# 1. Dear Life

Dear Life

dear life,  
today i told a lie to my parents,  
they scared me and shunned me away...  
I still hold the pain and anger towards them.  
dear life,  
i hurt my friend,...  
she hasn't talked to me since.  
it'd be a shame to lose her.  
dear life,  
i cried in the rain,  
and no one could see me crying.  
i wish i could always do that.  
dear life,  
people were beating me up,  
i managed to fight back.  
until i killed someone that I didn't mean too.  
dear life,  
my parents don't love me anymore,  
i don't really care.  
they need to die anyway.  
dear life,  
i got in a fight with my perfect enemy today,  
she wasn't very good and yelling.  
i over powered her ability to scream by locking her in a closet.  
i bet she's dead now.  
dear life,  
i hurt myself again,  
the blade i tore open my skin with,  
wasn't such a good idea.  
dear life,  
i see the angels in heaven.  
they are waiting for me to come up there.  
dear life,  
my whole life was a complete game.  
I said "game over" and nothing happened.  
dear life,  
i saw my best friend in a mental hospital  
she wasn't doing so well.  
dear life,  
the blood i'm losing now,  
was supposed to be for me,

but my parents saw and were too late.  
dear life,  
i'm sorry for being such a screw up.  
and tell everyone i killed or hurt that,...  
i'm sorry,....  
dear life
