What?!"

"He will die anyway... after his torture." She replied.

"Torture?"

"Yes. He is being tortured right now. He will be left to die..."

"No! I'll fight you!" Ray screamed.

"Very well." She pulled out a launcher and a black beyblade. They ripped their blades. They landed in the dish.

(Max POV)

I turned around. It was some sort of monster creature. it was like a huge black shadow with glowing blue eyes and a glowing blue tail. It wrapped it's huge arm around my waist and lifted me up in the air. I screamed. it ignored my screams and started crushing me. I heard a couple of snaps inside my body, but i couldnt feel anything.

(Ray POV)

My blade was being rammed at the edge of the dish. I tried to resist, but she was too powerful.
"No! Drigger!"

(Max POV)

It dropped me. I felt one more bone snap as i hit the ground. I lied there, waiting to die...

Suddenly... the monster was shoved to the side by a three headed, purple dog. "Burning Serberus!" A voce called.

"Thank you, Zeo..."

(1) As far as i know, ther are a bunch of belts in martial arts. The first three belts are white, yellow, and purple. The last three belts are red, red/black, and black.

Going back

"Thank you, Zeo..." Max closed his eyes.

"Max!" Zeo ran up to Max, while Burning Serberus fought the monster. He held Max's head up. "Are you okay?" He asked.

"No... Batterphi... Bitbeast is gone..." Max choked.

"I know about Batterphi. I know about Jess." Zeo said.

'H-how?'

"Because Burning Serberus has the ability to show me things that are happening in other places. He showed me how you guys made friends with that girl and how she was such a good blader and how she is now being controlled by BlackDranser." Zeo explained.

"Batterphi was her bitbeast..." Suddenly, Max's beyblade started to glow. Draciel appeared before him with Batterphi. "Batterphi... how?"

Draciel spoke for the first time. "Max, i saved Batterphi from being destroyed. Jessica does not know that."

"You can talk?"

"All BitBeasts can talk." Batterphi stepped up. he placed a hand on Max and his hand began to glow. All of Max's wounds healed.

(With Ray and the others)

Ray gasped as his blade was being defeated. "Come on, Drigger..." Ray whispered. "Hang in there..."

"I think its time to call out my bitbeast..." The ninja whispered.

"You have a bitbeast?"

"Yes... BlackDranzer!" BlackDranzer came out of her blade. Everyone gasped.

"BlackDranzer?! What... who are you?"

"Maybe this will help..." She held her hair up like two pony tails.

Ray and everyone gasped again. "No! This cant be! Jessica? What are you doing with BlackDranzer? Where is Batterphi?"

"Batterphi is gone... BlackDranzer is my new bitbeast..."

"Oh, no! She's being controlled by BlackDranzer!" Their blades circled the dish... Drigger and BlackDranzer attacked each other.

(With Max and Zeo)

Max and Zeo ran as fast as they could to the battle. It wasn't long before they could hear the sound of Beyblades clashing. They ran closer and saw two giant bitbeasts fighting in the air. It was Drigger and BlackDranzer. "You remember the plan?" Zeo asked Max.

"Yup." Max replied. He and Zeo then decided to bring along a white haired friend.

(With the battle)

"BlackDranzer!" Jess called.

"No!" Ray exclaimed. "I'm losing!"

Just then, "Stop this battle!" Max, Zeo, and King yelled.

"King?" Max asked. "You know what to do."

King walked up to Jess. He came closer and closer, and she stepped back. Then, they locked eyes. "Jessica..." He was an inch from her. Everything stood silent. "Jess..."

Drigger stopped the battle with BlackDranzer and flew over to Jess and King. He created a huge sphere of energy around them. No one could see in.

Inside the sphere, there was a moment. A moment like no other. It was a feeling of love. King stared at Jessica and Jessica stared at King. "King... I thought you hated me..."

"No, i dont..."

"BlackDranzer told me..."

"He was lying." King then leaned over and kissed Jess.

"What have i done? Did i really destroy Batterphi? Did i hurt anyone?"

"No. Everything is okay."

"H-how? How could i have done this?" jess fell to her knees. The light sphere around them vanished and everyone could see them again. "I didnt know BlackDranzer was evil... i thought... Im so... so sorry..."

"Its okay, Jess..."

"No..." Jess stood up. She looked around. Then she turned away and ran for the forest. No one tried to stop her. She ran until she was at the other side of the forest, next to a small river. She sat down. No... I have cause too much trouble in this world. I should go back to the non-beyblade world. Where i really belong. I should never have come here. I should go back! Thats what i'll do. I'll go back. Back to my world where i cant cause anymore trouble. This is the end of the line. Im going back.

"Jessica? Its me, Riley."

"Riley, we are going back! Back to our world!"

"What? What about the BladeBreakers? What about Marriam? What about King?"

"It doesnt matter! We're going back!"

Batterphi appeared before her. "Do you really wish to go back?"

"Yes, Batterphi."

"Very well. I can take you back." Batterphi waved his hands and a small hole in the water appeared. "This is a portal."

Batterphi went inside the portal. Riley followed. Jess went halfway inside when she turned around and looked back. "Goodbye..."

The Blade-inator

Chapter 10

Good to be back?

Here i am. Where it all started. In my house, next to the phone. The phone that gave me the phone call that changed my life. Maybe i could start again. Be a little nicer to people in the world i belong in. I ran outside and brought out Riley. "Riley, can you still speak?" He didnt answer. "Nod if you remember going to the Beyblade world." He nodded. "Okay, lets keep this a secret." He nodded again.

I ran outside. I ran over to the park. I had only two friends that ever went to the park. I ran over and saw my first best friend. "Hey, Chad!" i called. He turned around and smiled.

"Hey, Jess." He jogged up to me. "How's it going?"

"Great! I had a wonderful day! I think i have a new favourite Beyblade character."

"I thought Max was your favourite character."

"He was, but now i really like King. How about you? Still on the same Beygirl?"

"Yup. I am never going to stop loving Mariah. Ray can go to hell."

"Heh, you're still jealous of Ray." I grinned and we ran all the way back to my house. At my house, we watched some tapes of Beyblade. We made smart comments about how Kai looked like a girl in V-force. We even screamed like crazy when we saw our favourite characters come on the screen.

This is what Chad sounded like: "Ray Get your hands of MY Mariah! Shes mine, i tell you! Mine!!!!"

This is what i sounded like: "Kinky,boy! My love will never change! Sorry, Max, i love King more.

I used to love watching the show... but now... it seemed boring.... I had already been in Beyblade, so... this was nothing. Later, we played Beyblade. I played with Batterphi. Chad played with Spidaphi. He named his bitbeast like mine. He made it a spider, because he was crazy about Spider-Man. We battled, i won, blah, blah, blah... In the Beyblade world, it was real. It felt real. It looked real. It sounded real. It even smelled real. Here it was just... fake.

Then the doorbell rang. Zinny ran inside. Zinny is my other friend. She loves the colors red and white. So we played Beyblade again. Zinny played with Betaphi. Her bitbeast was a butterfly. We watched more Beyblade. Zinny was crazy over Zeo. He was her, 'One true love'.

Later on, we played the Beyblade card game, snapped some pictures of eachother in Beyblade cosplay. (I was: Lee, Tyson, Kai, and Mariah. Chad was: Max, one of the Psykicks, and Ozuma. Zinny was johnny, Kenny, Emily, and Queen.) We watched more beyblade. We were going crazy over the TV show, we didnt realize that my mom had come home and it was already 8:00.

Zinny sighed. "Im tired."

"Me too." Said Chad. "Can we stay the night?"

"Okay, but you'll have to sleep in the guest room because you're a boy."

(That night)

"AAAAAAAAAAAAAAAAHHHHHHHHH!!!" King gasped as BlackDranzer attacked him. He turned and ran through the forest. No one was there to help him. BlackDranzer scratched him repeatedly until he was covered in blood. "Jess! Where are you?"

"Im here, King!" I called. I was trapped. Trapped in a giant pink bubble. "King?" He ignored me. "King!"

"Jess! I cant believe you abandoned me!"

"But i didnt, im right here!" he didnt see me.

"Its your fault you released BlackDranzer in the first place, Jess! Your fault! Your fault! Your fault! YOUR FAULT!!!"

Your fault...

Your fault...

My fault...

"No!" I opened my eyes. I was lying in bed. I looked to my right. Zinny was lying next to me. She was snoring like Kain. I sighed and turned the other way. Was this dream... a vision of the future? if so... was King in trouble? Then... i had to go back... But i was just going to cause

more trouble... But King needed me! That was it! Tommorow... im going back! This time... im taking Chad and Zinny. If i could make it, they could make it!

11. Are we friends?

The Blade-inator

Chapter 11

Are we friends?

"Hey!" Chad exclaimed, the next morning. "I have always wondered... What would it be like to be in the Beyblade world?" It was the one question i needed to be asked, and Chad had asked it. I had decided that night, that we would go to the Beyblade world. I had told Chad and Zinny to pack their Beyblades and follow me and Riley. The four of us (Including Riley) had walked all the way to the drugstore on 5th avenue.

"Why are we going here anyway?" Zinny asked.

"I think were here to buy drugs." Chad replied.

"No, i'll tell you guys in a minute." I answered. I sighed and was about to walk into the drugstore, when i suddenly felt like i was being watched. I looked around. There was this kid on the other side of the street, staring at me. he had messy, jet black hair, intelligent green eyes, and round glasses. he didnt look like a dork, though. He actually looked kind of handsome, yet shy. Actually, he looked like Harry Potter. But i could definitley tell he was staring at me.

I raised an eyebrow.

He suddenly noticed i had seen him and ran off.

"What are you looking at?" Zinny asked me.

"That kid..."

Chad spoke up this time, "I know, that's the kid from school. The shy one that looks like Harry Potter. He never talks to anyone, but he's always staring at me."

"I once caught him staring at me." Zinny replied. "He was once staring at the three of us, but I didn't tell you guys. His name is Zack." Zinny looked around and walked inside the drugstore. "Come on, you guys!"

We both ran inside. We snuck past the store manager. I looked around.... THE BUTTON WAS GONE!!! It was here last time! Am I not allowed to go back? What's going to happen to King??? I... I... oh... the button is over here.... My mistake. I pressed it.

FLASH!

We were here, on the sidewalk. Chad and Zinny gasped. "It... its... its... the..." Zinny stuttered.

Then Chad and Zinny both said at the same time, "The Beyblade world..."

"Yup. I have been here before. I fell in love with King."

Suddenly, they both turned on me. "How long have you been hiding this???"

"I was here yesterday for the first time and I just now came back." I grinned, innocently.

"Oh." They both ran around the street, looking at all the beybattles and Beyblade stuff in this world. I followed them. Finally, i decided it was time to take care of buisness. I made a mental list of things i have to take care of.

1) Marriam.

2) BlackDranzer.

3) King.

4) Deciding wether i should stay or go back home.

I led Chad and Zinny to the park, which was deserted. I somehow had a feeling that Marriam would be there. I mad the two hide behind bushes, while i went to the swings, where Marriam was. Marriam turned around and glared at me. "I know what you want! You want to defeat me and get revenge!"

"No. I dont."

"What are you talking about? Ofcourse you do! You wat to ruin my beyblading life, just like you ruined my love life, by taking Max away from me!"

"I didnt take Max away from you... Im in love with King..." I replied in a whisper. "I want to say im sorry for hurting you. When i fist saw you, i wanted to be your friend... but now that you hate me, i guess im just going to have to deal with it..." I turned around and began to walk away. Marriam was one of the coolest characters of Beyblade, and i wasnt glad to be her worst enemy, but... it was too late to change the fact. She hated me.

"Wait!" Marriam called. Well, i wasnt expecting that...

"What?"

She ran up to me and did the most unexpected thing ever.

She hugged me.

"Are we friends, Jessica?"

"Yes. We're friends."

Chapter 12

I do

"Guys, you can come out now!" I exclaimed. Chad and Zinny came out of the bushes. "Umm... Marriam, i want you to meet Chad and Zinny."

"Oh... umm... Hi." Chad and Zinny introduced themselves and they all engaged in a conversation about Beyblade. Then i remembered. I needed to take care of BlackDranzer before he attacked King! So, Chad, Zinny, Marriam, Riley, and i were off to save the day, and my love. We finally reached King and Queen's apartment and rang the doorbell. King opened it.

"Jessica!" King exclaimed. he hugged me and then kissed me.

"King..."

(Max POV)

I watched from the distance as King kissed Jessica and she kissed him back. I thought... she was almost mine... No... she was never mine. We were never together. King got to her first. I was all alone in this world now. I guess i shouldnt feel like that. After all, i do have the other BladeBreakers. But... they were just my friends... Yes, i, Max Tate, have a crush on Jessica Harper. I liked her since the first time. Maybe if i got Riley over here, i could get him to tell her. That way... i wouldnt have to wait for my heart to be shattered even more than it already is. It hurts... But i have to get over it... but i cant...

I will never love again.

(Jess POV)

"Whats the plan?" King asked, after i explained my dream to him, making sure i avoided the parts that revealed i was not from the Beyblade world.

"Well... i think we should ambush him in the forest and attack him. Simple, but a good plan" I replied.

"Okay." Marriam said. "Say, where is Queen?"

"Oh, she had to go buy some groceries."

(In the forest)

We all met up in the forest and waited for BlackDranzer. We waited and waited and waited and waited and waited and waited and waited and waited and waited... "Maybe this wasnt such a good plan..."

"Gee, ya think?" Chad growled.

"Maybe my dream was just a figment of my imagination, not a vision of the future... We should leave..."

"WAIT!!!!" Everyone jumped. Riley said, "I smell him!"

"Holy... Riley is talking!"

"Oh, umm... i forgot to tell you that... heh... he can talk. Thats one of his... umm... talents."

"Whoa..." Marriam whispered.

"Follow me!" Riley exclaimed. He started sniffing and walking. We all followed him. We got to a creek. Riley jumped in, swam to the bottom, and came back up with something fluffy in his mouth. He dropped them on the ground. They were three black phoenix feathers.

(Max POV)

I walked by the forest. It was getting dark and i was going farther and farther away from my home. I didnt care. As far as i cared, i could just kill myself right here, right now.

"Hey, Max?" I turned around. Marriam walked up to me.

"What?"

"Umm... what are you thinking about?" She seemed nervous. Like she was struggling to talk to me.

"Nothing. I just have a lot of things on my mind."

"Umm... Max? Are you gay?"

"WHAT!"

"Okay. Just making sure your not. Heehee..."

"Ooooooooooooooooooay..."

"Umm... Do you... umm..." She stammered.

"Marriam, do you want to go out?" I blurted, without thinking.

She gasped. "Yes! Yes! I do!"

Spidaphi and Betaphi

(With Max and Marriam)

"Well..." Max said.

"Well..." Marriam agreed.

"Umm... tommorrow night?" Max asked. "Seven O clock?"

"Uhm... Yeah. Pizza?"

"Okay." Max agreed. Marriam left to go back to Jess, King, Chad, Zinny, and Riley. After all, she had ditched them to go after Max. Marriam ran beck to the forest. When she got there...

"Where have you been?" Jess asked in a motherly tone.

"You'll never believe this! I got a date with Max!" Marriam exclaimed.

"Wow! Really? Thats awesome!" Riley exclaimed. Everyone began to congratulate Marriam... unaware of the pair of blood red eyes watching them...

"TTTTTTSSSSSSEEEEEEEEEEEEEERRRRRRRRRR!" BlackDranzer screamed, as it swooped down on them.

"BlackDranzer! Everyone! Launch your blades and call out your bitbeasts!" Jess yelled.

"Batterphi!" Jess called out.

"SharkRash!" Marriam called out.

"Ariel!" King called out.

But Chad and Zinny stayed in their places. "We... we dont have bitbeasts..." Zinny whispered.

Batterphi, SharkRash, and Ariel attacked BalckDranzer with all their might. Jess, Marriam, and King struggled to help.

Zinny and Chad watched, wishing they could help. Chad whispered, "We made up our own bitbeasts. But they are'nt real... We wish they were real... I dont know how Jess got Batterphi to be real... but it probably wont happen to Spidaphi... or Betaphi. Jess is lucky. I just wish we could help with the fight..."

Jess turned around. "Guys... When i came here, Batterphi was just a made up part of my imagination... but i believed he could be real. I believed in him... and he was real! You can do it too. Chad... Believe in Spidaphi. Zinny... Believe in Betaphi! They will be real."

Chad and Zinny launched their blades. Chad looked directly at his red and blue blade. "Spidaphi... i believe in you... COME OUT NOW!!!" A flash of light... a huge creature that looked like a buffed up Spider-Man appeared. "Yeah, Spidaphi!"

"Go, Chad!"

Zinny looked at her red and white blade. "Well... I guess i'll believe too... Betaphi? I now believe! BETAPHI! I BELIEVE IN YOU!!!" Another flash of light. A beautiful fairy like creature with huge colorful butterfly wings came out.

Betaphi, Spidaphi, Batterphi, Ariel, and SharkRash attacked BlackDranzer, but he was too powerful for them... He kept attacking all of them at the same time, somehow. Was there any way to beat BlackDranzer? "We're losing! What are we going to do?" King exclaimed.

Dun, dun, dun, dun!

"GABRIEL!" Queen appeared on the far side. "ATTACK!"

"Queen!" Jess yelled. "Boy, are we glad to see you!"

"TSEEEER!" BlackDranzer screamed.

All the bitbeasts, including Gabriel, alltacked BlackDranzer. BlackDranzer began to fade. "How is this possible? I was beaten?" BlackDranzer whispered.

"Atleast Phantomesse will defeat them in the end..." he faded into nothingness.

"Yes!" Jess and the others exclaimed. "Thanks, Queen!"

"No Problem... Friend." Queen replied.

Everyone was busy congratulating each other for Beating BlackDranzer. That is... until...
"Muahahahahahaha!" A woman's voice.

Everyone turned around. A shadow of a young woman with blood red eyes appeared. She had a medieval battle axe in her hand, and a strange necklace with a freaky symbol around her neck. Jess yelled, "Who are you?"

"Hmm... I am Phantomesse. The most powerful bitbeast in the galaxy!" She exclaimed.

The Blade-inator

Chapter 14

SuperPizza

"The most powerful bitbeast in the galaxy?" Jess gasped. "No way!"

"I know... its hard to believe. Dont you understand? I and BlackDranzer's boss! Im the one who created the Black Phoenix ninja! Im not only that... Im the PHANTOM OF THE BEYBLADE!" She grinned. "Jessica... I saw you as the perfect Beyblader... You can be truly evil! You can control the world with me!"

"She never will!" Riley yelled.

"What he said!"

"Very well, then... I shall destroy you."

"Bring it on!" Jess screamed. "Batterphi!" Batterphi, Betaphi, Spidaphi, Ariel, Gabriel, and SharkRash attacked Phantomesse. Phantomesse grinned, held out her hand, and a split

second later, all the bitbeasts were blown back! They all hit the ground, practically destroying it. They could'nt get back up.

"Do you see? I am the most powerful and you will never defeat me! I will let you live one last day... then i will destroy you!" She dissapeared. Vanished into thin air.

"What can we do now?" Queen asked, as Gabriel went back inside her blade.

"Well... we'll just live our normal lives, and when we see her again, we'll be ready."

(The next night, 7:00, SuperPizza)

SuperPizza was one thirds full, when Max and Marriam got there. They stood at the door, ready to go in. "Well... are you ready?" Max asked.

"Yeah..." Max took Marriam's arm and they went inside. They ordered a medium pizza with everything on it, then Max found a table. The sat down, waiting for their pizza. "Max?"

"Yes?"

"Umm... just so you know... this is my first date ever and... i dont know what to do..." Marriam blushed.

"Umm... Me neither... this is my first too. Maybe we can just... talk?"

"Oh... well... Whats your favourite Pizza topping?"

Max grinned, "Pineapple."

"Me too! What kind of drink do you like?"

"Dr. Pepper."

"Me too again!" Max and Marriam talked for a while, until their pizza arrived. Then they ate the whole thing, while talking with their mouths full of food! Max took one sip, and his whole glass of Dr. Pepper was gone. Marriam did the same. Basically, they ate and drank like pigs, and by eight, their faces were covered in cheeze and everything was gone. Marriam burped loudly. Max grinned, while whiping the cheeze off his face. Marriam did as well. They paid a lot of money, then left. For a while, they walked.

"You have cheeze on your nose." Marriam said, while they were walking. "let me get it for you..."

"No, wait, i can get it..."

"Dont worry." Marriam whispered. She licked the cheeze of Max's nose. Max blushed a deep shade of red with a touch of pink. Marriam grinned. "Where to now?"

"Umm... i need to go home..." Max admitted.

"Well, then... lets go to your house." Max and Marriam walked all the way to Max's house. When they got to the front door, they stopped. "Well... that went well..." Marriam said.

"Umm... yeah..." Max replied. Marriam began to walk away... "Wait!"

Marriam turned around. "Yes?"

Max hesitated for a split second, before kissing Marriam on the lips. Marriam turned red. Max turned around and went back inside. Marriam grinned like a dork. She walked back to the SaintShields place. When she got there, she remembered that she only had one more day, until the most powerful bitbeast in the galaxy came back and tried to destroy her.

Where is Phantomesse?

Truth be revealed

(That night, the SaintShields hideout)

"Where have you been?" Dungae asked, as Marriam walked in.

Marriam grinned in a lovestruck way. "On a date... With Max."

Joseph laughed. "Did he kiss you?"

"As a matter of fact, Yes." Marriam skipped off to her room.

(Even later, when Marriam was sleeping)

Marriam tossed and turned, sweating like crazy. All sorts of thoughts ran through her head. What if Phantomesse was really going to destroy her? What if she killed Max? What if there was someone else controlling Phantomesse? What if they cancelled all soap operas? Oh boy...

(In the park, at the same time)

The swings were creaking loudly, implying the park was deserted at this time. A small light of green showed. A huge flash of green. A boy suddenly flew out of a tree. The boy stood up and brushed the dirt off his pants. He looked exactly like Harry Potter. He had messy black hair and green eyes, and round glasses.

He started walking he stopped at a house, walked around it a couple of times, studying it, and finally stopped at a window on the second story. He picked a rock up off the ground and threw it at the window. It hit the window and bounced off, making a really loud sound. He waited for a while, then the window opened and a boy stuck his head out.

It was Max's house. Max looked around, then closed the window. A moment later, Max came out the house, fully dressed. "Hello?" max called. "Whos there?" Suddenly, someone put a hand on Max's shoulder. Max screamed, but the person put a hand over his mouth. Max was terrified and afraid that he was going to be kidnapped, until the person spoke.

"Sshhh... Im your friend." The person whispered. "Be quiet and follow me."

"But, i-"

"Sssshhhhhh! I said be quiet and follow me."

Max didnt argue and followed the person, mostly because the person had a mega-tight grip on his arm. Max was afraid that the person might hurt him. What if hes going to beat me? Rape me? Rob me? How can i trust him?

"Dont be alarmed." The person said. "Im going to take you through this magic portal."

"There's no such thing."

"Really?" Then, the person (Who was actually the Harry Potter look alike) shoved Max into a tree. But instead of hitting it, Max went through it. Max looked up. He was in a completely different neighborhood.

"Where... am i? How did i get here?"

"This is one of the portals from your world to my world."

"Are you an alien?"

"No. I'll explain in a minute. There is another portal. Its in my world, in the back of a drugstore, Max."

"How do you know my name?"

"Dont you wonder how Riley can talk? Where Jess, and Zinny, and Chad came from? How she can suddenly become a good Beyblader if she comes from a world where Beyblading isnt real? Dont you ever wonder?"

Max gasped. "Jess and Zinny and Chad... and Riley... They're not from my world?"

"Exactly! They, as well as me, came from a different version of Earth. Its where Beyblades are plastic toys and you play with them for fun when your bored. Where you, Max. You and your team are just a TV show. Jess came to the Beyblade world because she believed that it could be something more than a game, or a show. She made up Batterphi and she brought him to life, because she believed in him."

"All this is hard to believe..."

"Believe, Max." The boy said. "Believing is what makes it real! Jess did it. Now, you have to believe. Because my world, and your world are in danger. Phantomesse is going to destroy everything!"

"Whos Phantomesse?" Max asked.

"Thats something Marriam did'nt tell you? She, King, Queen, Jess, Riley, Zinny, and Chad are the only ones fighting the most powerful bitbeast in the galaxy. Now, you have to join the fight too."

"Okay. I will. But... are you in the fight?"

"No..." The boy whispered. "Im not stong enough..."

"Yes you are. You're Jess's friend, arent you?"

"No... Im not. I want to be, but she and Chad and Zinny seem to be like a trio. They have a special friendship bond. One that i cant come into... I have been watching her because i admire her. Shes strong willed, strong spirited, shes really nice too."

"Why dont you try to be her friend? You have to believe... that Jess can accept you into her circle of friends."

"Yeah... Thanks..."

Max then asked, "How do you know all this?"

"I am a skilled detective at figuring things out. I followed Jess."

"You stalked her. By the way..." Max said. "Whats your name?"

"Zack."

"Thanks, Zack."

The Blade-inator

Chapter 16

Who created Beyblade?

Max looked at Zack for a moment before asking, "Should'nt we recruit every beyblader we know to fight Phantomesse?"

"Yeah, but only the ones with bitbeasts. Fight bitbeasts with bitbeasts. One more thing... dont ever tell anyone about the real world. Not even Marriam." Zack replied.

"Okay... Lets begin. We should get the Psykicks, Saint Shields, Marriam will take care of that, Zeo and Gordo (AAAAAAHHH!! I hate Gordo!)... Hmm..."

"We have to explain to them about Phantomesse, and leave out the part about the real world. Max? Leave out that part." Zack said.

The two of them planned all night, at Zack's house, until morning. Finally, they went for the drugstore. Max was trying to hide himself behind Zack because he understood that he was an anime character and people would recognize him.

Everything was going fine until a twelve year old girl ran up and grabbed Max's butt. Max jumped and yelled, "Hey!"

The girl gasped. "Its better than i thought!" She exclaimed. "Its Max from Beyblade!"

Max covered up his butt. "No im not! I just... look like him!"

"HEY, EVERYONE! ITS MAX FROM BEYBLADE! LOOK!" The girl screamed.

Suddenly, a whole crowd of astonished and excited people were crowded around the two of them. Zack was pushed to the ground. A huge mob of fangirls attacked Max. They poked and prodded him and... touched him... if you know what i mean. Anyway, they were shouting things like,

"Its Max, its Max! I dont believe it!"

"Can i hug you?"

"Can i kiss you?"

"Can i make love with you?"

(In the Beyblade world)

Marriam, King, Queen, Jess, Chad, Zinny, and Riley all went back to the forest. "We're ready to face you, Phantomesse!" Marriam yelled.

A gust of wind. It picked up and a huge tornado appeared. It dissolved and Phantomesse stood there. "Im ready too! Muahahahahahahahaha!"

"Brace yourselves... this is gonna be dangerous..."

(In the real world)

Max and Zack were hiding behind the drug store. The fangirls were soooooo stupid, that they were still squished together, trying to see Max, but they didn't realize Max wasn't stuck in the middle anymore. "Zack, where are we exactly, in the real world?"

"Florida. Why do you ask?"

"We need to get to Japan!"

"Wha... why?! I don't have that kind of money!"

"The person that created me knows everything and can help us!"

"Uhh... Takao Aoki created Beyblade."

Chapter 17

Two quests in two worlds

"We have to find Takao Aoki and make him fix everything!" Max exclaimed.

"B-But i dont have any money to go to Japan! Plus, i dont know where in Japan he is!" Zack complained.

"I do." Max replied. Max told Zack.

"How do you know?" Zack asked.

"Well... i think that when he wanted to create Beyblade, he wanted the main character's home to be his home. I think his adress is the same as Tyson's adress!"

"How do you know Tyson is the main character of Beyblade?"

"I figured it out because hes the world champion." Max grinned. He was much smarter than he looked. And to Zack, he already looked pretty smart. "Now, about money..."

"I could steal my parent's credit card!"

"Thats bad!"

"Yeah, but the fate of the Beyblade world rests on this! They could get some insurance later." So Zack and Max set out to go to Japan. Zack sneaked into his house and found the credit card and they walked to a nearby airport. It took a while for them to get onto the airplane, but soon... they were off to Japan!

(In the Beyblade world)

"Watch out, Sharkrash!" Marriam screamed. Phantomesse swung her scythe at Sharkrash and grazed his side. Batterphi flew towards Phantomesse, but she suddenly snapped her fingers and he was thrown off to the side.

"Batterphi!" Jess yelled.

Ariel and Gabriel attacked Phantomesse, but she blew them away as well. The wind began to pick up as Spidaphi and Betaphi rammed into Phantomesse. She looked like she was down, but she suddenly started laughing and jumped back up like it was no big deal.

"There's no way to beat her!" Riley exclaimed.

"Atleast im not giving up!" King said. "Ariel!"

Suddenly, Phantomesse held her hand up and all the bitbeast fell to the ground. They tried to get up, but it was useless. They were weakened. Then Phantomesse landed on the ground and began to descend towards the bladers. They all stepped back, but none of them even thought about running away. They were too brave.

Phantomessse swung her scythe at Jess. "Watch out, Jess!" Queen yelled. They all ran for her, but none of them were close enough.

The scythe went twords Jess...

(In the real world)

Zack and Max got off the plane. Max turned to Zack. "The dojo is supposed to be three blocks away. Lets start walking." Max and Zack began their walk. Finally, they reached the dojo. It looked exactly like Tyson's dojo. There, standing outside, writing in a notebook, was a man.

"Excuse me? Are you Aoki Takao?" Max asked.

The man looked up and got a look of pure shock. "Ohh.... my.... goodness.... its... it cant be... Its Max!"

Chapter 18

Dragonfly ninja

Phantomesse swung the scythe at Jess. Before they knew it, Jess was on lying on the ground, a huge gash in her side, spilling blood.

"JESS!" King screamed. He ran towards her. He bent down and examined her body. "Jess... no... please don't let it be true..."

"Oh, it's true alright!" Phantomesse laughed.

King stood up and turned around. He had an undecipherable rage in his eyes. He screamed at the top of his lungs and lunged at Phantomesse with his bare hands.

"King, you're going to get yourself killed!" Queen yelled. Everyone stood in place, unable to move. King landed on top of Phantomesse. Her scythe fell to the side.

"You will pay!" King growled. "You will pay!"

I've never seen such strength! He's just a weakling human child! How is this possible? Does it have something to do with love? Phantomesse thought to herself. No matter. I will destroy this nuisance!

Phantomesse dug her sharp claws into King's sides. King screamed in pain. He suddenly held his fist back and punched her in the face.

"Hey!" Phantomesse growled. "You never hit a lady!"

King glared. "You're not a lady." He punched her again. Two teeth fell out of her mouth. She scratched him in the stomach with her claws. Everyone stared at the battle between the two of them.

Suddenly, Jess's body began to glow... She suddenly calmly stood up, prior to the fact that she was bleeding to death. Everyone stared in shock. Phantomesse pushed King off of her. Jess's body was glowing so bright, everyone had to cover their eyes. When the light died out, everyone looked.

It was amazing.

Her wounds had healed. Jess was in a ninja suit, just like the Black phoenix ninja, but this time, she had some red and a symbol of a dragonfly on her back.

This time, she was the Dragonfly Ninja.

"How could she do that?" Phantomesse screeched. "I created the ninja and there's no way she could change it and make it her own power! When I snap my fingers, you will cease to be a ninja!" She snapped her fingers.

Nothing happened.

"Guess again." Jessica whispered. She jumped into the air and a staff with a dragonfly at the end appeared. She waved her staff in the air and went straight towards Phantomesse. The

dragonfly at the end of her staff pierced Phantomesse's stomach and went straight through her.

"AAAAAAAAAAAAAAAAHHHHHHH!!!" She screamed. Jess's staff went back to her. Jess pointed her staff at the hole in Phantomesse's stomach. Her staff shot a bunch of blasts of purple light.

Phantomesse exploded into bright redish pinkish light. Then she was gone.

"Wow..."

(In the real world, Takao Aoki's house)

Max, Zack, and Takao all sorted things out and they were inside, at Takao's computer. Takao asked them, "Why are you here anyways?"

"We're in trouble! There's an evil bitbeast named Phantomesse that wants to control all of Beyblade!" Zack said.

"Oh, no..." Takao whispered. "I created her..."

"Oh, great! Thanks a lot, Takao!" Max said.

"I'm sorry, but... hey!"

"What?" Max and Zack asked.

"The story of Beyblade is writing itself!" Takao exclaimed. "Something is happening in Beyblade!"

Everyone looked at the computer screen. It was typing by itself! "Hey, looks like Jess defeated Phantomesse!"

"No she didn't!" Takao said. "Phantomesse has another form she can become!"

"Then what do we do?" Max asked Takao.

"We have to recruit every person who has a bitbeast! I was making these portals as a joke. I never thought they were real! Well... now I'll make a portal right here for you two, so that you can go and get all the bitbeast bladers together." Takao Aoki began to type.

Suddenly, a crack appeared in the wall that glowed. "Well... let's get going..." Zack said.

"Good luck." Takao said.

"See ya, almighty creator." Max replied.

Max and Zack were sucked into the portal.

Get the BladeBreakers!

</div>

</div>

"Great job, Jess!" Queen and Marriam screeched at the same time, making Jess jump. She was back to her normal mode.

</div>

</div>

"I cant believe i was a ninja!" Jess excalimed. Then she noticed King still had his butt on the ground. She leaned down and leaned her head on his knee. "King? Is your butt attached to the ground?" King growled and started chasing her around the trees.

</div>

</div>

Everyone was laughing and having a good time, they didn't notice the shadow with red eyes, poking its head around the dark part of the forest...

</div>

</div>

(With Max and Zack)

</div>

</div>

Max and Zack stood right near the dojo... except it wasn't Takao's dojo. It was Tyson's. Max walked around to the front and told Zack to "Stay here until I get back".

</div>

</div>

"Hey!" Ray exclaimed. "Max, we haven't seen you all day! What happened to you? Your dad says he couldn't find you this morning!"

</div>

</div>

"I can't help it! This guy came, dragged me out of my house, and sucked me into an alternate dimension where we don't exist!" Max exclaimed, not thinking much.

</div>

</div>

Everyone stared at Max for a long time. "Max, are you feeling well?" Kai asked. He placed a hand on Max's forehead.

</div>

</div>

Max jumped back. "Im not sick!"
</div>

</div>

"I felt warmth on your forehead." Kai stated.
</div>

</div>

Max suddenly realized that the only way to make them believe him is if he ran towards the forest. He made a break for it. "Hey! Hes getting away! Where's he going?"
</div>

</div>

"Lets follow him!"

</div>

</div>

Max's plan was working. He ran as fast as he possibly could to the other side of the dojo and said to Zack, "Get all the other blades, i'll take care of them. Now!" Zack ran off. Max ran towards the forest.

</div>

</div>

When he finally made it, he fell to the ground, exhausted.

</div>

</div>

Marriam screeched and ran up to him. "Max, what are you doing here?!"
</div>

</div>

Max lifted his head up. "I know all about Phantomesse."
</div>

</div>

"You do?!" Everyone exclaimed.
</div>

</div>

"A friend of mine is going to recruit all of the beybladers with bitbeasts..." Max whispered.
</div>

</div>

"But we already defeated Phantomesse!" Jess exclaimed.
</div>

</div>

"No you did'nt. She has another form... defeat her one more time..." Max said. Suddenly, the rest of the BladeBreakers ran into the clearing. Kai, Tyson, Ray, Kenny, and Hilary all said at the same time, "Whats going on?!"
</div>

</div>

And, so they had to explain one more time, what was going on. All about Phantomesse, the phantom of the beyblade, everything, except the real world.

</div>

</div>

"So... you're all ready to die..." Phnatomesse boomed.

</div>

</div>

They all turned around.

</div>

</div>

Phantomesse was back, and bigger!
