1. please read if you care

This is my letter to you, any one who decides to care.

Im ready to give up, I can t deal with getting dumped at the slightest word in the wrong place. I want people to listen to me. I know this will make Scott mad but here is the truth as he wont be able to tell it

He told me Ben was a nice person, I don t blame him for that, when Scott goes high or low and punches me, kicks me, I don t blame him for that, when he hurts my feelings, I don t blame him for that. When he tells me he loves me, promises he will never say it to anyone else, then does, I don t blame him for that. When he blames me for something going wrong, I don t blame him for that.

But what I do blame him for is not being able to control his diabetes.

I don t want neone else getting hurt by him, so be careful

Btw im not just writing this bcos I don t want him to have friends, im writing it bcos no one seems to listen when I cry
