*You think metal Sonic has a good side... Well this story proves you wrong.*

# 1. Himself

Fans of all ages, who think Metal Sonic has a heart, here is some news for ya.

HE DOESN`T.

I`m a fan myself of Metal Sonikku, I`m him partner in crime. But even I know the truth..

You think you know all about him,  
You think you know it all,  
You think he has a good side  
Well he doesn`t, he really doesn`t.

He brings tortcher,  
Saddness,  
Depression,  
Anger,  
Fire  
Rage  
and Death and so much more.

If you befriend him,  
He will use you,  
And throw you away when he`s done with you,  
Like a broken toy.

When he has gained your trust,  
He will tear you down.  
Because that is what he does best.  
Don`t even try to talk to him,  
He will glare at you,  
And kill you.

Don`t even try to save him,  
For then he will have you right where he wants you.  
He cannot care for anything,  
His perpose in life,  
Is to destroy.  
Everything.

If he find the person he wants,  
don`t try to save them.  
Because that will surely be the end of you.  
Don`t try to beg for mercy,  
Because that is what he wants.

He doesn't want friends,  
Happiness,  
And people by his side.  
He wants to tear everything and everyone apart.

Even I, his partner in crime, is hated by him.  
I know one day he will use me.  
Break me.  
Destroy me.  
And once I stand up again, he will help me, and use me all over again.
