## 1. weakness but will be love

Tonight is your night of weakness so we r left to protect u I  
Am no protection all I can do is fly an arrow but u still protect me u need me  
I promised I'd stay by your side no matter what and I am  
But what prepuce do I have besides finding jewel shards do u see me as a friend or even more  
or do u not see me at all I sit buy u and smile to see if I can cheer u up I sneeze and blush u  
give me your jacket I thank u and lean on your shoulder u put an arm around me I blush I  
wonder why r u being so nice is it because your human or is it something else u look over and  
ask me if I'm alright I nod and smile saying I'm fine I see the casern in your eyes  
and hug u saying I'm fine u hug me back and say go to sleep I nod and sleep in his arms  
his strong arms before I go to sleep I whisper thank u and he smiles his rare smile then I  
unconsciously mutter I like it better when u smile when u have your cute ears and fall asleep  
I hug her close I know something's wrong I'll find out tomorrow but for now I hold  
u never wanting to let u go smile when u say thanks I smile and hug u tighter then I here u  
whisper I like your smile better with your cute ears I feel warm inside tomorrow I will smile for u  
because I love u and I will find out what's wrong but for now I sleep  
In the morning I wake up to the feeling of being warm I remember were I am and I blush but  
smile I here him say we need to talk he smiles and I almost drool I nod un able to use my mouth  
we get up I hand him his outer kimono we go  
I tell her I no something's wrong and to please tell me  
I tell him he tells me I have a purpose and then he kisses me I kiss back I fond love he tells me  
not to think that again and thanks me for worrying over him he holds me I like the feeling he  
smiles and I smile to  
I take her back to camp holding her hand my friends smile at me and I smile back I sit and pull  
her into my lap and we eat I'm happy now shippo comes over and sits in her lap I smile  
and think I have one fucked up family a leach of a monk who is like my brother a demon fighter  
who is kind but scary for a sister I have a kitsion pup and a human girl as my soon to be mate  
and I cat that's always there to back me up even I no wont admit it koga and ayome r  
kinda like my pack and by blood my brother and his human rin plus kagomes mom and brother  
and grandfather even that old hag kiadea is my family but I wouldn't change it for the  
world I smile and hug my family close I even revel shippos hair and we have a nice relaxing day  
of fun
