## 1. Only Chapter!

"This is going to be so much fun. I can't wait to get home Maxie!"

"Same. Now all we have to do is talk Ray and Kai into helping us."

"Easier said than done my friend."

Tyson and Max were on their way home from the store as they at the last minute went to go buy eggs and an egg coloring kit.

"This is going to be so much fun! I loved coloring eggs when I was little and hunting for them though we may be a bit too old."

"Geez Max you make it sound like we're eighty! We can still hunt them and maybe we can get Ray and the sour puss to join in."

"If we do we need to get a camera. Watching Kai and Ray hunt for eggs will be amusing in itself but we can't pass up this chance for blackmail." The blonde blader grinned as what he took the full effect on Tyson.

"How people think you are so innocent is beyond me!" He raised his hands and shook his head and grinned, "Though I have to agree we can't pass up this sweet deal to get blackmail and the best way to get them to do it is with your watery puppy dog eyes."

"I know works every time! Maybe I'll teach it to you sometime. It comes in handy when you get in trouble." He looked at Tyson and giggled when Tyson stuck his tongue out at him.

"Is that why you never get in trouble."

"Yep."

"Not fair."

He shrugged, "Race ya!" He took off leaving behind a bewildered blue haired blader.

The blue haired blader blinked, "Cheater!" He ran after Max who was laughing and trying to stay ahead of the rapidly gaining Tyson.

Tyson came abreast with the huffing Max and stuck his tongue out again.

"I-I thought K-Kai taught a l-lesson when he pulled your tongue b-because you kept sticking it o-out." He panted as he tried to gain the lead again.

"I guess I didn't." He shot Max a grin as he fully passed him.

The two boys ran into the front yard of the dojo panting and exhausted but laughing and smiling. They dropped to the ground and leaned backwards.

Tyson stretched out yawning, "I win."

"How do you figure?"

"I came in the yard first that's why."

"Nuh uh! We tied."

"Keep dreaming Maxie I won."

Max yawned rubbing his aching legs, "Whatever I'm too tired to argue."

~~~~~In the Dojo~~~~~

Ray cracked an eye open as e heard approaching footsteps. Kai as well looked up from the magazine he was reading.

"They're home."

"So I heard." He turned his gaze back to the magazine.

Ray stood and stretched much like a sunbathing cat. "I'm going to see what they got at the store."

"It's Easter Ray it doesn't take a genius to figure out what they got."

Ray shrugged and walked to the door to come upon a laughing Kenny and a smirking Tala.

Kenny and Tala had gotten together after the Russian Tournament. They made an odd couple to most that saw them. Yet the people who knew them the most understood about the passion and love they shared for one another. Kenny had stumbled across Tala when he had gotten into some trouble with local thugs and had been severely injured. Over the time Kenny had nursed his injuries Tala's view on the world and on people had changed. So when the two announced they were together it didn't come as a surprise.

~~~~~Five minutes earlier~~~~~

"Tyson leave the thing alone."

"Hell no! It stole my egg!"

"We have plenty more eggs."

"No Max! This is *\*my\** egg!" Tyson was shimmying up the tree trunk after a squirrel who had stolen one of his eggs.

Max sighed and shook his head at his determined friend, "This isn't going to end well."

"Dammit give me back my egg now! Hey! You stupid squirrel where the hell do you think you're going?!?!" Said squirrel chattered at and climbed further up the tree.

"Well there's your answer Tyson. You're not getting your egg back." He turned to looked to Tala who had his arm around Kenny's waist with an amused smirk on his face. He turned his head slowly back to the tree bark and glared at it before he resumed hi shimmying up the tree.

"Damn rodent. I \*will\* get my egg back and I \*will\* make that tree climbing bird wanna be pay." He muttered darkly as he glared at the squirrel that was a few branches above him. His jaw dropped as he watched the squirrel bite into his egg and he growled hoping it would die from the chocolate poisoning. `Damn squirrel.'

He tried to shimmy down the tree the same way he came up but he slipped on a branch and landed on his back just as the squirrel seemingly dropped or threw the egg at him.

"This is not my day."

Max walked up to him laughing, "Are you okay?"

"Just dandy." Tyson took Max's offered hand.

`Thank god Kai wasn't out here he'd never let me live this down.' He looked around again just to make sure he wasn't there. He saw Tala pull Kenny to the other side of the dojo.

Ray looked at Tyson with amusement as his teammate searched for their captain.

"Did you get what you wanted?"

Tyson and Max looked at Ray noticing him for the first time.

"Uh yeah."

Tyson shot the squirrel one last withering glare before he picked up the groceries and walked past Ray. He headed straight for the kitchen without sparing Kai a glance who was still seemingly engrossed in his magazine.

He sat the bag down in the kitchen and started to sift through them looking for the eggs and the coloring kit. "Ha!" He grinned triumphantly as he pulled them out of the bag.

Kai walked in and raised a brow as Tyson was walking around the kitchen reading off everything he needed as he searched the cupboards. He leaned against the table as Max walked in with a "Hey Kai." and pulled out his own things and mimicked Tyson's actions.

"I have a bad feeling about this." Ray walked up to Kai and looked at him out of the corner of his eye.

"I know."

"Do the two of you mind giving us a hand?"

"No."

"Yes."

Tyson stuck his tongue out at Kai and sucked it back in as he started towards him.

"Fine give me that Tyson."

"No."

"You wanted help. Now give me that." He glared at Tyson. He continued on towards Tyson.

Max grabbed his stuff and whispered to Ray, "Come on let's do this elsewhere I have a feeling we won't wanna be here in a little bit." Ray nodded and followed Max into the living room.

Tyson backed away from Kai as he advanced on him.

"Give me the damn mix Tyson."

"No way Kai."

"You can dip the eggs in just give it to me so we can get this over with."

"No I don't want to dip the eggs in. If you're so worried about it you do it."

Kai growled at him and trapped Tyson in between him and the counter. He put his hands on each side of Tyson. He glared down at the smaller blader and ended up starting a staring

contest.

Tyson glared back at Kai trying to keep his mind off their proximity and was trying not to lose their little `contest'. He was considering kneeing Kai in the groin to get him to back off. `Though it'd be hilarious he'd kill me after he regained his functions.' He put the idea in the back of his mind for a desperate situation. Tyson crossed his eyes and stuck his tongue out at Kai.

"Nyah! No way I'm mixing colors not you!"

Kai frowned at him but took the opportunity and grabbed his tongue. He pulled on it and smirked when he heard Tyson squeak his protest.

Tyson was doing his best to glare at Kai when he thought of an idea but thinking of the consequences wasn't sure if he should go through with it. `Screw it why not.' He moved forward and bit Kai's finger.

"Ow!" Kai glared at Tyson as he happily began to wiggle his tongue at him. Kai smirked evilly.

Tyson quit wiggling his tongue at Kai when he saw that smirk and Kai lean in towards him.

"Well if you're so intent on giving your tongue exercise then let me help you."

"Wh-mph!" His question was cut off as Kai's mouth descended upon his. Kai let his tongue run along Tyson's lower lip and then nipping it as Tyson gasped his tongue slipped in. He let his tongue slowly glide over the contours of Tyson's mouth. When he ran his tongue along the top of Tyson's he felt him shiver beneath him. He slowly moved his arm trying not to catch Tyson's attention. He swiftly grabbed the coloring packet from Tyson and grinded against him and pulled back.

Tyson realized he no longer had the coloring packet but \*Kai\* did.

"You jerk! Give that back now!"

"Why? As I said you can dip the eggs in the color."

Tyson growled at him and crossed his arms over his chest.

"That growl was quite sexy Tyson but we don't have time to play now." He turned around and went to get the measuring cup.

`That jackass! He did all that to get that packet! Though he is an \*excellent\* kisser. I will get him back though as they say payback's a dog'

He walked up behind Kai and looked over his shoulder resting his head on it,

"Lemme help!" He whispered in his ear and smiled when he felt Kai shiver.

"No go away you'll probably screw it up." He looked at the table a moment before grabbing something, "Here bend these into those things that hold the eggs."

Tyson pouted but took them anyway. He made sure to brush up against Kai as he went to sit at the table.

Kai went back to mixing the colors after he made sure Tyson was actually sitting and doing what he said. `So he wants to play does he? Tyson may be able to blade but when it comes to seducing someone he isn't even in my league.'

Tyson finished bending all the flimsy metal and walked over to Kai who was wrapped up in mixing the colors.

"Done."

Kai looked up to see Tyson had indeed done what was asked. He tried to think of another way to keep him from mixing the colors but none came.

"Alright you can help me mix the colors." He sighed knowing he would sooner or later regret it.

"Yes! Thank you!" The bluenette grinned from ear to ear and jumped on Kai giving him a hug.

"Get off me."

"Oh....ehehe.....sorry bout that."

"Whatever now just come here so you I can show you how to do this."

Tyson walked over to Kai who moved Tyson in front of him and took a hold of his hands in his and showed him how to mix colors.

Tyson looked at Kai suspiciously, 'It's not that hard to mix the colors yeah I might get food coloring on me but that's the worst I could do.' He bit his lip when he felt Kai move his hips against him. 'Damn him. So this is what he was planning.'

Kai finished showing Tyson what to do with minor mishaps one being that Tyson had kicked him in the shin for as he out it 'molesting him'.

"Tyson go upstairs and tell Kenny and Tala to get down here."

"Fine." Tyson walked off down the hallway.

'Maybe I should've told him about the string.'

Tyson was softly humming to himself as he stood in front of Tala and Kenny's room. He happened to see an orange string on the door. 'Why do they have a string on the door? Oh well to each his own I guess.' He shrugged and knocked. He waited two minutes before opening the door. His jaw dropped and he was sure his whole face was red as he saw Kenny and Tala with whip cream and a whip and handcuffs. He shut the door and strode down the hall intent on strangling his team captain.

'Dammit why the hell wasn't I informed a string on the door meant 'come back another time we're too busy screwing each other'? Dammit Kai when I get my hands on you...!'

Kai turned to see a furisouly blushing Tyson walk into the kitchen and smirked knowing he had walked in on Kenny and Tala.

"Hiwatari!"

"Yes?"

"Why the hell didn't you tell me what a string on the door meant?"

"You never asked."

"Like I'm going to come up and ask `does a string on the door mean people are screwing each other on the other side?' Yeah that's an everyday question."

"Who knows it could be." He smirked enjoying Tyson discomfort at seeing Tala and Kenny.

Tyson glared at and advanced towards him and started to grin when he saw the egg coloring.

Kai frowned at Tyson seeing the grin. `What is he up to...?'

Tyson pushed Kai towards the kitchen table and came up to him until their chests were touching and reached behind Kai and grabbed the colored water and grinned as he emptied its contents on Kai's head.

Kai sucked in air as he felt the cold water come in contact with his skin.

"Alright now we're even. We have to do another bowl to be the way."

Tyson just grinned at him and went out in the living room to get more ingredients from Max. As fast as he entered the den he turned around just as fast and went back into the kitchen. `Why me? What did I do to piss fate off?'

"Did you get the ingredients?"

"No."

"Why?"

"I'd rather not say. I will only say that I have the image of Tala and Kenny stuck in my head and I'd rather not have theirs stuck."

"I see." He turned back to the table as Tyson came up beside him.

They made another bowl and we're preparing to paint the eggs as Tyson looked at the clock, "We've been messing with these eggs for two hours. Who knew it could take so long to decorate eggs."

"I don't see why people do in the first place. You color eggs yeah so? What's the purpose to it? Then you hide them. Why do you want to hide eggs anyway? If your younger yes but at this age? Then the Easter Bunny? Why is it a rabbit everyone knows it isn't real." Kai looked at Tyson wide eyes and knew he said something wrong.

"What! The Easter Bunny isn't real?" His eyes filled with tears.

Kai's mouth opened `He still believes in that damned bunny? Dammit how am I going to get out of this one?'

"Tyson I'm sorry the Easter Bunny is real I was just joking!"

"Yeah so was I."

Kai looked at him in bewilderment for a moment, "What the hell?!?!"

"I was joking I know he isn't real. I know I can act childish but I'm not \*that\* childish Kai geez."

Kai debated with the idea of drowning him in food coloring or strangling him. `Damn him! I even apologized for saying that and he was joking?!

Tyson grinned as he saw the look of anger on Kai's face `I'm going to get you back for making me walk in on them that was not cool! Now I'm going to have that stuck in my head and now my virgin mind will think that is what sex is all about.....I can be so melodramatic at times. Dammit.'

"Whatever let's just get this coloring over."

"Okay!"

The fifteen minutes of their coloring of eggs was mostly of Kai and Tyson arguing over the proper way to color eggs and making messes.

"Tyson what the hell do you think you're drawing on that egg!"

"What does it look like Kai?" Tyson rolled his eyes at his team captain.

"You not supposed to draw \*that\* on an Easter egg."

"Why not?"

"Its' a children's holiday would you want your kids to see \*that\* on an egg?"

"Well I don't have kids so I don't need to worry."

"You're missing the point Tyson." Kai remarked dryly.

~~~~~

"Kai what is that supposed to be?"

"A rabbit."

"Really? It looks like a glob of mud."

"Tyson."

"Yes."

"Color your damn eggs the way you want and leave me alone."

"But Kai it doesn't look like a rabbit!"

"Yes it does now color your own egg!"

~~~~~

"Tyson what the hell do you think you're doing to that egg!?!"

"Um...nothing?"

Kai sighed as he rubbed his eyes and the bridge of his nose `If I ever have kids I'm telling them that our religion doesn't believe in Easter.....or Halloween' He grimaced as he remembered their adventure last Halloween.

~~~~~

"Hey Kai?"

"What Tyson?"

"What is that supposed to be on your egg?"

Kai clenched his teeth, "We've been over this Tyson leave my eggs alone and worry about your own."

"You're right I should at least my drawings don't look like....."

"TYSON!"

~~~~~

"Tyson why did you break that egg?"

"It wouldn't cooperate."

Kai sent him a bland look.

"What? Well it wouldn't! The stupid thing kept slipping out of my hands and being uncooperative." He nodded his head.

"Moron."

"Jackass."

~~~~~

"Sorry Kai."

"Why did you throw the bowl and don't tell me it was uncooperative."

"I didn't mean to throw it. It just kinda slipped."

"Tyson?"

"Yeah?"

"Come here."

Tyson walked over to the multi colored Kai.

"AHHHH! Kai!"

"Now we're even." He smirked at a now multi colored Tyson.

~~~~~

The two bladers carried the finished eggs outside where they sat them down and proceeded to flop down on the ground and soak up the sun.

"I never knew this could be so tiring."

"I don't think it was supposed to be. It was most likely because you and I were doing it."

"Hey Kai?"

"Hm?"

"Do you ever cloud watch?"

"Cloud what?"

"You know when you try and make shapes out of the stars."

"Oh. No."

"Why?"

"Never thought about it or if I did no time."

"I see."

Kai leaned up on one elbow to stare at the peaceful form of Tyson. He leaned up fully and crawled towards Tyson. He put his hands on each side of his head as he looked down at him.

Tyson cracked an eye open to be met with Kai's crimson one. He smiled slightly and gasped when he felt Kai's lips on his own. 'I thought he only kissed me because I was bothering him?'

Kai nibbled on Tyson lower lip gaining access to Tyson's mouth. He felt Tyson wrap his arms around his shoulders. He lowered himself and deepened the kiss allowing Tyson to explore his mouth.

They pulled apart when they heard low chuckling. They turned to a giggling Max and a smirking Ray. Beside them were Tala wearing only a towel and Kenny who had a robe on.

"Finally."

"I agree Tala I was wondering when as you put it they'd jump each other." Kenny brushed a stray lock of hair behind his ear revealing his emerald eyes.

"Whatever I'm starving you guys let's go in! You'll cook won't you Ray?"

"Of course Max." He pulled the blonde in for a chaste kiss.

As the four boys turned to leave Ray's foot hit the egg basket knocking it off the porch.

They all watched as the basket hit the ground and the eggs broke.

"NO! Those took forever to do!"

"Ray I'm going to kill you for that! You have no idea what I went through to make those damn eggs!"

"Er.....sorry guys?" He grabbed Max and pulled him to the kitchen with Tala and Kenny following behind.

"Oh well at least they don't have to see your ugly rabbit/mud drawings."

"Or your crude and vulgar drawings and they were rabbits not mud."

"Whatever they looked like mud."

"Screw you."

"Sorry."

"I meant that metaphorically not literally."

"Whatever. Hey Kai what do you say we get ready for Halloween early this year?"

"What did you have in mind?"

"Well you see....."
