A little thing I did when I wasn't feeling too happy. This was a hit over at DA, so I hope you guys like it.

1. Coffee Shop Converse

Is it worth it?

I'm told so.

Yes, but do YOU think it is?

I'm not sure. It doesn't seem like it at times. Sometimes it feels &

&Pointless?

Yes.

The two went on about life, as they did on Sundays. They had met here, at the coffee shop. They didn't remember when it even was that they started exchanging thoughts. The other just seemed to have always been there.

What do suppose the meaning of it all is?

Hm& Perhaps just living?

Can't be. It's such a painful thing, the shadow said as it tipped its cup into its mouth.

Maybe God just has a very sick sense of humor, the light inquired.

That's very possible. I still am unsure if there's even a God at all.

Why do the people mindlessly worship this being if they don't even know it's there?

They need something to comfort them.

I suppose, the light said as it stroked its chin thoughtfully.

Mmm& Coffee, though. It's something else, the shadow chuckled.

Heh, perhaps coffee is the meaning of life? The light snickered.

Might be.
