*This was made for my best friends Lily and Vivi, who did not believe when I told them the truth about someone.*

### 3. still i am not believed

Why not believe me?  
I speak the truth yet I receive no friend  
No comforter, just blameless problems  
They believe not me but evil lurks

I lose all because evil won  
Evil showed an innocent face  
Evil showed a tear  
And they did not believe good but evil

They believed evil behind an innocent mask  
Instead of good of a best friend  
Now that I have spoken the truth  
I lost them all

The abandoned me  
The pushed me away from sight  
So now what do I do?  
I am alone

I have nothing else  
They left me for  
Evils angel mask  
Evils little lie

They get manipulated and do not listen to me  
Still I stand here with no prosper  
They left me bereaved here  
But what can I do?
