I can always make another one.*

1. Hate-Regret

Hate-Regret

Do this!

Do that!

the little boy is spoiled

till his hearts content

he laughs at old people

and bullies younger ones.

but as time flew by he

began to realize that

being a spoiled young brat,

can't be fun.

his father whipped him when he was

you.

and his mom harassed him.

the boy wakes up in pain

but the silence warns him that he's

alone.

He regrets his whole life on the one

this he despises

is the silence
