AKA "Lock the Doors"

1. Before the Storm Comes

Lock the doors,
Lock them well,
Hide my fear,
Hide it well.

Theres a storm coming...
So lock the lie,
For all my fears I sow
Have come for me to reap them.
And I know you repent me.
Remind me of my past sins.
As if I'm dead...

The sea serpents wrap around me,
And tighten they do-
Squeeze me until I do not breathe...
I feel my life slip away.
Until I wake up from
My horrible nightmares...

Outside my boundaries
Lays something dark,
My fears make me
Question all I am..
Am I real,
Or am I but a dream...
