Poems.....some really do speak truth. Not all of them speak about friendship....how could they all!?

1. "Friends I Thought"

I miss the times before.
I miss the knocks on my door.
I miss the things we'd talk about.
I miss the way we thought things out.
I wish it was like it used to be.
I miss the things we used to see.
I always looked forward to talking to you.
I miss the things we used to do.
I hope we would stay close always.
Best friends forever as they say.
We grew apart and now I hide.
Hide away on the other side.
All my friends, I miss them too.
Far apart, that's the way we grew.
I'm so scared now, to speak to anyone.
I feel as if I've hurt you.
Have I really hurt you?
I hope you're well and you are content.
My words didn't come out like I meant.
I wish for friends once again.
But scared I am.
Won't you tell me we are such friends.
All I want is my friend in the end.
It scares me the way you just walk by,
And when I wave, you never say hi.
And when I smile, yours fades away.
Yes, we grew apart, day by day.
Now I cry and almost hope to die.
This one little things keeps me sad.
I never knew it'd be so bad.
Now I miss you,
I've made that clear.
I've lost my friends,
The friends I found so very dear.
I knew things were getting better,
But now the eyes are getting wetter.
Nothing at all was right to start,
Nothings better, not from the start.
Missing you, I have done wrong.
Now my thoughts are in song.
I wish for you, as my friend.
My friend, my friend.
Until the end.
