a poem that I wrote about how Sasuke might feel about his friendship with Naruto, even after he leaves everyone.

1. Fallen

Fallen
(A Tribute To Uchiha Sasuke)

Are we still falling?
Falling faster,
My mind s still stalling
The possibility
That you can t hear me
Calling out your name.

I want to call you back,
A last minute panic slows me,
It would be safer for you,
If I just left you behind,
And pretended you were dead,
They d never care.

As long as I m there
To serve his needs,
I don t have to kill you
To keep him at bay,
Please believe me when I say,
I m trying to protect you,
By keeping you away.

Please stay where you are safe,
Don t prove that my efforts were in vain.
