1. Characters Bios

Okay here we go

This is the story behind my character Heniretta, and i added some few things.

I tried to add this in my pictures but it didn't work out..

Here is my Family Tree:

Gene Starwind is my father. Even though he tries to act like a father. It always backfires. But he was the one who though it was okay to let my Godfather to raise me untill he came back. Now, since my Godfather passed away I treat him like a father.. well, sort of..

Samus Aaron is my mother. She always tells me that i got her smarts. But, I always I got my smarts from my Godfather. But, she has always tried to convince my dad to lay off trying to protect me in what i do so... now a days we always keep in touch.

This is my Hubby Solid Snake. Eventhough we have a difference in age.. sort of.. He met my father while we were dating and ever since then, my father has a grudge against snake because it is either his age or how he is even related to him.

This is my Characters Godfather, or "Godfa" is what Heniretta calls him because she could quite say father yet when she was young. He was chosen as Henrietta's Godfather before she was born. After she grew up, Gene gave Henrietta and after that he raised her, untill he thought she was old enough to go on a mission with him (Metal Gear Solid 3: Snake Eater) but after the mission was over he made it clear with the president that Henrietta inherits his title as "Big Boss" and he announced that I was Offically His daughter. But the Problem with that was my Parents were still alive. But Samus thought it was a good decision But, Gene thought it wasn't okay then his family would be torn appart. But some time later he was on his bed dying and he told Henrietta that he gave him his blessing that she could marry one of his sons, but the son had to remind her of him. So thats how Solid Snake Came into the story.

This is Leon S. Kennedy he decided it was the best that he quit the secret ops. and Joined the police force. Now He has to hunt Henrietta of a Crime. But the problem with that is that he has to work with a bounty hunter. Guess WHO??

Thats Right!!! Leon has to work with Spike Spiegel the legendary bounty hunter. With his Smooth talkin ways he can find Henrietta anywhere.

Yes I know, I thought to myself that the story wouldn't be complete without Otacon. He helps Henrietta discover who was the one who convicted her with the crime in the first place.

Also I decided to add Raiden to the story as well. He still has a lot to learn when it is to help out an outlaw, especially if it is Snake's Wife.

Okay I know what you are thinkin WHY IS ASHELY IN THE STORY FOR?? Well to tell you the truth i could make my story make any more sense.

SPOILER WARNING!!! IF YOU HAVEN'T READ MY STORY ^_^;; I'LL JUST EXPLAIN SOME OF IT TO YOU ..

Okay here is how it goes. Henrietta has been accused of the crime of spreading a virus. Leon, thinks that she is the one because of her illness that she has. But the illness that she has is called "heart spazzums" (which is like a panic attack but 2 times worse ^_^;; sorry) but Leon doesn't know about Henrietta's illness until later in the story. Ashley told the police that Henrietta was the one who was spreading the virus, but really it was Her who was doing it all along. Later on in my story, You will find out the real reason why Ashley did it all this time..

2. My Oc Bios

Okay this is how my story goes. I had Amnesia for at least two years. i got married to Pegasus when i was 20 years old. but when I regain my memory back, I realized that i was married to the creator of duel monster. i thought to myself that is wasn't true so i ran straight towards where seto kibia was living. when i answer the door i tried to give him a kiss but he tell me that he was married, he was married to Kay. So I run off somewhere, in the process that I was running off crying of thinkin that this was some kind of dream. so I Had an idea that i thought might work. so I attempt to kill myself, but unfortunally it didn't work (*WHEW*). But when I got back to the mansion, the doctors told my husband (Pegasus) that I went completly insaine that i would never be the same ever again.

This is me now, after Pegasus's death I Was able to read his will and it said that i inherited his company, but the trick was that i would only have it for a certain ammount of years. So i devised a plan, with the help of Cat and Atemu they helped me Disguise myself as my husband. but when they asked me (as Pegasus) What happened to me? they thought i was dead i told them i was in a very deep sleep, I was very Tired from the Stress and adreadeling rush from the duel kingdom tournament, that i needed a few weeks of rest. cool cover huh?? o_o;;

so that is what i have for now. i hope this explain a few things.

This is my very Best Friend Cat. I meet her and knew her before I had Amnesia. Now with the help of her and her boyfriend, now husband hehe o_o;; (I hope i got that right cat ^_^;; correct me if i am wrong. if i am sorry..) try to help me keep my seceret while i am in charge of my husband's company.

This is Cat's Boyfriend, Now husband (i know i should stop saying that cat but it is my Story *sticks out toung* XP) But anyways he tries to keep my idenity under wraps. while i am working and with the help of him he tries to teach me how to act more like my husband so the workers at the company don't suspect anything.

This is Kay my husband's Neice. When she found out that her uncle married me, she felt very uneasy of me because that i was her new aunt and i was about the same age as her. so after a very short time we became very close friends. now a days she is married to Seto and lives with him.

This is my Husband Pegasus J. Crawford. He meet me shortly after i woke up when i had my Amnesia and after that we began to go out and then we got married two years after that. now he is in charge of the Duel Kingdom Tournament, He made sure that i was watching him Duel. But after the duel he loss to Yugi And when Yami Bakura took out His Millennium Eye That is when i gained a little sanity. He shortly Died after that. Then I Knew I was determined that I would Retrieve the Millennium Eye so i would be able to be more like him or be able to see him.

He he i think this reminds me of myself of what i really want to do while i am at school ^_^;; with Cat and the others.

This is what i would normally do when i was in school in America.

This what i look like in my Story. I found out later on that i was pregnant with pegausus baby. which turns out in the end that i had twins. but the website only let me choose one so i hope you get the jst.

This is Dark Magicain of Black Chaos. This is my Favorite Card (but to tell you the truth i have other favs. but i choose this one instead heh heh ^_^;;) The card always helps me in very tight situations. and we have a bond kinda like a bro. and sis. thing (If ya know what i mean...
