1. Thank You

Thank You

my mind keeps reeling...
i think of so many things at once.
but what i have time to think about,...
is you.
my heart is beating everytime i talk to you,
and everytime i don't talk to you,...
i feel dead...
i wish i could give you my heart,...
and i'll give it to you through
my mouth
i cry everytime i don't talk to you
i don't ever want to let go,...
i want us to be together forever...
My broken heart is mended because of you...
thank you...
but the tears will still fall even if I can't be next to you,...
but my shadow behind you,
my ghost in front of you...
just to tell you that I love you
if only tears could bring me to you
as the rain falls, my heart breaks, because
i see your vision in front of me, staring me back in the face...
but the window reflects my image and my
illusion is shattered...
if only I could take your hand in mine
