*Well Christmas is coming but 4 those who dont celebrate it i wanted to do a haiku poem about Winter!!!!<br /> plz coment!!!*

## 1. Winter is here

falling falling little puffy clouds of white  
your touch makes me tremble  
your cold shoots through my spine.  
oh flake of glorious design  
your patterns of fancy twists and turns amaze me  
as you glitter on the freezing ground  
even though your frozen cold like ice  
you will always bring warmth to my heart!!!
