Sakura blushed, "Nothing! I-I'm not laughing at anything!"

Gaara just stared at the pink haired girl for a moment before he let her go. She quickly got up and walked back over to her computer, and sitting at her desk. she turned in her swivle chair and looked at him for a second.

"What?" He asked, raising an eyebrow. She quickly shook her head. Then a thought came to mind. 'What if I kissed him?' She, without another thought, walked over to him and kissed him before he could speak.

-----ASKTIRCT TIME!!-----

"Hey, Neji, what do you think they're doing?" Naruto asked.

"I d-dont know, Naruto." Neji said, looking at the ceiling uncomfterably.

"I bet Sakura is kicking his butt on CTR!! Gaara doesn't stand a chance!"

(Please dont kill me! XDD If you are extra nice, I might make it longer next chappy! XDD But only if you review!!! X3)

22. Stupid tetress! X3

Gaara chuckled as she pulled back real quick after the peck on the lips.

"What!?" She asked angrily, wondering what was so funny.

"Nothing," He said, still smirking, closing his eyes, laying back on the bed, and putting his arms behind his head.

"Whatever!" She yelled, grabbing and throwing a pillow at him. She wanted to yell at him some more, but found herself smiling, and soon enough, laughing.

"Now shut up and let me get some sleep!" She giggled, as he got up and went to the door heading downstairs to watch TV till morning, or whatever he found to do in the other rooms, since he couldn't sleep.

"Night," He said, smirking, walking out.

-----ASTRICT!! LOVE IT!!!-----

"Hey, Neji?" Naruto asked playing with the fabric of the tattered pillow.

"What?" He replied, lazily as he was messing around with his long hair.

"What game do you think they're playing now?" The blond boy asked.

Neji shivered, thinking, "Anything but that!"

"Anything but what?" The whiskered boy questioned.

"Anything but tetress!" Neji whined, not likeing said game.

XD Hurray! Another chappy done! (about time!)
