Hi this is a story about Kyo and Mariah. Like any other day, everyone but Kyo and Mariah were out of the house. They were sitting on the porch just talking. Hey Kyo, what do you think we should do besides sitting here? Mariah asked Kyo. Umm, I don't know, talk about stuff. Kyo answered. Hm, so how's school? Mariah asked. It's okay, what about you? Kyo asked. It's okay. Mariah answered. They were sitting in the back so they didn't here anyone come in. It was getting dark. Kyo, I have to go. Mariah said getting up. Okay see you tomorrow. Kyo said getting up as well so he could walk her to the door, when they walked in they noticed everybody. They didn't say anything. Shii-chan looked about to say something, but Sakura kicked him so he didn't say anything. The end. I'm so sorry it's so short but I couldn't think of anything else Sakura to the rescue hope you like it.
