1. Till the Very End

Life is Filled with Twist and Turns
Not many can see it
Not until that Final Crash and Burn

We are told to Live
With no Regrets
But What do you do
When somethings you just can't forget?

I'll Hold you through the night
And Kiss away your Tears
I'll promise to make things right
and Fight away your Fears.

I promise you my Heart
And Forever my Love
I promise you a new Start
and I'll watch you from above

Your my Angel
Your my light
Your the Reason
Why I fight

As Long as I have you
I'll never give In
Your My Love
Your My Best Friend

And Forever you will Be
Till the very End.

Um..Yea XD Tell me what you think ^_^
