Ever wonder EXACTLY how Axel "felt" about the rest of the Organization? Wonder no more!

1. Mansex... uh, Xemnas

Mansex.... er, Xemnas

If he ever finds my journal (no, it's not a diary, it's a journal-- got it memorized?), it's as good as a Dusk just for the Mansex thing, but is it my fault what his name spells when it's rearranged? I don't think so!

Anyway, "the Superior...." He's completely obsessed with Kingdom Hearts. Sure, I want my heart back as much as the next guy, but you don't see me getting the rest of the Organization together twice a month for three hour rants about how we don't exist and how Kingdom Hearts will change that, do you? No! And it's the same thing every time, too!

"Kingdom Hearts! Revel in its beauty! When it is complete, we shall be as well! For we are Nobodies-- nothings! Shunned by both light and darkness!" And blah blah blah. I haven't paid attention to one since I first came to the Organization.

His Other's name is also the only one that's not his name without the X. Xehanort. Hey, if you take the X out of that, you get no heart. Talk about irony. But he'd still kill me if he found out that I knew his name wasn't Ansem.

Oh, and one more thing. When he gets drunk, he sits at the Altar of Naught and talks to his precious Kingdom Hearts.

"Kingdom Hearts, you're the only one who understands me. You're my beeesst friend! I can't wait until you're finished so you can share your power!"

Pretty funny.

2. The Skunk Haired Pirate Wannabee (Xigbar)

The Skunk Haired Pirate Wannabe (Xigbar)

EVERYONE knows Xigbar wants to be a pirate. He's got the eyepatch, he's got the shooting ability, and he'll shoot our brains out if we ever try to get a mission in Port Royal. I swear I heard him trying to talk like a pirate in his room the other day.

Wait-- did I just say he had shooting ability? Like I was complimenting him? Oh, for the love of nothingness....

What I really want to know is what moron decided to make Xigbar's Other a scientist?! Even his Other's name sounds stupid. Braig. Sounds like something Frankenstein's monster would say.

Xigbar somehow managed to read this over my shoulder (even with only one eye and sitting ACROSS THE ROOM) and said that just because he wears an eyepatch doesn't mean he's a pirate. Then he started chewing me out for not paying attention to the Superior during a meeting. Like he would say, "As if!" I'm totally paying attention. I've got his speech memorized, don't I? Okay, so I'm not listening. But I really don't care, because like I said, it's the same thing EVERY TIME!

Anyway, this entry is supposed to be about Xigbar. Xigbar, his pirate obsession, and his ugly skunk hair. Oh, come on, I can't be the only one who thinks Xigbar looks like he has a dead skunk on his head. I mean, I know people say I look like I have a porcupine on my head, but at least I take care of my hair and make sure it doesn't go limp and gray like Xiggy's. My hair's gonna stay red and spikey no matter what the rest of the idiots say. Got it memorized?

~~ Axel, the "Scarlet Porcupine"~~

A/N: I'm working on the entry about Xaldin, but I'm having issues thinking of anything to say except that his hair is really ugly. If anyone has any ideas, they would be greatly appreciated! Thanks! ~~CrazyCorpseChick

3. The Organization's Resident Gorilla (Xaldin)

Xaldin once told me that the length of his sideburns was a sign of wealth and class where he's from. If that's the case, this guy must've been loaded. I mean, they're down to his NOSE! Too bad his world is the only world where hair like that is actually a good look. Seriously, the only world I've ever seen where anyone had hair like that was the Pridelands. On a gorilla.

Actually, now that I think about it, Xaldin kind of does look like a gorilla. They have the same mental capacity, too. Again, who in their right mind would have made Dilan (that's Xaldin's Other's name) a scientist?! Ansem the Supposedly Wise must have been high on something when he appointed his apprentices....

What is it with people and reading my journal over my shoulders?! Xaldin just said that he has more mental capacity than a gorilla (in that case, why doesn't he ever show it?). Now he's rambling about how he needs to have a great mind and concentration to wield six lances at once, and how I should be respecting my elders and who knows what else. I'm just rolling my eyes and continuing to write.

No matter what he says, I still think he's a gorilla in disguise.

~~ Axel, An Organization Member Who's Proud To Not Be As Ugly As Xaldin~~

A/N: Sorry it's short, but I couldn't think of anything to say about Xaldin, and apparently the Author's Note in Xigbar's chapter didn't help XP But here it is anyway!

4. Dr. Frankenstine (Vexen)

Doctor Frankenstine (Vexen)

Okay, we've got Xigbar and Xaldin, two of the biggest idiots I've ever had the misfortune to meet. Now, on the other end of the spectrum, we've got Vexie, the freakishly smart one. NO ONE should ever spend that much time underground in a laboratory (notice I didn't say nobody). Especially when all he ever makes is poison and stuff like that. And he wonders why no one in the Organization trusts him. Like the one time it was his turn to make dinner and no one would touch whatever it was he was trying to feed us. He got all mad and tried to freeze us all to death. It was pretty funny until Mansex decided to make me melt all the ice. Stupid powers.

And who in Nothing's name fights with a shield?! Shields are meant for defense, not offense. Got it memorized? How do you kill someone with a shield?! Well, I guess he's always got those annoying ice spikes. It's still a stupid weapon.

I just asked Vexen if he's ever killed anyone without using his ice. He says he has, by bashing them in the head with it. And yet I still stick to my theory that the only one with a worse weapon is Zexion.

One last thought. Fire melts ice, right? So maybe I could get rid of Vexen somehow.... I'll have to start thinking about that.

~~ Axel, Whose Chakrams Are Way Cooler Than Vexen's Shield~~

I apologize for this being so late! I've had it done for a while now, I've just been too lazy to post it ^.^;;

5. The Silent WHAT?! (Lexaeus)

Ever wonder what in the worlds Xemnas was thinking when he gave Lexaeus (that's not how you spell it, is it? Oh well) his nickname? Same here. We kill, we destroy, we laugh while doing it (or at least I do... BURN, BABY!). None of us are heroes-- including Lexea-- Lexae-- however you spell his name. I'm just going to call him Lex.

Another thing-- the guy almost never leaves the basement, and when he does, I always hear him talking to Zexion about how he wonders why he only has one friend. Hmm... maybe he could try, oh, I don't know, TALKING?! I haven't ever heard the man-- well, the Nobody-- say more than two words in my almost five years of nonexistence.

He's also probably uglier than Xaldin. I mean, I can work red hair and green eyes. Lex can't, especially with those little things that he has sticking up. And his head is shaped like a square. You know, he actually kind of looks like a really big boulder, which is kind of fitting considering his element.

Lexaeus, Lexeus, Lexus, Lexuaes... man, how do you spell this guy's name?!

--Axel, Who's Name is Nowhere Near As Hard to Spell As Lex's--

PS: I've got it! Lexaeus!

OMG I am SOOOOOOOOOOOO sorry for the long wait! I could NOT think of anything to write about Lexaeus (yes, I know how to spell it. Axel, apparently, does not), then, last night, inspiration finally struck. Unfortunately, my eyes were swollen shut from a horrible allergic reaction I had to chlorine, which rendered me incapable of writing it up. So I did it this morning ^.^ Fortunately for all fans of this story, I'm bursting with ideas for everyone else in the Organization, so it's all good ^.^ Again, I'm reeeeaalllly sorry.

And it's too short. Blegh

6. The Kid With The Mind of a College Professor (Zexion)

No, I am not complimenting Zexion. The kid is way too smart for his own good, and it really freaks me out sometimes. He'll sit in the basement for days at a time, then come up to us and run a theory by whoever's nearest. And there's a 10 out of 13 chance we'll have no clue what he's talking about (Xemnas and Vexen do, but they're hopelessly insane, which makes up for the intellect thing). Then he'll storm away, muttering about what idiots we all are. Excuse me, Zexion, we didn't all graduate from college at the age of eight....

Well, where there is strength, there must be weakness. And Zexion's comes in the field of fighting. Whenever Xemnas makes us train together (which happens much more often than I would like), he summons tons of Heartless and lesser Nobody minions to get rid of me for him. What's really amusing is what he tries to do after I've toasted them all. He tries to kill me... with a book. Have I mentioned Zexion has the worst weapon in the Organization? Now you see why. He doesn't have a weapon. He has a frickin' BOOK.

Ah, I can see it now... "Back off, all you evil villains! I have the mightiest power of all... LITERATURE!"

7. The Superior's Lapdog (Saix)

I am soooo sorry this took so long! I've had it done for ages, but I never got around to posting it

"Saix, have you sent Heartless out to Hollow Bastion?" "Yes, Superior." "Saix, will you steal Axel's mission?" "Yes, Superior." "Saix, I lost my teddy bear. Can I sleep with you?" "Yes, Superior."

All of those have happened (except the last one, as far as I know. But I wouldn't put it past them. I mean, Mansex needs another man to live up to his name, right?). I wonder if there was anything Saix wouldn't do for the Superior. I mean, loyalty's one thing, but this is just insane.

Not that Saix is sane. Ever gotten on his bad side when he's in Berserk mode? No? Congratulations. I think the only reason I'm still alive after that is because I don't exist to start with.

Just because he scares the crap out of me when he's going Berserk doesn't mean I respect him, though. You know I hate everyone in the Organization, but my feelings for Saix go above and beyond the borders of normal hatred. I think it's mutual, too, even though Saix will never admit it. Yeah, because hatred's an emotion and we don't have hearts? It's not exactly a secret we don't get along. I still have the scars from the Berserk incident I mentioned above. Shudder.
