# 1. LIEK, OMG!!!1!1!11

LIEK, OMG!!!1!1!11

Once upon a time...in a far, far away land where every happy little villager's wishes cam true because they just did and fairytales are like that....evil lurked in the deep shadows of the forest in some hole that actually didn't lead to China because it was on a different planet and like duh, that is humanly impossible unless you live in China or your some super wizard dude who can just magically use his magical powers and get there because he just can.

So yeah, like, in the forest, there was a hole and like there were spiders and gnomes and they like had a great war because they hated eachother and all the same old crap and the world nearly ended till some wizard guy came and combined them, creating the gnome spider, and saved the world and blah,blah,blah the end whatever.

But of course, then they came back from the dead who knows who they died, and really, who cares. Gnome spiders recieve no love. Poor guys. Awww...: Erm...yeah so the Gnome Spiders had mystical powers because they had some wierdo rock thingy that could end the world in anyone touched it and thunder would come and DESTROY EVERYONE AND BLOW THEM ALL UP THEN EVERYONE WOULD BE HAPPY AND LIKE LALALALALALALA....

So our story starts with Peach, the princess of the Mushroom Kingdom, another land far far away. For some reason, she like warps into another freaky magical kingdom with no explanation of how she got there and finds a forest...THAT IS WHERE ARE STORY BEGINS PEOPLES!!!!!!! BECOME EXCITED AND HAPPPPPPPYY!!!!!!! YAY! WOOT! IT ISN'T EVEN FUNNY! JUST RANDOM!!!!!

LIEK OMG TEH RANDOMNESS WILL COSUME U!!!1!1111!!!!1

One day peach was liking, totally taking some random walk in the woods for no specific reason. Suddenly she saw like, a hole, and was like " OMG!!!1!11! " So she stupendously fell down teh hole of uber doom that lead to somewhere who-noes where and then she liek died :(

No, no I was just kidding- or was I kidding you? Well, no she liek fell down that random hideous blackhole of terror in teh prettiful forest and landed on someone's garden and liek met peter rabbit and was like " LIEK OMG!!!1!1!1111 A SQUIRRELHORSEELEPHANT!!!1!1!1 "

Everybody together now-

OOOOMMMMMGGGGGGG!!!!!!!11111111!!!

Yeah and she like befriended the rabbit then devoured it's brains because she was really a spider disguised as peach so she should have died anyways spider suck so whatever anyways I don't know O\_O STUPID SPIDERS!!!! Then liek the peach-wannabe spider ran away and like

hugged a tree okay that's the last of him or her or whatever it is so he/she went BYE BYE and the world like fell out of orbit and who knows what happened.

Then meanwhile, at peach's like pink castle of sheer doom and destruction spiders were like in her toilet and she was like " OMG " and ran and then mario got rid of them and then...like a squirrle named suebobwhateveridon'tcare took over the castle for no reason because peach turned into a spider and like a mummy ate her with a spoon and she never came back again but thennnnnn she was magically regenerated by some wizard dude who was like " The force of a spider is 36368 widthical feet of a quarter of an elephants head and a half of a clouds magical resistance of red buttons made of bee was and cardboard produced by some odd company a thousand light years away in the universe's multiflexible core of somewheres that you will never know because it is beyond the definite infinity of the human imagination of the brain.."

" Any questions children of the blackhole from somewheres- "

" Who are you? "

" How'd we get here? "

" I am Mr. Liekomgscrewthisguiysnamecauseireallydonotcare. And you are here...because it is your DESTINY!!!!!!!!!!!! " Mr. Liekomgscrewthisguiysnamecauseireallydonotcare shouted, and he rose his hands and made everyone explode including himself with his mystical powers. But then he regenerated himself because HE COULD BECAUSE HE WAS MAGGGIIIIICALLLLLLLLLL!!!!!!!!!! \*GASP\*

Then he got on his pretty pink unicorn and ran away to live with a band of squirrels because he was depressed and just felt like it- GOD WHY DO YOU ASK? GET OVER IT!!! EVERYONE IS DIFFERENT HE JUST WANTS TO LEAVE THE POOR GUY ALONE!!! GEEZE YOU WOULD FEEL THE SAME TOO IF YOU DIED LIKE A MILLION TIMES!!! OMG!!!!!!!!!!!!!!1111!11!1!!

" I hate you. Your intellegence in unacceptable to my well being. DIE. O\_O " then the robot smashed the computer with a keyboard, he did not appreciate anyone having a database larger then his- it was just the worst thing ever and would destroy the robot's self esteem among his best friends, the cuddly little bunnies who resided in the lake hundreds of feet below. He could not allow that- or the little bunnies would kill him! Oh no!

" MR. ROBOT YOU MUST DIE. " the bunnies followed him and like something happened and darn those bunnies were MADDDDD because the computer was their secret database that had the correct amount of information for growing more grass with cocopuffs because it would save the ecosystem thingy whatever and the world from global warming....

So peach randomely ended up in a garden with the bunny eating robots. She was mad. Because cocopuffs were her favorite cereal! And the bunnies were wasting them to save the world!!!!!! So she took a metal folding chair and beat the bunnies off and they rocketed away with little jet packs and went back to pluto. Peach then kicked the robot, because she thought that it was giving her a wierd stare even when it didn't have eyes and she didn't like it one bit. But before she did-

" Robot, I am your mother...\*sudden weird breathing sounds and peach's eyes glow red\* "

" NOOOOOO!!!!!! " So instead, the robot jumped off the edge into cyberspace because of suicide. And who knows why the garden is floating suddenly in cyberspace. No one will ever know...accept for the computer that was bashed by the robot because he knew everything.

So the robot died too. And then peach was alone and decided to spend her time doing nothing. " Sigh- all this blank space- piteous! " she shouted for no apparent reason at the top of her lungs, hoping maybe to get someone's attention even when she was like a million miles away and would never see anyone again because she stared at the sun to long and became temporarily blinded and was liek OMG!

And then...dun dun dun...\*insert doom music here\* the gnome spiders came out of nowhere! Then they attacked peach! Omg!

" YUGIOH!!!!!!!!!!!! " and the garden randomly turned into a duelmonsters battle feild because it did. So peach's life points were like 1000 and the hundreds of gnomespiders had 4000 lifepoints because they were lucky suckers and all retarded stories end this way.

" OMg! I must use the HEART OF THE CARDS!!!!!! GAH! " Peach randomly did some kind of lucky dance that she hoped would help her, and pulled out a card from her random deck of cards in a clumsy, elegant way.

" I summon OIYUEFGBHPWU!!!!!! " A hideous thingy appears on the feild and blasts all the spidergnomes with a beam of powerful magical force of ultimate destruction that shall not be tampered with by meer mortals!

Peach: 1000

GnomeSpiders: 3999

Wow...one point of damage. Simply amazing. :

" rgjbhwap[ u9wbpe rwabnpb b!bw!bihfwbricgfj! " the spider gnomes said, then all combined into one and became the giant gnome spider guardian! omg! What will peach do now?! She must rely on the heart of the cards! Or she will be attacked by the rejected colors of crayons! Oh dear!

Then the giant gnome spider guardian thingy had no head and was like GRRRRRRR because OIYUEFGBHPWU mistook it for a cuisine dinner and began to munch on it. " Yummmmmmmmmmm...mommy, get me my blankie... I is sleepy : .."

Peach kicks OIYUEFGBHPWU because he/she/it whatever is being a total dork- but her foot went through it because it was a VIRTUAL MONSTER, NO DUH YOU IDIOT!!!! UNLESS PEACH WAS VIRTUAL TOO, THAT WOULD BE THE ONLY WAY SHE COULD ACTUALLY HURT IT...! O\_O'

Wow.....

Even evil, big monsters capable of destroying the world have soft sides. So even though

Peach's sudden assault against her own monster did no damage, he was liek OMG MOMMY GAVE ME A VIRTUAL OWIE!!!!!!!!!! omG!111!11

" I summonm teh uber super koolio cocpuff army! GRRR!!!! "Peach like throws a box of cocpuffs at the spidergnomes. It hit them, and then they all exploded and died because they could nopt stand the wrath of the cocopuffs. Because the cocopuffs were highly rabid and possessed by 7 evil thigies of doom and could take over teh world within nanoseconds... gasp!

Then Peach grew bored, even when she just had save the world, and ate some cocopuffs cause she was like hungry because the spidergnomes sapped all her energy and she loveddddd her cocopuffs! Fortunately, she didn't explode because this story must have a somewhat happy ending and I would be hunted down by a hoard of rabid peach fans if peach happened to unfortunatly die in this fanfic and mr. robot would be sad because his mother would be dead even though she was the one who drove him to his sudden suicide O\_O'

bUT SHE BECAME POSSESSED because the seven evil thingies in the box of cocopuffs. And then she was, liek, evil and INDESTRUCTABLE O\_O Then Mario came out of nowhere, defeated her in a wonderful heroic way of amazingness, and she turned back to normal and everyone was happy and began to sing happy songs and had a party that ended past curfew! OMG!

Then the world was saved twice in one day! And cocopuffs got sued for making cereal that possesses people with seven evil thingies of pure doom! And Mr. LiekomgscREWthisguiysnamecauseireallydonotcare lived happily with the band of squirrels and the evil bunny clan on pluto! And Mr. Robot was dead and floated around in cyberspace for a few years!
