Another poem I've written, but I don't think anyone's going to read it due to my pics =P haha lol

1. Never Alone

A storm of silence
Circling
Around a single tear

A stream of anger
Flowing
On the wave of fear

Sparkling twilight
Rising from the sky
Warming those with icy light
Who cry

Twinkling eyes
Dancing on emotion
Hugging fate
With a neverending vision

One single hand
Surrounded
By blinding light

One single hand
Helping
With your inner fight

Forever
