1. Info

Name: Sakia Rane

Age: 9

Birthday: June 4

Appearance: Your skin is a slight brown color, some what of a tanned look. You have waist length black hair. You have black eyes. You always have the left side of your "bangs" covering your face. It reaches up to your chin. You always wear black. No matter what, you have to at least wear black.

Emotions: You're almost always emotionless. And if you ever have emotions, it's most of the time always hatred. You never smile. If you could, it would probably be the day that you die.

~Your Story~

You live in family of four. It has you, your so-called-mom, your so-called-dad, and your brother. You were a happy person, thinking you were loved, when in fact you were quite the opposite. Now you can't seem to find happiness. Your neighbors were the only people you ever knew to even trust a bit in. They were your cousins and your so-called-mom's best friend's children. Everyday you'd play with them. But when you turned three, you entered Lucifer's door. Your parents, as you thought of them, treated you like a slave. Even your brother, the only person that you could even talk to, treated you like a slave. And when you had a close to happy time, they would do something to ruin it, even the sight of them made you mad. Because of the way your so-called-family treated you, your soul turned black. After eight years you moved to a different city. This is your second year here.

~Your P.O.V~

You: 'God I wish I was dead. I was made fun of at school because of the name that my so-called-mom gave me. And when I go home I'm gonna get yelled at for no damn reason.' *sigh*

You kept walking home from school. All of a sudden four people surrounded you. They were wearing black cloaks that had red clouds, with white outline.

You: 'Wait aren't those the Akatsuki cloaks. But they can't be. The Akatsuki aren't real. They're only in the show Naruto.'

All of a sudden they came running at you. Then someone wearing black pants and sleeveless shirt appeared in front of you. He was wearing long black gloves and had white hair and it was going upwards diagonally.

You: 'Whoa. His hair just defied the laws of hair gravity.'

Mystery Figure: Run!

You: Who, me?

Mystery Figure: Who else?

You: *run**run* 'I actually got away. And Big Brother said I had slow reflexes.'

Akatsuki #1: You thought you could get away from us, did you? Yeah.

Akatsuki #2: You shouldn't under-estimate us again.

One of them ran right for you.

~Mystery Figures P.O.V~

You: 'The Hokage sent me on a mission to track down the Akatsuki but he never told me they were after someone. More-or-less, a little girl.'

You turned around and saw the little girl being thrown into the air.

You: 'Oh crap, the Akatsuki got away from me.'

~Your P.O.V~

One of the Akatsuki was shorter than the other. It looked like a big boulder. They ran at and, suddenly, a long wooden tail from behind them slammed into you. The impact of the swing made you fly backwards, high.

You: 'Man that was weaker than Big Brother's punches, but it did make me fly in the air. And I thought humans couldn't fly.'

You were falling real fast and were terribly scared at the thought of having a concussion. How would you explain this to your so-called mom? You suddenly thought quickly.

You: 'My elbows!'

~Flashback~

You were wearing your night dress. You were in the kitchen pretending to kick a soccer ball.

You: 'Kick. She scores! Kick. She scores. Kick. She sco-'

You fell straight down on your back, on the marble floor.

You: 'Whoa! I didn't fall on my head, but instead my elbows. That's a first.'

~End of Flashback~

You were on the ground and instead of landing on your head, you landed on your elbows. You let out a small, short scream of pain.

Akatsuki#1: Oh, did the little baby get hurt. Yeah.

You got up without making a sound in the process.

Akatsuki#2: Guess she isn't the talking type.

You: 'What the f***? If my mom finds out what happened to both my elbows, AGAIN, she's gonna kill me.'

Suddenly the Mystery figure was in front of you.

~Mystery Figures P.O.V~

You saw her land on the concrete. The Akatsuki were asking her something, but she just got up without a single sound.

You: 'I thought there were no ninjas here. She got up as if nothing happened. She couldn't have absorbed all the pain, could she?'

You suddenly appeared between her and the Akatsuki, while she was in, what seemed to be, deep in thought.

You: What do you guys want from her?

Akatsuki#2: The leader wanted her.

You: 'Her? Why would they want a little girl who doesn't even train to be a shinobi?' Why does he want her?

Akatsuki#1: Ask the leader. We just follow orders, yeah.

They then came charging at you. Full speed. One was way shorter than the other and it had a long, wooden tail out. The other one seemed to spit something out of his hand. It seemed to take a form. It turned into a bird. He did it again and a bigger bird came. The first bird exploded, showing you what it could do.

You: 'Damn it. Summoning Jutsu!'

You bit your thumb and put the blood on the ground. Seals started to form into a circle, on the ground, with lines of seals coming out of the center of the circle; dividing it into nine pieces. From the middle of the circle smoke appeared; and out came Pukkun.

~Your P.O.V~

The mystery figure slammed his hand against the ground and out came a dog, which you recognized as Pukkun.

Mystery Figure: Distract one of them!

You heard the figure say that at Pukkun. The dog, Pukkun, jumped on one of the Akatsuki.

Akatsuki#2: Ahhh!!!

3. Retreat

Recap:

Mystery Figure: Distract one of them!

You heard the figure say that at Pukkun. The dog, Pukkun, jumped on one of the Akatsuki.

Akatsuki#2: Ahhh!!!

~*~*~*~*~*~*~

~Still Your P.O.V~

Pukkun had bitten the Akatsuki with the tail. The mystery figure went running at the Akatsuki what hadn't been bitten, with a strange blue ball-like thing in hand. You could feel immense power coming from it.

You: 'Isn't that the chidori. But that's also in the show Naruto. But this can't be a dream-'

You were cut off by a scream.

Akatsuki#1: Ahh!!

You saw him on the ground. Coughing up blood.

You: 'Cool. I wish I could cough up blood too. It'd be so cool.'

Akatsuki#1: We'll be back to get her, yeah.

They vanished into thin air.

You: 'Now that I think about it, the one that had the bird by his side had blond hair. And the style was like Deidara's.'

You were disturbed by someone or something moving your feet.

Pukkun: Yo.*raises paw* Are you alright?

You: I'm fine.

Mystery Figure: Well that's ove-

You: Where are the other two you fought?

Mystery Figure: Well aren't you the busy one. *turns head* Guess they left with the other two.

The mystery figure had a mask that was covering his face. On the center top of the mask there was a swirl with a beak on one side.

You: 'Wait a minute that's the Konoha symbol. And that's Kakashi.'

Mystery Figure: Well my name is-

Too bad for him you were out of this world. You started staring into space. Since you already knew all the information you had to about him, you didn't care.

Mystery Figure:-llo. Hello. Anyone there?

He was waving his hand in front of you, and it was getting on your nerves. But you still remained emotionless.

You: What?

Kakashi: Well you weren't on this planet for a second. And we were telling you our names.

You: 'I already know them.' Kakashi, right?

Kakashi: So you were here?

You: Nope.

Kakashi: What?

~Kakashis P.O.V~

She knew your name even though she wasn't listening. But what surprised you the most was that through out this whole day, she talked, and yelled emotionlessly. It almost scared you.

You: Are you alright?

Girl: Yeah.

You: But you fell like from seventy feet. And you landed on your head.

Girl:*shakes head* I didn't.

You: But then how'd you fall?

Girl:*pulls up sleeves* I landed on my elbows.

There was blood all over her arms and it was spreading from her elbows. There were also some band-aids on her arms. But they seemed blood stained.

You: Are you sure you're alright. That impact should've broke both your arms and put you in coma.

Girl: I'm fine. But they do sting a little.

You:*rummages through pocket* Here, give me your arms.

You took out a first-aid box and some black bandages.

~Deidara's P.O.V~

You: Hey, Look it's that girl Orichimaru told the leader about. Yeah.

Sasori: She looks kind of cute.

Sasori said it low and mostly to himself. But you heard him.

You: Oh. Sasori has a crush, yeah.

Kakuzu: Be quiet. She may hear you.

Hidan: I don't think she can. She seems to be in thought.

You: Then let's attack her, Yeah. 'I want to know what's so special about her.'

All four of you jumped down. She seemed to study the cloaks you were all wearing.

You: Let's attack, yeah.

The four of you ran at her but you were all interrupted. A ninja appeared. And by the looks of the mask he was wearing, he was probably from Konoha.

Ninja: Run!

Girl: Who, me?

Ninja: Who else.

You: 'What is she stupid? She's being ambushed and she's asking if she should run.' Kakuzu, Hidan. I'm attacking, yeah!

Hidan+Kakuzu: *nods head*

You: Sasori, let's go, yeah.

You, once again, along with Sasori appeared in front of the girl.

You: Thought you could get away from us did you, yeah?

Sasori: You shouldn't under-estimate us again.

Sasori's tail slammed into her, sending her flying 70 feet. She landed on the cement, elbows first.

You: 'What!? She didn't even scream in pain. Or even get knocked out. Did she really absorb all that pain?' Oh. Did the little baby get hurt, yeah?

She got up without a word. But yet you sensed incredible blood-lust.

Sasori: Guess she isn't the talking type.

You: 'Reminds me of you, Sasori.'

Suddenly the ninja appeared in front of the girl.

Ninja: What do you want from her?

Sasori: The leader wanted her.

Ninja: Why does he want her?

You: Ask the leader. We only follow orders, yeah.

You saw Kakuzu and Hidan leave. You had to cover up all information. But you really did want to know what was so special about her.

You: *smirk*

Both you and Sasori went running at the ninja. He bit his thumb.

You: 'Damn it. That's the Summoning Jutsu.'

A dog came and bit Sasori, while you were still running.

Sasori: Ahhh!!!

You: 'He's out.' Huh?

The ninja came at you with chakra in the palm of his hand. Immense chakra, it was visible. But you put up a shield that was made up from your clay. He managed to crack it and attack you a little. And since you weren't the one that made the clay break, it didn't explode. So you jumped out of the way in time so you didn't get attacked fully.

You: *coughs up blood* We'll be back to get her, yeah.

With that you and Sasori vanished, to meet the leader the special way.

4. Try The Name?

~*~*~*~*~*~*~*~*~

~Deidara's P.O.V~

You and Sasori appeared far away from the place where the battle took place. You and Sasori appeared in the Akatsuki hide-out -which was actually a cave- in your astral projection form. The both of you were greeted by the the two members who had retreated from the mission, along with the snake-like member of the Akatsuki; Orochimaru.

Orochimaru: You couldn't capture her, could you?

You: How could we? Sasori-danna was bitten by a dog that had poison in it's teeth. The poison actually affected Sasori-danna! And I was hit by a massive ball of chakra, yeah.

Orochimaru: The girl did it? *hiss*

You: 'The girl?' No. She was too weak, yeah. *chuckles* A ninja from Konoha did, yeah.

~Orochimaru's P.O.V~

You: 'I see. She still hasn't discovered her potential power.' Well, I guess we should keep a close eye on her.

Deidara: What?! Why would we need her? She's a living zombie, yeah. She barely has any chakra, weak, yeah.

You: She may not, but she will one day kill you in a single second. Leader has informed us that he will be here in a short while.

Sasori: Yes.

You: *smirk*

~Leader's P.O.V~

You were thinking about the girl Orochimaru was talking about. You sent Hidan's and Deidara's team to catch, but you called Hidan and Kakazu back, since you thought Sasori and his partner would be able to handle it. You appeared in the cave as your astral projection. You noticed that the two teams were already there, along with Orochimaru.

You: I called Hidan and Kakazu back, but I'd still like to know what happened in your part of the mission.

Hidan: We were about to capture her but a ninja came.

You: A ninja?

Kakazu: Yes. A Konoha ninja. He was our opponent.

Deidara: Yeah, when Sasori and I almost got the weak girl, he appeared and took us out, yeah.

You: But what about the girl? You should have knocked her out.

Deidara: We did. Well tried, yeah. Sasori-danna used his tail and sent her flying, she landed on her head, yeah!

Sasori: Her elbows.

Orochimaru: Hm? *glances at Sasori*

It seems that Orochimaru was interested. It must have been unexpected.

Sasori: She landed from about 70 feet in the air.

Hidan: Shouldn't that have broken both her elbows, along with her arms?

You: 'She should also be in coma.' How is she?

Deidara: Fine, yeah. But why is she important, yeah?

Orochimaru: You should expect a lot from her.

Deidara: You said she could kill me in a single second. How? Why? Yeah.

You: Yes. How and why?

~Orochimaru's P.O.V~

You: Sorry, Leader. But you should expect a lot from a child who sells her soul to the devil every second. Her hatred and anger has made her stronger. 'In every way possible.'

With that you left the Akatsuki members and the leader with a confused look on their face. Your astral projection left the cave and you continued walking down the path you were using before.

You: *stops walking* She'll be able to beat even me. *starts walking*

~Your P.O.V~

Kakashi got out some black bandages.

Kakashi: *rubs back of head with hand* Sorry but I only have black bandages.

You: 'Sorry? I love black!'

You stuck your arms out for him to bandage.

Kakashi: *bandages your arms* So, what's your name?

You: *ignores*

Kakashi: I have to know.

You: *looks at him with a 'why' look*

Kakashi: *sigh* Well I'm not supposed to tell you but, I was sent here on a mission, I'm a ninja. Our leader, the hokage, wanted me to follow those guys who were after you. I have to tell him everything that happened. That includes your name.

You: Kia. 'Finally someone who could call me that without knowing my real name.'

Kakashi: Kia, huh? Unusual, but cute.

You: 'Cute?! No one calls me cute! I'm ugly, you hear me? Ugly!'

Kakashi: There, done. You should go home. I bet your parents are worried.

You: 'Yeah right, like they care about me. I'll tell them they have detention, they always fall for that.'

Kakashi: I'll walk you home, in case more people are after you.

You: *looks at Kakashi* Make sure no one sees you.

Kakashi: Huh? Sure.

You turned around and started running home, leaving Kakashi there on purpose. But you knew he'd catch up. You were supposed to run fast but your school bag was weighing you down. Your so-called mom told you to bring your entire stuff home. You always found away to forget about your problems, and you picked up speed and started running a bit faster...In your point of view.

~Kakashi's P.O.V~

You:I'll walk you home, incase more people are after you.

Kia:*looks at you* Make sure no one sees you.

You:Huh? Sure. 'But why?'

Kia turned around and started running. It was really slow. You could see her bag was weighing her down.

You:'How much stuff does she have?' Huh?

Kia picked up speed and ran faster than any ninja you knew.

You:'There's something about her. Even the Akatsuki are after her. I think I'll do more than walk her home. I'll find out how she became like this.'

~Your P.O.V~

You were running home when a car was coming right at you when you were crossing the street. The car was coming at you super fast.

You:'What the hell?! The driver's asleep!'

He really was, and from the looks of it his foot didn't want to leave the gas pedal. You ran as fast as you can, which in your case was really slow.

You:What the- I actually made it before the car came to where I was standing at that moment.

~Kakashi's P.O.V~

You saw Kia almost get run over by a car. But she got away in a blink of an eye. Yet the car didn't get to where she was standing at that time.

You:'What speed. Yet I sense a weak amount of chakra. It's never been molded before.'

She ran home as if she was running the marathon. You were right behind her that whole time. It was more like she was bringing you to her house.

~Your P.O.V~

You ran home as fast as possible. Then you heard a crash.

You:'Must be that car. Bet it crashed into Nima's house.'

Nima was a boy in your class who you used to hang out with. But soon some people made some rumors about you two and he stopped talking to you. You guys barely talk now.

You:*rings door bell* 'I bet big brother's gonna open it and my so-called-mom's gonna yell at me and-'

Your thoughts were cut short by the door opening.

You:'As I was thinking, she's also later gonna do something and burn me, by doing something stupid. Though… That’s just a guess. She misght just hit me with that wooden stick or something. And last but not least my so-called-father is gonna give me a trivia quiz to answer.'

Mom:Sakia!

You:*goes back down stairs*

Mom:Why were you late?

You:Detention.'You old fag'

Mom:Hmph! Stupid! See she's even frowning! Can't you even smile a little?! No wonder you don't have any friends!

You:' How could you call me stupid? I'm your own daughter. How am I frowning? All I'm doing is keeping an emotionless face on. If you keep yelling at me to smile, I might as well forget how to. And for your information, I don't need any friends. Oh, that was my cue to leave.'*turns around and goes back upstairs*

Big Brother: Where ere you?

You:School.'Duh. Where else would I be.'

Your brother was on the computer, again. He was always on talking on MSN. You only got to go on when he was doing his homework. That was like once in two weeks. All you did was go on Quizilla and read Naruto Fanfiction. Your parents used to let you do that but it all changed a year ago. Something happened.

Dad:*comes out of room* Ah! Sakia! Where were you?

You: Detention.' This is the second time, you moron.'

Dad:Why'd you get detention.

You: Talking. 'They keep pushing it.'

Dad: Why were you talking?

You: I wasn't.

Dada: Then why'd you get detention?

You:Talking.

Dad: You just told me you weren't talking.

You: The class was.

Dad: How come only you got detention?

You:*annoyed* The whole class did.*goes into your room*

You had to go through that string of question every time you had to lie or seriously did get detention.

You:*plops on bed* 'I wish I was dead. This so-called family of mine is so idiotic. Anyway, what was with Kakashi and the Akatsuki? I mean they're not even supposed to be real. Right? I mean Naruto is a show. Ahh! Wait. That means Itachi isn't apart of the Akatsuki since Kakashi is an ANBU.' Huh?*turns head*

You see Kakashi in the middle of your pink room. You hated the color pink but your parents painted it anyway.

Kakashi:Yo.

You:'Weird.' *Pulls out pin from drawer* 'If only I was allowed to have a knife in my room.'

Kakashi: Huh? What are you doing?

You:Making a design.'Yeah right.'

~Kakashi's P.O.V~

Kia took out a safety pin. She said she was making a design.

You:'What design can she make with a pin?'

She pulled up her sleeves and took off her bandages. She took the pin and dug it through her arm.

You:'Well she was right about the design.'

It was true. She "drew" a cross. All four of the lines had another line go through it. And wings were added coming from the sides.

5. Abuse

Recap:

It was true. She "drew" a cross. All four of the lines had another line go through it. And wings were added coming from the sides.

~*~*~*~*~*~*~*~*~*

~Your P.O.V~

Kakashi: What are you doing?!

Kakashi's sudden yelling startled you, that you pushed the pin more in.

You:*runs to door and lock it* 'Next keyboard.' *runs to keyboard*

You put on a song that a used-to-be-very close friend liked. It was called "Titanic: My Heart Will Go On".

You:*listening* 'Geez! With him yelling that loud, I could've swore that Big Brother would have heard. I better put the volume on high.'*goes to keyboard*

Kakashi: Are you alright?

You:*nod*

Kakashi:But your arm's bleeding.

You:*shrugs*

???: Stupid! Turn down the volume!

You:'Stupid brother. Why would I do that?' Don't wanna!*whispers to Kakashi* Get out.

Kakashi got out and your brother came in after he found the keys to unlock your room.

Big Brother: What did you say, huh? You think your all big now, huh?*punches you in the stomach*

You:'That only hurt a little.' So you think that just because your name is Zeus, god of the heavens, you could act like a god.

Zeus: Why you little-!*kicks you in the side*

You lost your footing and fell beside your drawer, hitting your head on the keyboard in the process. You also hit your sides on the drawer knobs.

Mom:What's going on up there?!

You+Zeus: Nothing!

Zeus: Mom! Little sister isn't turning of the song! She put it on for no reason!

You:'I didn't turn it on for no reason.'

Mom: Sakia! Lower the sound!

You:' Baka. Who died and made you boss?' *turns down volume* 'Well at least stupid left.'

You turned around and noticed that Kakashi was back in your room.

Kakashi:What was that about?

You:*shakes head*

~Kakashi's P.O.V~

You: I know you're not a mute, so what's up?

Kia: *shakes head*

You: *sigh* Huh?

You noticed a poster on the wall. It had a picture of two ninjas. Both of them had a Konoha forehead protector. The one on the left was in a sitting position. He had raven hair and a navy blue shirt, white shorts, and traditional ninja shoes. His kunai pouch was on his right leg. The girl on the right had short pink hair; her forehead protector was being worn as a headband to keep her bangs away. She was wearing a red dress with a white circle at the end. She was wearing tight black shorts, with a kunai pouch on her right leg. She also had traditional shoes.

You: Who are they?

Kia: You'll meet them in 7 years.

You: 'What is she talking about?' Anyway, do you know why those people were after you?

Kia: *shakes head*

You: 'This is gonna take awhile.' Well, be careful. Alright?

Kia: *nods*

You: *sighs and jumps out the window*

~Your P.O.V~

Kakashi: Who are they?

He was looking at your Naruto poster. It had Uchiha Sasuke in a sitting position and Haruno Sakura standing. Her hair was cut short because of the Chunnin Exams.

You: You'll meet them in 7 years.' God, I thought that you'd atleast know Sasuke, since you're Uchiha Obito's friend.'

Kakashi: Anyway do you know why those people were after you?

You: *shakes head*

Kakashi: Well, be careful. Alright?

You: 'If I were careful I wouldn't of let that so-called god give me this life.' *nods*

Kakashi: *sighs and jumps out the window*

You: 'Is that guy stupid or something. We're on the third floor. As long as he killed those flowers down there, I don't care.'

You started singing a song. You really found it comforting sometimes.

I still hear your voice when you sleep next to me

I still feel your touch in my dreams

Forgive me my weakness but I don't know why

Without you it's hard to survive

'Cause every time we touch I get this feeling

And every time we kiss I swear I could fly

Can't you feel my heart beat fast?

I want this to last

Want you in my life

'Cause every time we touch I feel the static
And every time we kiss I reach for the sky
Can't you feel my heart beat so?
I won't let you go
Want you in my life

Your arms are my castle, you heart is my sky
They wipe away tears that I cry
The good and the bad times we've been through than more
You've made me rise when I fall

'Cause every time we touch I get this feeling
And every time we kiss I swear I could fly
Can't you feel my heart beat fast?
I want this to last
Want you in my life

'Cause every time we touch I feel the static
And every time we kiss I reach for the sky
Can't you feel my heart beat so?
I won't let you go
Want you in my life

'Cause every time we touch I get this feeling
And every time we kiss I swear I could fly
Can't you feel my heart beat so
I won't let you go
Need you by my side

You were doing the taijutsu that Yagura was doing at the gym in episode 195.

~Kakashi's P.O.V~

You saw Kia singing and doing some moves.

You: 'Her voice is beautiful, but this taijutsu. It's one that I have never seen before.'

(Kia: Note that the taijutsu that Yagura did was not a normal form of taijutsu.)

She changed her moves again and her voice was going higher and lower. For each high note she'd do fast movements, and for each low note she'd do normal and fast movements.

You: 'Only God knows who or what she is.'

~Your P.O.V~

You heard a knock on the door and Zeus came in.

Zeus: You could go on the computer.

You: Seriously? *fake smile*

Zeus: Whatever, just don't smile, it's weird.

You: Yeah, I know. I mean why are people even happy most of the time.

Zeus: Whatever! I got homework. *rubs temples*

He left before your so-called mom heard him and told him to leave. You somehow sensed that Kakashi was still here. And it was annoying.

You: 'Kakashi, get in or leave already! It's annoying!' *walks to window and then halts* 'Wait a minute. Doesn't my window have a net?' Kakashi, just get in.

Kakashi, just appeared in the room like he did before.

~Zeus's P.O.V~

You: 'Hn. I can't believe I'm gonna let her go on the stupid computer. I mean, all she does is read stupid fanfiction all day on Quizilla.'

You heard her singing a song which she always sang to her self.

~Few Minutes Later, Mom's P.O.V~

You: 'Stupid Sakia. She doesn't even have a brain in there. I think it's about time I started teaching her a lesson.' *takes out pot and boils water* Sakia!!

~Your P.O.V~

Mom: Sakia!!

You: Kakashi, stay here. *goes downstairs* What?

Mom: Stand by the pot and help me.

You: *stands by the pot* 'What you gonna burn me with the water, or something.'

Your so-called mom dropped a packet of noodles, that were still in their cubic shape, into the pot. Half the water went on you and on your face.

Mom: Idiot! Who told you to stand by the pot, huh?

You: *ignores*

Mom: Hey, I'm talking to you! I told you to be careful! Idiot! Don't you have a brain in that thick skull of yours!

You: *ignores and leaves*

You walked into the room and saw Kakashi reading that all-too-well-known book: Ichi-Ichi Paradise. Or as known in English: Come-Come Paradise.

You: 'I wonder why Naruto never called Kakashi a perverted hermit.'

Kakashi: *looks up from book* What happened?

You: *shakes head*

You went to your closet and took out a black sweater. It said: NR.35 SKATE STREETSTYLE 5. You were about to put it on when Kakashi spoke up.

~Kakashi's P.O.V~

You: Wait, you should first put on your bandages.

Kia: *nods and walks to you*

You: *starts bandaging her arms* So, I heard what your Mom was saying. Does she usually say that stuff?

Kia:*ignores*

You:*tightens bandages* Tell me, or I just might have to tighten them to their fullest.

Kia:*ignores*

You:*sigh* Nothing'll get to you, will it?

Kia: Yes.

You:*looks up* Huh?

Kia:*averts eyes down* I said: Yes, she does do it usually.

You: Isn't that called child abuse? I could tell by how hot you feel and the redness in your arms and face, that you had boiled water on you.

Kia:*slowly nods*

You: There done. You could put on your sweater.*stands up and puts hands in pocket*

6. Living or the Living Dead?

Recap:

You: Isn't that called child abuse? I could tell by how hot you feel and the redness in your arms and face, that you had boiled water on you.

Kia:*slowly nods*

You: There done. You could put on your sweater.*stands up and puts hands in pocket*

~Your P.O.V~

You put on your sweater and turned your back to Kakashi.

You: How long are you gonna be here?

Kakashi: Huh? Oh, long enough to find out why the Akatsuki were after you. You're a strange one, you know that?

You:*sad*'Join the club. You're not the only one who thinks so.'

~Flashback~

You were 3 years of age. It was your first day of Pre-K. Your so-called dad had just dropped you off.

Twin Boy: Hey, look, it's tthe new girl.

Twin Girl:Yeah. She looks strange, doesn't she.

Twin Boy:Let's do something.

Both:*whispers*

You sat down on a chair. Only the three of you were in the room. You sensed someone behind you. The twins started pulling your hair. It hurt alot.

You: Let go! Let go of my hair!

You were crying now. They started punching and hitting while still pulling your hair.

You:*crys a lot* Stop it! Let go! It hurts! LET GO!

~End of Flashback~

~Flashback~

You were nine years old at your new school. You had just moved cities. It was you third month at this school, and you still had no friends. You over heard some girls whispering.

Girl #1:Look, it's Sakia.

Girl #2:Yeah, I heard all the boys hate her.

Girl #3:Really? Why?

Girl #2:She always hurts every boy who bothers her.

Girl #3:And she's a teachers pet is what I hear.

Girl #1:You know what's strange about her? If you kick her or puch her, it doesn't hurt her.

Girl #2:I heard about that.

Girl #1:She live on my street. I rode over her foot with my bike and she didn't even flinch.

Girl #3:She's strange. With a capital "S".

Girl #2:And ugly.

All:*laughs*

~End of Flashback~

~Flashback~

Zeus: Why are you so gothic?

You: It's not my fault.

Zeus: People will start thinking you're strange.

You: They already do.

Zeus: Oh, right! *laughs*

~End of Flashback~

You: *mumbles* Baka.

You hated your life. You hated every second of it. Ever since you were little. Since you were three. People have been bullying you. Physically and mentally. In every school. Every year. Everyday. You were always rejected. People always called you stupid and strange because you never show your pain. You always knew stuff others didn't. Things you couldn't have known. It was because you've always had this kind of sixth sense. You hated your whole life.

You: 'I wish I was dead. I have no reason to live. I want nothing. I have nothing. I wish I was dead for damn sakes. I wanna go to hell. The real hell.'

~Kakashi's P.O.V~

Kia: *mumbles* Baka.

Kia looked sad and deep in thought.

You: An idiot, am I? Why is that?

Kia: *turns and glares* Urasai.

You: You must learn to respect your elders. Was it because I called you strange?

Kia: *shocked* I'm gonna go. Don't let anyone in this town see you.

You: Hai. Hai. Have a great life.

Kia: *slowly turns her head with a glare* You call this a life?

You: Unless you're the living dead, yes.

Kia: Then call me the living dead. *leaves*

You: She sure is a weird girl. *sigh* 'Guess I'd better report to Hokage-sama.'

You left this town and went back to the Hidden Leaf Village.

~Your P.O.V~

You walked down stairs and went on the computer. You closed all the drapes and turned off the lights. The only light in the room was the computer screen. You sat down and signed in on your Yahoo account. "death_hate_sorrow" was your e-mail address. You had a new e-mail. It was from the only person you ever talked to on the Internet. Her name was Erica Rose. She was older than you about five to six years. You two always had something to talk about. This e-mail read:

Death: Hey, how many years do you think it's going to take for my mom to die?

Light: Why? You can't actually hate her that much, can you?

Death: Come on. She abuses me everyday. I feel like I wanna kill her now. Nobody even listens to me. Everybody hates me. They say it straight to my face.

Light: They say it to your face? They could only hate you because of what you once did. Or it's probably because you never show your emotions. How will we ever know what you're thinking if you never open up? That's maybe why they hate you and you hate them.

Last written on 28.09.04

You: 'I never open up, do I? Try actually listening to me once. You might know what I'm feeling.'

turns off website 'Next. Maybe I should go on Quizilla.'

On the screen you saw the Quizilla homepage. There was a new story: Say Hello To Pain.

You: 'Say Hello to Pain' ? What kind of story is that?' *reads*

7. The Impossible Name

~Kakashi's P.O.V~

You finally reached the Fire Country using the same way the Akatsuki used to get to Kiba. You had been traveling the whole day and you finally reached the gate of your village. Konohagakure. The Hidden Leaf Village. You saw the huge gates in front of you. The guards recognized you and nodded their heads. You walked through the village and went straight to the Hokage's building.

Hokage: Kakashi. Your back sooner than expected. Any thing happen?

Kakashi: I lost track of them in our fight.

Hokage: Fight? You were discovered? I expected better from an ANBU like you.

Kakashi: I know I'm usually the lazy type, but I have an important matter to discuss.

Hokage: Hm?

~Hokage's P.O.V~

You: Important? 'Kakashi isn't the kind to get serious about a matter, even if he is an ANBU.' What is it?

Kakashi: The place the Akatsuki member lead me to was an unusual place. For days I haven't seen any signs of ninja activity. I even heard them talking about how there were no such thing as ninjas in the place I went to.

You: *shocked* 'No such thing as ninjas?'

Kakashi: Then, they targeted someone. It was a girl, no younger than the cadets. It seems their leader wants her.

You: Did you happen to find out who their leader was?

Kakashi: *shakes head* But I could see why she's their target...

You:I'm waiting Kakashi.

Kakashi: Huh? Oh! Well, when she was going home she was running with very slow speed. Her luggage was heavy, too. Then all of a sudden, she picked up speeds. Lots of it. She was faster than any ninja ever, even you. No offence there, Hokage-sama.

You: None taken. 'Faster than a Kage?' She had some chakra? *shuffles paper* It seems there are ninjas there then.

Kakashi:

You: *looks up* Kakashi? What is it?

Kakashi: Hokage-sama... She had a weak amount of chakra. Almost none at all. And if she had any....

You: What is it?

Kakashi: *looks up with intense look* It's never been molded before.

You: *shocked and drops pipe* What?! Ridiculous, Kakashi. No sign of molded chakra, yet she's faster than a Kage. Surely your eyes have deceived you or your getting worse at your job.

Kakashi: Hokage-sama... Do you know what her name was?

Hokage: What is it?

Kakashi:

You: Kakashi, I am not enjoying your unusual silence. Tell me the name or leave to get your

next mission.

Kakashi: Her name is.... Kia.

You: *drops papers* As in....

Kakashi: Hai.

~Kakashi's P.O.V~

Both you and the Hokage knew what that meant. She had an impossible name.

Hokage: Do you think that's going to happen, Kakashi?

You: Hokage! It just might! Let me watch over her. It's for her safety.

Hokage: No.

You: What?!

Hokage: *looks sternly at you* We do not know who she is. And unless she is not our mission that someone has given you, you have never met her.

You: She is a mission. She was a part of the mission you gave me. The mission was to track down Akatsuki and find out their target. She was the target. So she is officialy apart of the mission. So there for, I have met her.

Hokage: *sighs* Why do you want to protect her? Is it because you so not want another death?

You: 'It's true. I have seen too many deaths. Sensei's, and my best friends' but...' It is my mission, sir.

Hokage: *smiles* Very well. Hatake Kakashi, I will appoint you your new mission- No. I appoint you to continue with your former mission. Dismissed.

You: *bows* Arigato, Hokage-sama.

Hokage: *chuckles* Yes, yes.

~The Next Day At School~

You had just entered the class room. As usual since you were still a fourth grader you didn't have a locker. You had to hang all your belongings in the class room. You thought it was very stupid since your old school used to have lockers for every grade. You threw your coat on the top where all the hats were supposed to go, and you sat at your seat. Your cousin, Achi, sat beside you. He was the worst liar in the world. But everyone always believed him unless it was obvious, except you. Your sixth sence was the explanation. On your other side was his best friend. You didn't like the guy for two reasons. One: His breath stinks. Two: He always copies your answers. His name was Sashi.

You: When will the stupid anthem go on?

???: You shouldn't always be like this, Kia.

Standing behind you was a girl named Sakura. She was the only one that called you Kia. But she spelled it as 'Kie'. She wasn't your friend. To her there was no such thing as friends in her mind ever since her best friend betrayed her.

You: And why do you care how I act?

Sakura: I know, why do I care?

You: Your the one who said you cared, not me.

Sakura:...

You: Can I ask you something? What shouldn't I always be like?

Sakura:...Baka.....

You: I know I am. Now answer my ques-

Sashi: Hey! Get out of here!

Sakura+You: Who are you talking to?

Sashi: Sakura! I can't sit down. She's in front of my seat.

Sakura: Weirdo.... Well see ya, Kia.

You: Yeah.

The national anthem started. Everyone got up except one girl. She was the quietest kid in the school. Her name was Kerona. She was also the shortest kid in class. She was another girl that didn't have any friends. The two of you were neighbors. You stood up and stared at the wall in front of you. You started thinking about the story you read yesterday. It was unusual.

~Flashback~

~End of Flashback~

You: 'Neko, huh? Unusual name; Kitten. Maybe I should talk to her.'

The national anthem was going on in the cowboy version. Another reason that you thought this school was stupid. They told us that the kids never took anything serious, when they made nothing serious.

Anthem: *ending tune* Yahoo!

Class-You+Kerona: Dot com!

You: 'I'll never understand what's fun about that.'

Everyone: *sits down*

Class passed by and it was time for your morning break. The boy ran outside while the girls were taking their time talking in small groups as they walked. You on the other hand, were still in the classroom with Sakura and Kerona. Sakura was finishing a story and Kerona was coloring. You, well let's just say that you didn't sleep much last night.

Teacher: You girls have to go outside. I need to get to a teachers meeting.

Sakura: Yeah. I'm almost done.

Kerona:*gets ready and has Sakura's stuff*

You: *stirrs from sleep* Huh? What?

Teacher: Were you asleep?

You:*silently yawns* Well, I was trying to.

Sakura: There. I'm done!

You: *gets up* What're you done?

Sakura: *hides paper* N-nothing!

Kerona: She was writing a story.

Just last year, when you moved, Kerona had started talking to you outside. After that you had got her to talk in front of atleast half the school when they were having their anual Agility Challenge. You just couldn't figure out when she started talking in front of the teacher.

You: C'mon. Let me see. You know I'm gonna be the one who's editing it and then I'm the one who's gonna revise it and post it.

Sakura: Yeah.. You're right. But I'll give it to you after school.

You: *mutters* Meanie...

You went to the rack and looked at where your coat was. You looked back at the teacher. When you were sure that she wouldn't be looking, you put your coat in your bag.

You: 'Now I don't need to wear a coat. I mean it's not even cold.'

Quite the contrary. It was actually 3 feet deep the snow. Last night, unexpectedly, it had started snowing. Every other person was wearing a coat, a scarf, and mittens.

Teacher: Sakia, where's your coat?

You: I didn't bring one.

Teacher: You better bring one at lunch. It's freezing cold out there.

You: I wasn't cold this morning. Sure, I'll bring one. *mutters* If I remember.

Teacher: Hurry up, you three. I'm going to be late. *waiting at door*

You walked outside and put on your black boots. You were sitting in the corner beside the computer lab, waiting for the other two.

Sakura: Hey, Kia! Get up.

You: Huh? Oh... Yeah. *gets up and starts walking with other three*

Sakura: I can't believe you fell asleep in class. I mean aren't you the smartest kid in class.

You: Nope. That would be Gane and Gaji.

Gane and Gaji. Gane was in your class last year and this was the second year. He was called the smartest and you'd usually tie with him. Gaji, it was his first year at this school. Yeah.. Last year you had met him in Pae classes. It was an optional class that happened after school. No one knew what the name of that language even meant. So they had no idea what language they were learning. He seemed to be the goofy person in class but this year in english school, he even beat Gane. So technically, in your point of view, you were the stupidest person.

Kerona: Really? I thought you said that Gaji was stupid.

You: True, I did say that. But then that means I'm stupider. *sticks out tongue in cute manner*

Kerona: Hey, how come you always talk and smile at school but at your house your always quiet and not even uhhh....

Sakura: You mean she's always emotionless?

Kerona: Yeah!...I knew that....

Sakura: Sure you did....

You: So, you're saying that I'm the opposite of you?

Kerona: Really? Oh yeah... You're right.

You: I hate it when people agree with me!

Sakura: What the? When did we get outside?

You: I guess we're turning into girlie girls, huh? I mean we were talking in a group and we were talking the whole way. 'Though that's not exactly how allgirlie-girls are.'

Kerona: But when did we get downstairs?

You: *stares* Weird.... 'Really weird.'

You felt a snow ball in your face. You turned around and saw another boy. Sunny.

You: *wipes snow and pulls left bangs in front* 'Yo! I forgot all about putting my hair in front.'

Kerona+Sakura: It was Sunny.

You: Kinda got that much. *looks at Sunny*

Sunny: Star Wars, episode 3: Revenge of Evil Grey Eyes. Dun dun dun dun...

You: *sigh* 3...2...1...*glares* Go!

Sunny: AHHHHHHHHH!!!

You ran after Sunny chasing him around the feild. He was wearing all his winter accesories. You caught him by his hood but he spun around and you had to let go.

You: Damn it!

Brandon: He went that way! *points between the portables*

You: *runs* 'Heh. Guess his friends are even turning on him.'

Sunny: What the-?! *runs faster*

You: 'Stupid snow! It's too deep! Why won't it go AWAY!' *runs way faster*

Sunny: How the hell?

You had caught up to him and pulled on his back collar. He tried jerking forward but you held your ground. He thought quickly and turned with no warning. Your foot being stuck in the snow, your body twisted on your ankle. You felt nothing at first but soon after you felt a little throbbing.

You: 'What the hell happened? I feel as if I hurt myself. Kind of like that dream I had yesterday.'

You got up and started walking for the entry door. The bell was about to ring so you decided to go in anyway. You felt a surge go through your foot but couldn't place what it was.

You: 'I wonder if something happened to my bone?' *takes off boots and winces* 'shoot.'

8. The Guys

9. Kill Me!

Recap:

Kerona: Hey, you guys! Harvin is waiting for you!

You: 'Harvin? Oh... Yeah... She said that she'd tell me her username today...'

~~*~*~*~*~*~*~*~*~*~*~*~*~*~*

~Lunch Time~

You, Harvin, Sakura, and Kerona were walking to your rides and your homes.

You: So... What's your username, dudett? 'My ankle still hurts!'

Harvin: Guess.

You: Guess. You want me to guess? If I guessed a million times I wouldn't be able to figure it out. You could have to most obvious username and I wouldn't get it.

Harvin: *grins* Yeah. True. You'll never guess mine.

You: 'The why'd she tell me to guess?'

Sakura: Username for what?

You: Quizilla. She got one too for some reason.

Sakura: Oh.. Oh, yeah! You have to write my story on Quizilla.

Kerona: Oh you and your stupid stories!

You: If you hate what we talk about so much why do you hang out with us?

Kerona: Good point...

Harvin: You always say that. *hits her upside the head*

Kerona: Owww! That hurt, Harvin!

Harvin: I know. *grins*

You: *turns to Sakura* You notice how there always the one to do something that makes absolutly no sense?

Sakura: Uh-huh.

You: *shrugs* 'These three may be annoying but they're the only people that actually accept a part of me.'

???: Big Sister Sakia! Sakia! *hugs you*

You: Huh? 'Who the--' Uh! *stumbles forward*

???: Hi!

You: *dramatic* Ahhh!! She's hugging me!

All: *laughs*

You: Serah, stop hugging me. 'That's the only thing she does.

Serah: Okay! *stops hugging*

You: What do you want? *kneels in front of her* 'Why does this brat always manage to catch me off guard?'

Serah was your five year old cousin. She was also your partner when you had to read to the first graders. She always came up to you everytime she saw you and hugged you. She always had something she wanted from you. You wanted to know what it was this time.

Serah: *pulls out books* I want the other one.

You: 'The other one?' Which one?

In her hand she had a book titled Haunted Babysitters and Totally Haunted Kids. She seemed to take an interest in horror and such for a young kid.

Serah: Which ones do you have?

You: Hm... Let's see... Oh. I have Haunted Kids, Haunted Schools, Haunted Campers, Haunted Animals, and Haunted Teachers. Which one?

Serah: Hm... Which one do you like the best?

You: 'I like Haunted Teachers, but...' Haunted Schools.

Serah: Okay! Give me that one!

You: *holds out hand* Give me one of the books you already have.

Serah: *looks at each* Hm... Here! You could have this one. I like Haunted Babysitters more.

Harvin: Ah! What's with all this haunted stuff?!

You: *raises an eyebrow* What - you scared of haunted crap?

Harvin: No! *huffs* Why would I be?

Sakura: You seem like it. Are you?

Harvin: *pushes her* No! What's wrong with you, people?!

You: Huh? Talking about people... Where's Kerona?

People was a nickname that people had given Kerona. She always seemed to like it more than you calling her Kero-chan. You only called her that for the hell of it, and because she seemed to like Cereberos from Card Capter Sakura. She said that she likes the color yellow, she likes sweet, and that she like Kero himself.

???: Wee!

You: 'What the frack? Who the hell--'

The four of you turned to see Kerona slipping on the ice over and over again. Behind her were some girls laughing. One of them was Karen. A student from your class. One of the few that actually has a decent conversation with you.

Serah: What are you doing?

You: *mumbles* I think she's trying to either prove that she's the most hyper girl on Earth or she's just plain stupid.

Harvin: *laughs*

Sakura: Hey! That's not nice, Kia.

You: *raises an eyebrow* And I care because...?

Kerona: I'm trying to show Karen how fun it is to fall.

You: *smirks* Finally! You understand! It's better falling and sitting on your @\$@ then falling on it a million times. 'Though that's exactly what she's doing...'

Sakura: Yeah! I remember when we went figure skating. You couldn't skate far enough that you just sat on the ice! *laughs*

You: Heh... Yo, it's not my fault that I don't know how to skate! ...Actually...It is...

Harvin: What the flip? Come on, how's it your fault?

You: Uh... Well.... It's not my fault, but the dog's. She never let me skate before.

Sakura: You know, you shouldn't call your mom a dog.

Harvin: Come on! You should see her mom, Saku-kun. She has this glare that feels like it could kill you.

Kerona: Yeah! She's right!

You: *raises eyebrow* When did you come back?

Kerona: Right.....Now!

You: You had to wait to say that?

Kerona: Uh-huh!

Sakura: Whatever... I need to go. My sister's going to start saying that I was talking to my friends.

Harvin: What the flip? Aren't we your friends?

All: *stares at Harvin*

Harvin: What?

You: Uh... Did you happen to forget that I don't have any friends?

Kerona: And I don't count you guys as my friend because you aren't from my old school.

Sakura: And I don't believe in friends.

Harvin: Oh yeah... I forget.

You: Forgot. You forgot.

Harvin: Yeah, yeah! You don't need to be a smart-@\$\$, you know?

You: '....I'm not... I just...'

Sakura: Bye! *runs away*

Kerona: Hey! My dad's here! Bye-bye!

You: See ya...

Harvin: Bye-bye? Who say's that? It seems childish.

You: If you haven't noticed, we're still kids.

Harvin: *grin* Ah, who cares!

You: Stop grinning...

Harvin: Uh? Why?

You: It's the same thing as smiling... *walks away and winces* 'shoot.. My ankle...

You started walking home and winced occasionally when you put too much weight on your ankle. Your home was five blocks away from the school. It usually took you fifteen minutes to get home. While you were walking hom you saw a red car go buy. It was Kerona's car.

Kerona: Hi, Sakia!

You: It's Kia, Kero-chan!

The car then turned on a curve and went home. You continued walking, and thinking about the story you read.

You: 'Say Hello To Pain.... I wonder if what she wrote was even true... Is her mom a dog like mine's?' Uh?

You fell straight on your behind as you bumped into [strikeout]something[/strikeout] someone. You opened your eyes to see the same person as in your dream. Your eyes widened slightly as he looked down at you.

You: 'No way... I knew it wasn't a dream...!' *gets up and winces*

???: Well, hello. Long time no see.

You: *glares at nothing* 'Kakashi...'

Kakashi: Kia? *sigh* Still not talking?

You: Here. Why?

Kakashi: Why am I here? Well....

You: *raises an eyebrow* 'I know that they aren't real. There only an anime show...right? Please don't be....'

Kakashi: *narrows eye* You're my mission.

You: Huh? 'What?'

Kakashi: You heard me, Kia. You are my mission. When I told the Hokage that you were being chased by the Akatsuki, he gave me permission to protect you.

You: 'Permission? He asked? Wait--- They're after me?' *eyes slightly widen*

Kakashi: *walks in front of you*

You: Matte.

Kakashi: *turns around* Huh? What is it?

You: Leave.

Kakashi: Leave? What do you mean?

You: I don't need you.

Kakashi: You don't know how powerful they are. What they did yesterday wasn't even the half of it. You'll need more bandages than yesterday.

You: 'Bandages? Oh.. I changed in the dark that I didn't notice them...' Let them.

Kakashi: Huh?

You: Let them kill me...

Kakashi: *narrows eye* You told me that you were the living dead. What did you mean?

You: I'm already half dead. Leave.

Kakashi: No...! Why would you want to die?

You: *runs to Kakashi and grabs his hand*

Kakashi: Huh?

You: *winces* 'I don't like touching people...' Kill me... Please...! Kill me!

Everything went quite then. You didn't even know if the others on the block even hear you, they were probably at work and such.

Kakashi:Why?

You: *looks down* I don't want to live in this hell....

Kakashi: *drops hand* Hell?

You: Please.... Kill me...

Kakashi: You don't live in hell. *kneels in front of you* The kids where I come from live in more hell... Believe me, they also die when they do work that people would never let you do.

You: *snarls* 'Bastard!' *runs home*

Kakashi: Wait! Kia! Come back!shoot!

You: *running home* 'How could he say that! He doesn't know how I feel....!'

You finally got home as you rang the doorbell. Since Zeus doesn't come home for lunch, you had the whole house to yourself. Your dad was at work while your mom went back to sleep after she opened the door. While you were waiting for your mom to open the door, you tried to stand on your uninjured ankle.

Mom: *opens door* You're late.

You: *ignores and goes in*

You felt a gush of wind come through the door.

You: *eyes widen* 'Huh? What was tha--'

Mom: Wake me up when you leave. If you leave without telling, you'll be in huge trouble. *goes to her room upstairs*

You: 'You don't need to tell me twice, dog. All you do is sleep, yell, sleep, and everything all over again.' *goes upstairs to the computer*

~Kakashi's P.O.V~

You had arrived in Kia's world a couple hours and you'd been waiting at where you first met her yesterday. You had been standing there when someone ran into you. You look to see Kia fall on the fall. Her eyes widened slightly as you looked down at her.

Kia: *gets up*

You: Well, hello. Long time no see.

Kia: *glares at nothing*

You: Kia? 'Why isn't she...' *sigh* Still not talking?

Kia: Here. Why?

You: 'Eh? Oh... Short way...' Why am I here? Well....

Kia: *raises an eyebrow*

You: *narrows eye* Your my mission. 'You'll be in grave danger...'

Kia: Huh?

You: 'Emotion...' You heard me, Kia. 'The impossible name...' You are my misson. When I told the Hokage that you were being chased by the Akatsuki, he gave me permission to protect you.

Kia: *eyes slightly widen*

You: *walks in front of her*

Kia: Matte.

You: *turns around* Huh? What is it? 'Still... How does she know Japanese?'

Kia: Leave.

You: Leave? What do you mean? 'I just told her that she was in danger.'

Kia: I don't need you.

You: You don't know how powerful they are. What they did yesterday wasn't even the half of it. 'She could die....' You'll need more bandages than yesterday.

Kia: Let them.

You: Huh? 'She wants me to let them kill her?'

Kia: Let them kill me...

You: *narrows eye* You told me that you were the living dead. What did you mean?

Kia: I'm alrady half dead. Leave.

You: No...! Why would you want to die? 'Is she crazy?!'

Kia: *runs to you and grabs your hand*

You: Huh? 'What is she doing?'

Kia: *winces*

You: 'Why is she wincing?'

Kia: Kill me... Please...! Kill me!

Everything went quite then. You stared at her with sad eyes. No one would wish to die unless something that they couldn't take happened to them.

You: 'What happened....?'Why?

Kia: *looks down* I don't want to live in this hell...

You: *drop your hand* Hell? 'What?'

Kia: Please.... Kill me...

You: You don't live in hell. *kneels in front of her* The kids where I come from live in more hell... Believe me, they also die when they do work that people would never let you do.

Kia: *snarls and runs home*

You: Wait! Kia! Come back!shoot! 'Why'd she leave?!

You ran after her. When she rang her bell, you hid so that the person that opened the door didn't see you. When you were sure that Kia didn't see you, you dashed into the house. You ran all the way to her room and awaited her there.

~Your P.O.V~

You were currently sitting on your black computer chair. As you turned on the computer, you reached out to get the remote control for the television. You always did this when your so-called mother left the internet; you'd turn on the television and put it onto a channel that you knew your mother would think that you'd be watching. After that, all you had to do was increase the volume so that it would block out any sound coming from the computer.

And, currently, that was what you were doing. As you finished doing so, you turned back to the computer and typed in a famous URL; www.quizilla.com

You: 'I have to message that Neko girl. Who knows what can happen.'

As the message page came up, you clicked on Send Message]]. Typing in inu-blacknekoo777 as the username, you started on the message.

[center]Oi, you're Neko, right? I'm Sakia but, please, call me Kia. I have to tell you, my mom is the same as yours. I'm kinda bored right now but I have something to tell you. I have a new story I'm writing and you'll find out what I'm talking about about.

Kia[/center]

You: 'Guess I should start the story now...'

~Later~

---The mystery figure slammed his hand against the ground and out came a dog, which you recognized as Pukkun.

You heard the person call out, "Distract one of them!" The dog, Pukkun, jumped on the smaller of the Akatsuki members.

"Ahhh!!!" you heard him yell.

You: *sighs and saves document*

You had currently finished writing as much as you were able to for the time being. You checked the corner of the taskbar for the time.

You: 'Damn.'

You turned off the computer and went upstairs into your mother's room.

You: Yo, Lady. It's 12:28.

Mom: What?! They probably left, mutt! Get ready!

You: *rolls eyes* 'Like I even go with them.'

When you started school the year before your mother had asked Kerona's parents to drive you to and from school. They agreed but you didn't. You convinced Kerona's parents that your mother said that you could walk whenever you wanted. That was obviously a lie. You now went into your room. Your eyes widened as you closed the door behind you.

You: 'Sonna.'

---: Well hello.

You: 'That wind. I should've guessed it was Kakashi.' *glares*

Kakashi: Well, I guess I shouldn't have expected better.

You: *raises eyebrow*

Kakashi: *turned to face you completely* Even if you do not want me to, I will continue to follow you until I know why the Akatsuki are after you.

You: 'I don't even care. I'm just surprised that the dog didn't notice a complete stranger in the house.' *turns around and places hand on knob* I leave for school.

Kakashi: Hm? Oh. You have school. I'll just follow you.

You: Make no one notice.

Kakashi: ...Sure.

You opened the door and left. As you yelled to your mom that you were leaving, you closed the house door and walked to the corner of the block where Kerona lived. You stood at the side of their house, waiting for Kerona to leave. As you watched their red car ride past you, you continued your walk to school. As you came upon the second block, you stopped. Your eyes stared straight ahead.

You: Leave, Hatake.

Kakashi: I already-- Hatake? *appears in front of you* How do you know who I am?

You: *looks past him*

Kakashi: *places hands on your shoulders* Tell me, Kia.

You: *arch eyebrow*

Kakashi: How do you know everything?

You: *scoffs* 'Everything. Oh my... I just got a title for my story.'

Kakashi: *shakes you* Tell me.

You: *push him away* Let go of me!

Kakashi: *looks straight at you*

You: *scowls and continues walking* 'Who is he to touch me? I should've just kicked him to let go of me.' *winces* 'Tch. Stupid Sunny. Now my ankle actually hurts.'

Your eyes were now turning into a glare. You ran as fast as you could so that you could get to the next block. Your ankle was throbbing immensely and you shut your eyes tight.

You: 'Why does he have to follow me?! Why now?!' Ah...!

You were now on the ground. You looked up but regretted it as soon as you did. You got up and tried to walk past him. Though, he appeared right in front of you.

Kakashi: I'll follow you until I know you're safe.

You: *bites inner lip* 'You don't care if I'm safe or not... You just want to get information about Akatsuki!'

Kakashi: *kneels in front of you* Look, why do you want me to leave? Tell me another reason other than that you want to die.

You: ...

He was about to place a hand on your shoulder when you slapped his hand away and stepped back. Your eyes were slightly wide.

You: Stop...

Kakashi: Just tell me.

You: *looks down* ...

Kakashi: Are you going to tell me?

You: If you want to stay, stay. *walks past him* Just take off that mask and get a new wardrobe.

Kakashi: ...

Kakashi then appeared in front of you, which made you look up. He slowly took off his ANBU mask and put it on a katana that hung at his side. Your eyes widened slightly as you saw him smile at you.

Kakashi: I'm glad you understand, Kia.

You: *continues walking* Hide yourself. School next.

Kakashi:Somehow... I understand everything you're trying to say.

You: *smirk slightly* Yokatta.

~Later In Class~

Teacher: Since we did math this morning during language, we'll do language now.

You: 'Well, duh. What else are we going to do, jump off a building?'

You were currently looking at the teacher with your head down on the desk. You had arrived in class about fifteen minutes ago. You couldn't find Kakashi when you arrived at school property but you didn't worry. As long as he was out of sight, you were cool.

Gane: *puts his hand up*

Teacher: Yes.

Gane: *puts his hand down* What are we going to do.

Teacher: *smile* Well, that's why I'm here. To explain it. If you let me, I would've done it before but you were wasting my time by asking questions.

Gane: Oops.

You: *smirks* 'I don't know why but Gane seems to be different this year. He used to be the kind of person that was a role model for everyone. But this year he just seems too hyper and embarrasses himself in one way or another.' Hm? Tch. Yo, Sunny.

Sunny: Hm?

You: What are we supposed to do? 'Gotta stop thinking to myself.'

Sunny: Find out yourself, man.

You: 'Next time he does something to me, there is no way that he is getting off easy.'

Nishshi: I'll tell you, Kia.

You: Then tell me.

Nishshi: Nope.

You: Hn? Why'd you say you'd tell me, then?

Nishshi: Because.

You: Because?

Nishshi: Uh-huh.

You: 'Why don't they just tell me.' Gane...

Gane: We're supposed to take ten words from the dictionary and write a sentence using those words.

You: Any word?

Gane: She said not easy ones.

You: *sad kind of laugh* I don't want to get the stupid dictionary...

Nishshi: I'll get it. *gets up*

You: Thanks.

Nishshi: *goes to get dictionary*

You:Hey.... Where's Aachi and Sashi?

Gane: Huh? Oh... I don't know. I didn't see them at lunch.

Sunny: Maybe they were abducted by vampires and they turned into werewolves. Mwuahahaha..!

You:...Sunny... Did you ever know you were weird?

Sunny: So? You're weirder.

You: *rolls eyes*

Nishshi: *comes back* Here you go. *hands you dictionary*

You: *takes dictionary* Thanks.

Nishshi: *sits down* So what are we supposed to do?

You: Oh God. *hits head on desk*

Gane: Come on, guy..! I just explained it!

Nishshi: Oops.

You: 'For a guy, he sure does say oops alot.' S'kay, Gane. I'll explain it to him.

Gane: Thanks. *continues work*

Nishshi: *looks at Gane's work*

Gane: Excuse me. I'm doin' my work.

You: Yo, Nissan.

Nishshi: Huh? Yeah?

You: Listen.

Nishshi: Okay!

You: *sigh* According to what Gane said, we have to take ten words from the dictionary and use them in a sentence.

Nishshi: All in one sentence?

You: No. One word per sentence.

Nishshi: Oh... Okay!

You: Oh. They can't be easy words like we'll learned last year or such.

Nishshi: Aw...

Gane: Hey, Nish, where's your dictionary.

Nishshi: Oh, there's none left.

You: 'Tch.' Here. Take mine. *hands dictionary*

Nishshi: It's okay. I don't need it.

Gane: It's alright, Kia. I'll let him use mine.

Nishshi: *smiles* It's alright. You could use yours.

You: Fine. *opens dictionary* 'Now I feel guilty. Great.'

You sighed as you looked over the words. All these words seem to have a stupid meaning to you. Your eyes widened slightly as you remembered a word. You took out your Spelling note book and opened to a new page.

Kerona: Huh? She called you annoying, why'd you thank her?
You: For the same reason you're short.
Kerona: Huh?
You: *shrugs*
Sakura: What's the reason.
You: The reason is..... No one knows.
Sakura: You're weird.

Sakura: Horrible.
You: And Bingo was his name-O!
Sakura: You're weird.
You: You've been saying that the whole time.
Kerona: I'm going to Karen, okay?
Sakura: Sure.
You: What do I care?
Kerona: Ah... True. *leaves*
You:...
Sakura: How's life?
You: *chuckles*

Sakura: What?
You: Nothing. Hm... Let's see... It got interesting recently.
Sakura: What got interesting?
You: My life, you idiot. My life.
Sakura: Oh. Hey! I'm not an idiot!
You: Then how come it took you so long?
Sakura: Took me so long for what?
You: *sigh* Nothin'....
Sakura: *shrugs*

You glanced around the classroom. Everyone was doing what they were normally doing. The guys were talking, the girls were crowding around Michelle. The jocks were around Ri-Ri and Kerona was with Karen--doing something.

For the past week, you have been trying out how Kakashi knew what you did in school. You couldn't find an answer.

You: Hey... Sa-kun?
Sakura: Yeah?
You: 'Kay. You like Naruto, right?
Sakura: Yeah... So?
You: Okay. *faces Sakura* What if some characters from that world came into ours.
Sakura: That would be cool.
You: Yes it would. Now, imagine if a Jounin came.
Sakura: What's a Jounin?
You: Uh.... *sigh* Let's see... Okay, you know how Uzumaki-san and everyone are currently Genins?
Sakura: What are Genins?
You: Tch. Uh.. Let's see. Oh! The first step to being a ninja.
Sakura: But they're already ninjas.
You: *sigh* Okay. Easy way; a Jounin is the type of ninja that Hatake-san and everyone are. You know, those people that teach Naruto and the others.
Sakura: Hatake-san?
You: *rolls eyes* Kakashi. Okay? Whenever I say "Hatake-san", it means Kakashi.
Sakura: Okay!
You: ... *sigh* Anyway... What if someone like--Oh, oh, oh! I said "Jounin", right?
Sakura: Yeah...
You: I meant ANBU.
Sakura: What's ANBU?
You: *sigh* Okay... Uh.. Okay. You know how I said that since Hatake-san isn't an Uchiha, he must've gotten the Sharigan from someone?
Sakura: Sharigan is that red eye that Sasuke has, right?
You: Yeah... Anyway, Hatake-san got it from his friend.
Sakura: He has friends?
You: He used to. Anyway, when that friend died, he gave one of his Sharigan to Hatake-san as a gift.
Sakura: It was his birthday?
You: No. Though... I wonder when it is. Anyway, he got it as a gift because he turned into a Jounin when he was thirteen.

Sakura: Thirteen?

You: Yeah... Anyway... Then he turned into an ANBU. An ANBU is a person that is higher than all ninja but two steps lower than the Hokage.

Sakura: Heh?

You: Who cares. Anyway, you get the point right?

Sakura: What point?

You: They're strong.

Sakura: Oh. Yeah.

You: So... If Hatake-san was an ANBU and he was in this world, how do you think he'd spy on us? You know, like us having this conversation now. How would he find out?

Sakura: Uh... Let's see.. Oh, you know how the ceiling is like... Uh..

You: You could easily take it off and go up?

Sakura: Yeah. Maybe he's up there and he's looking through a hole.

You: Yeah... That'd be cool... 'Is he really doing that?'

"Every body sit down!"

You glanced at the teacher before waving at Sakura.

You: See ya.

Sakura: See ya.

You placed your head on your desk and looked past Sashi's empty seat.

You: 'I wonder if Hatake-san is actually doing what Sa-kun said... But... These ceilings aren't that strong. I mean, I tried and I practically fell. How does he do it--'

Your head shot up as you felt that something was going to hit you. Your eyes widened slightly as something silver fell straight on to your desk. It stood up.

You: 'A kunai..?'

You looked up. You smirked as you saw the ANBU looking down at you. He was above the ceiling and part of it was moved. He pointed to the kunai that was embeded in your desk. You pulled it out and placed it in your desk. You glanced around your desk as you felt the kunai.

Sashi sat next to you.

Sashi: What were you doing all this time?

You: Talkin'...?

Sashi: To who?

You: Sakura.

Sashi: Oh.. I've always wondered. Are you two, like, friends?

You pretended to barf. You always hated that question. You always told them the answer but the question would come back right at you.

You: Hell no.

Sashi: *shrugs* I always thought you were.

You: *rolls eyes*

You put your other hand in your desk and felt the kunai as well. When you felt something that wasn't metal like, you felt around that place. You felt a string. Peering into the desk, you slowly undid the knot the string made.

You: 'Damn. I just cut my finger.'

You continued on with your job. As you felt the knot untie, you felt a piece of paper. You kept it in one hand as you felt around for a book. When you found a thick one, you placed the paper in it. You then took the book out, opening it in front of you. You opened it in front of you so others wouldn't see what you were reading/doing. That's when you noticed that the book was New Years Eve.

You: 'Why the hell would I have this in school? I read it like five times.'

You ignored the fact and opened the piece of paper in the book. A slight smirk came across your face as you read it.

I've seen you talk the longest. I've heard you say some things. I sensed something wasn't right. You've proved it. Kia, something unexpected will happen to you. It won't be just Akatsuki.

You blinked as you read it. You quickly stuffed it in your desk as you saw the others return to the group. You glanced up to see if you could find the ANBU, but all you found was a slightly moved ceiling piece. You glanced around the room before looking back in your desk. You placed your hand above the kunai. You didn't know why, but you felt that something was going to happen soon. You gripped the sharp end of the kunai hard against your hand.

You: 'What the hell does Hatake-san mean? Oh; Maybe he means about me knowing his story and the ranks of shinobi.'

You grip on the kunai tightened.

You: 'But he always knew that something was with me... He should've known the moment he laid eyes on my Naruto scroll. So.. Why does h--' frack..!

Gane: Are you alright?

You: *fake smile* Yep!

Gane: ...Then why'd you swear?

You: 'Get off situation.' Hey, Gane. Do you swear?

Gane: Yeah... Sometimes... You?

You: 'If this works...' frack.

Gane: *grin* That was so simple! *laughs* Everyone knows you swear*

You: Really?

Gane: Yeah!

You: 'Good.' You mean everyone in this class or the school?

Gane: Class. I mean, you weren't cool until this year.

You: Co--

"Sakia."

You shut-up talking. Even if you were cool to others, you also had a reputaion. To be perfect to the kids and to the teachers.

You: ... 'frack... My papers are probably bloody.'

While you were gripping the kunai, it had cut your felsh and that is the cause of what made you swear out loud.

You let put your other hand in and held the kunai and let go of it with the injured hand--careful to not make any noise. You then got up and went to the back of the classroom to get a handkercheif; careful to hide your hand. You then went and sat back.

Sunny: *looks at you*

You: *whisper* What?

Sunny: *grins and looks back*

Your raised an eyebrow before putting your hands in your desk and washing the blood from your hand. After doing so, you peered into your desk so that you could clean the blood better.

You: 'Note to self; never grip a kunai at the sharp end.'
