"A chocolate cone," She replied boredly, as she and Lee went to go find a booth big enough to fit their group.

"I'm getting a delicious vanilla!" He said, rather excitedly.

"That's wonderful," She said, wondering when Itachi would finally return.

"Well...", Sakura started, but then stopped. She didn't know what to say. She quietly looked to both guys faces, whom were staring at her waiting for her responce.

"Sorry to interupt, but can I have the popcorn please?" He asked polietly.

"Dont mind him, he's just an idiot," Sasori said in the background(Sorry, I dont really know his personality very well, if I'm getting it wrong! /-_-\"")

"Alrighty, here you go," Sakura said handing him the bag.

"Sakura-chan, since you seem to be in a bind, how about you all come to our house and watch a movie with us and our friends?" The blond artist suggested.

"Who's all gonna be there?" Jinx asked walking in with Amber and Lola behind her.

"Oh, just about everyone!" He said with a smile.
