*Um this is a totally random one-shot about how Mars and Venus realize their feelings (for each other) I hope you guys like it!*

# 1. Don't Go Without Me

I don't want to leave you  
Don't want you to leave me  
Please don't go in the dark by yourself

Don't go without me  
(I can never ever be alone)  
Don't go without me  
(I think about you too much)  
Don't go without me  
(I love you so)

Everyone gives us weird sideway glances  
But it doesn't mean a thing to me  
As long as you're here with me  
Nothing else matters

Don't go without me  
(I can never ever be alone)  
Don't go with out me  
(I think about you too much)  
Don't go without me  
(I love you so)

Hold me for I feel I'm falling  
(You) catch me in your arms  
Kiss me gently  
It makes me smile

Don't go without me  
(I can never ever be alone)  
Don't go with out me  
(I think about you too much)  
Don't go without me  
(I love you so)

Don't leave me alone in the dark  
You're my only shining light (I need you)  
You're my sweet, sweet poison (I need you so much)  
(So much)

Don't go without me  
(I can never ever be alone)  
Don't go with out me  
(I think about you too much)

Don't go without me  
(I love you so)

Don't go without me
