1. WHAT?!?!

We close in on a certain college: Tokyo University to be exact. They are having the graduation for the young men and women who came there in 2008. It was now 2012, four years later and we focus in on a few certain people: A blonde-haired girl with her hair in odangos with bright blue eyes, we know her as Tsukino Usagi or Eternal Sailor Moon soon to be NeoQueen Serenity considering she was soon to be married to her long time boyfriend Chiba Mamoru who was in the crowd smiling proudly.

Next was a girl with bright blue hair and eyes, Mizuno Ami our favorite Sailor Mercury who was graduating to be a doctor just like she had always dreamed and couldn't wait to be able to be the doctor at the Crystal Palace. Next, our favorite raven-haired priestess Hino Rei who wasn't really graduating to be anything except head priestess but she had wanted an education she could fall back on just in case. Next our own Kino Makoto, she of course was graduating to be a chef. Next, Aino Minako who was of course graduating on a music scholarship for her singing.

Of course there was our own Tenoh Haruka who, thanks to her track history, got through on a track scholarship. Next Kaioh Michiru, who got through on a music scholarship with her violin. Next, Tsukino Trinity Usagi's younger sister who graduated on a regular scholarship like Usagi. And last but not least is our hero Kurosaki Aqua, Eternal Sailor Aquarius who graduated with a number of things: Music scholarship because of her flute and her singing, a cooking scholarship because of her marvolous cooking, medical scholarship because of her ability to heal wounds, and many other things, but the only thing that mattered to her was she was back with her friends, family, and lover and that their battle was over.

Finally, the announcer came onstage and said, "Allow me to present the graduating class of 2012!" The crowd erupted into applause but the people who were clapping loudest of all were Mamoru, the Starlights, Setsuna, Hotaru, and Chibiusa who had returned from the future to see her mother and aunts graduate. They all ran off the stage together and ran into the embraces of their friends.

"I'm so proud of you Usako."Mamoru said, kissing the top of Usagi's head. "Arigato Mamo-chan, now all we have to worry about is our wedding and Chibiusa, I want you to be the flower girl."Usagi replied, then looking down at her daughter who was hugging her around the waist. "Flower girl for my mother and father's wedding? Oh arigato ookasan!"Chibiusa replied happily, jumping into Usagi's open arms. "Hey Mamoru-san, have you seen Damian-kun? I lost him in the crowd."Aqua asked, looking around frantically for her lover.

"Knowing our brother, he's looking around for you just as frantically as you are for him."Mamoru replied. Then, a pair of hands appeared in front of Aqua's eyes and a voice she knew all too well said, "Guess who?" "Damian-kun! Don't you lose me in the crowd again!"Aqua cried, turning around and kissing him then hugging him. "Okay Koneko-chan, I promise I won't lose you in a crowd again."He replied, smiling down at her and hugging her back.

"Okay okay, let's go to the Crown and celebrate you guys' graduation my treat."Mamoru said, waving the money in the air. "All right!"They all cried. So they rushed to their cars and drove to the Crown. Once they arrived they had burgers and fries, along with shakes and were all laughing over the funny things the

girls were telling them about what went on at college.

"Okay, what's the craziest thing you guys did?" Setsuna asked. "Well, one time all the girls came to my and Trinity's dorm for a weekend sleepover and because of a dare, Minako and Usagi ran through the boy's dorms screaming like maniacs!" Aqua laughed out, bursting out laughing with Trinity and the others. "No wonder we woke up that night!" Damian and Cerion cried, glaring at Minako and Usagi. "Damian, if anything now's the time to do it." Minako whispered to Damian.

"Aqua-chan?" Damian asked. "Yes Damian-kun?" Aqua asked, turning to Damian. Then, he knelt on one knee in front of her. "Aqua, I know that your waiting for your knight in shining armor, but I want to be that knight will you marry me?" Damian said, opening a small box to reveal a gold ring that had two intertwined hearts one holding an Aquamarine the other holding a diamond.

"Oh, Damian-kun...I thought you would never ask!" Aqua cried, jumping into his arms and hugging him then kissing him. "Oh my gosh my Imuoto-chan's getting married!" Haruka cried, doing a happy dance that made everyone stare at her for a minute then burst out laughing. "Congrats you two!" Usagi said happily, flashing a thumbs up at them. "Yep, for once everything turned out perfect." Aqua said, hugging Damian.

Then, in a flash of gold light that knocked them all backwards a girl who looked like Chibiusa but with blonde hair and blue eyes and an orange cat on her head appeared. "Mika-chan?!? What are you doing here?!?" Chibiusa cried, running over to the small girl. "Chibiusa, something's wrong in the future." Mika cried, hugging her and starting to cry. "Chibiusa, who is this?!?" Aqua cried.

"This is Mika, she's your and Uncle Damian's future daughter." Chibiusa said all while looking at Pluto. But Aqua only said one thing... "WHAT?!?!?!?!?!?" *insert crows flying out of the trees*

2. The New Enemy!

"Now please explain this to me fully Chibiusa-chan." Aqua said. Once Chibiusa said what she did about Mika they went to the shrine so that she could explain fully. "Well, about three years after I was born the future Aqua had Mika and she always got excited to know about the past forms of her mother and father whenever I got back so eventually Pluto gave her a time key for emergencies." Chibiusa explained, looking at the small girl sitting beside her that was looking at Aqua and Damian in awe. "Well Mika-chan, you said that something was wrong in the future what's going on?" Aqua asked, looking at her future daughter.

"Well, a little while after Chibiusa-chan left some bad people attacked Crystal Tokyo. I was outside when the attack happened so I got to see them before Sailor Mars came and brought me inside to safety. It was so scary waiting in the room with Momma, Daddy, the Senshi the cats, Auntie Usagi and Trinity, and Uncle Mamoru and Cerion, just sitting there waiting for something to happen. Then, they broke through the castles' defences and found us. The senshi immediately jumped up to protect us but the enemy was too much for them. They captured the Senshi and Momma, Daddy, Auntie Usagi, Uncle Mamoru, Auntie Trinity, and Uncle Cerion!" Mika explained, then ending with hugging Chibiusa and crying.

Then, Aqua walked over and hugged her.

"It's ok Mika-chan, we'll save them alright?" Aqua said, gently rubbing the top of her head. "You're definitely ookasan, you feel just like her." Mika said, curling up in Aqua's arms. "Well, she's taking this a lot better than Chibiusa did the first time." Minako said, smiling at the scene in front of her.

"Chibiusa, there's a room at the house she can use would you take her there and let her rest? We're heading to the future to see what's going on." Aqua said, setting Mika down and immediately running over to her. "Sure Aqua-chan." Chibiusa replied, starting to walk away with Mika when suddenly she broke away and hugged Aqua around the waist. "Arigato ookasan, I know you'll save the future." Mika whispered, letting go and smiling at her then running back over to Chibiusa. "She's definitely your daughter Aqua-chan." Michiru said, smiling where the two had disappeared.

"Yeah, but I just can't believe it." Aqua said, tears of happiness and joy coming to the corners of her eyes. "Well, let's go." Aqua said, turning to them. So they hushed, got in a circle, and teleported away. When they arrived in Crystal Tokyo it was worse than they thought: The palace was practically in ruins, the towns were in ruins, and dark energy was everywhere.

"Things are worse than I thought..." Aqua whispered, looking around at what would soon be her home. Then, they felt someone rush behind them. But before they could tell who it was the person tackled Aqua to the ground and the two ended up in a scratching match. "Wait a minute, there's only one person who can scratch like that." Minako said, her head suddenly turning to face Rei.

"Sailor Mars?!?!?" Aqua cried in shock, looking at the person on top of her to see the future form of Rei. "Aqua, I'm so sorry I didn't realize it was you. Did Mika make it to you all right?" Mars asked, her face suddenly masked with worry for Mika. "Yes she did, she's back in the past with Chibiusa resting. And surprisingly she was more accepting that I was the past form of her mother than Chibiusa was with Usagi." Aqua explained, helping her off the ground.

"Well, I guess she's heard so many

stories about you from Chibiusa and your future self she adjusted to the idea easier."Mars replied, smiling. "Mars, what's going on? We came to help and we can't help if we're being left in the dark."Aqua said, pleading with her to tell. "Follow me, I'll tell you on the way."Mars said, leading them through the tree line. "Well, when the attack happened we immediately jumped to fight but then Selena realized she couldn't find Mika. I knew from all our experiences together she wouldn't hide without knowing her daughter was safe so I ran out to find her. I found her in the playground staring at the enemy in fear. I immediately grabbed her and ran to the safety of the castle to find Selena. By that time the walls were starting to collapse so we started running faster. When we finally found Selena she was waiting outside the door to the hiding spot and after a quick embrace the two got quickly ushered in by me and Jupiter. After the enemy burst in we started fighting and soon I was only one standing. Selena told me to take Mika and escape that they could handle things from there. So I did what she asked me to. The next thing we saw was the spot where the hiding place was explode. Then I told her to use the key and escape to find you. So here we are."Mars explained with everyone hanging onto her every word.

"Rei, who is the new enemy?"Aqua asked, knowing everyone else wanted to know as well. "Everyone."She simply replied. "You mean-?"Usagi started. "Yes, every old enemy is working together and back for revenge."Mars said, shuttering at the memory of Esmuarde glaring at Mika.

"Who's leading them?"Aqua asked, her mind automatically flicking to Chaos. "Megumi."Mars replied sadly. "But that can't be! I killed her I still have scars to prove it!"Aqua cried, showing them her arm where there was a large gash. "Well, it turns out she was from the Black Moon Clan she has the upside down black crescent moon. So somehow Chaos came back, turned the ones turned good back to evil, and brought the ones dead back to life and their all rising up against us here in the future and once they find out that Mika's in the past will be going for you as well."Mars replied.

"Well don't worry, I won't let any evil freaks get ahold of my daughter as long as I have this!"Aqua said, pointing to her brooch. "I thought you would say that, well you'll have help not only from Chibiusa but Mika can also help because-"Mars started. "Oh don't tell me..."Aqua said. "She's a senshi in training."Mars finished, smiling at her.

"Well, here we are."Mars said, pointing to a large cave entrance in front of them. "Is this where the enemy is holding them?"Aqua asked, following everyone else inside. "Yes, I've been watching what they're doing to everyone to try and find out where Mika and I are and I want to catch them all on fire for it."Mars replied, growling at the thought. When they arrived to where they were being held they hid behind a large rock formation and looked out to see everyone hanging on the wall in shackles.

Then, none other than the clone Kunzite walked out and stood in front of Selena. "Now, I shall ask you one more time my queen, where did your daughter and friend go?!?"Kunzite cried, glaring at her. "Leave her alone you fake!"Venus screamed, kicking at the wall to no avail. "Oh, so your friends still have some fight in them do they? I can change that, Kun!"Kunzite said, shooting bright orange energy at Venus causing her to scream in pain and the others gasp in fear.

"No!"Aqua whispered, starting to run out of the rock but being stopped by Haruka. "Are you crazy or do you just want to be killed?"Haruka asked. "Well, we'll still stop him."Aqua said, pulling off her brooch and smiling in a devilish way. "Silver Moon Crystal Power!"Aqua cried, slamming the brooch on the ground and bright pink energy shooting through the ground and knocking Kunzite out and blocking the

entrance where he came in.

That's when they dashed out.

"Are you alright Venus?" Aqua asked, going over to her. "Yes I'm alright, nice trick by the way." Venus replied, winking at her. "Rei, where's Mika?" Selena asked.

"She's in the past with Chibiusa, we decided to take care of her while we get this sorted out." Aqua answered for her. "I knew I could trust my past self, but you must know that even though she's your future daughter and loves you to death she can have your stubborn attitude on some things." Selena replied, smiling at her. Then, people on the other side of the door started trying to break it down. "You must go now, before they get to you too!" Selena said.

"But what about you?" Aqua asked. "We'll be fine, just go!" Selena replied. "Ok." Aqua said. And with that they ran out of the cave.

"Aqua, you and the others should get to the past to make sure everything's alright." Mars said. "Well, I was just about to check on that." Aqua said, opening the lid on her communicator. She pressed the button to call Chibiusa's communicator and they only heard one thing, "AHHHHHHHHH!" "Let's go!" Aqua cried.

So they telported away, from the future and back to the past.

3. The Song!

When they got back they automatically rushed for their house and burst in to find what they were screaming over was: They tried to cook and it exploded. "Girls..."Aqua said, her eye twitching in anger over the fact that the kitchen was dirty. "Ummm ookasan this isn't what you think...we were just hungry and...it was all Chibiusa's idea!"Mika stuttered, ending by pointing to Chibiusa. "What do you mean it was my idea?!?"Chibiusa cried.

"I mean exactly that and ookasan is sure to believe me!"Mika cried back. "That's it!"Usagi and Aqua cried, dragging the two of them apart. "Were you able to help ookasan in the future?"Mika asked, looking at Aqua. "Well, not exactly..."Aqua started.

"I should've known you wouldn't be able to help! I like future ookasan better, I wanna go back home!"Mika cried, rushing up to her room. "Mika-chan wait!"Aqua said, starting after her but being stopped by Setsuna. "Give her a little time, she'll get used to the idea of you being her future mother again."Setsuna said. So while she and the Outers ushered the others out of the house Aqua just stared at the stairwell where Mika had disappeared.

Once dinner was started and Mika still hadn't come out of her room Aqua decided to take something up to her. Once she had the plate ready she went up to the closed door to Mika's room and was about to knock when she heard Mika crying. She sat down by the door and started listening to her. "Oh Ookasan, I know you said if I ever came back to the past to trust in your past self but how can I when she can't help you? Oh I want to trust her so much but I miss the real you so much, I bet she didn't even find you I just wanna come back home and have everything back to normal."Mika cried.

Aqua, with tears in the corner of her eyes, walked through the door. "Hey Mika-chan, I figured you were hungry so I brought you something."Aqua said, setting the plate in her lap then sitting down beside her. As she slowly started eating Aqua decided to tell her, "I heard you a second ago Mika. I understand how you must feel about me: Growing up around my much more powerful mature side then suddenly transitioning to this sentimental clutz who can barely protect herself. But what you must understand is that we did find her but she insisted we leave so as not to get hurt. You are my future daughter Mika and I love you with all my heart and I promise that we will save the future and I'll protect you with every fiber of my being."Aqua explained, looking at Mika who had stopped eating and placed the plate beside her.

"I'm so sorry Ookasan! I shouldn't snapped at you like that, I understand that your trying, I love you too and I'll protect you too!"Mika cried, latching onto Aqua and sobbing. That's when Aqua noticed a small pink heart on a chain around Mika's neck. "What's this Mika-chan?"Aqua asked, looking at it. "Its a necklace future Ookasan gave me, it plays our lullaby that she says grandma used to sing to her."Mika said.

Aqua opened the lid and a picture of Mika, her future form, and Damian's future form at the park fell out and a song started playing that she knew all to well: You'll Be In My Heart. The tune started playing and Mika layed her head in Aqua's lap so Aqua did the very thing her mother used to do with her: She started stroking her hair and singing the lyrics:

Come stop your crying

It will be all right
Just take my hand
Hold it tight
I will protect you from all around you
I will be here
Don't you cry
For one so small, you seem so strong
My arms will hold you, keep you safe and warm
This bond between us can't be broken I will be here
Don't you cry
'Cause you'll be in my heart
Yes, you'll be in my heart
From this day on
Now and forever more
You'll be in my heart
No matter what they say
You'll be here in my heart, always
Why can't they understand the way we feel
They just don't trust what they can't explain
I know we're different but, deep in side us
We're not that different at all
And you'll be in my heart
Yes, you'll be in my heart
From this day on
Now and forever more
Don't listen to them
'Cause what do they know
We need each other, to have, to hold
They'll see in time I know
When destiny calls you
You must be strong
I may not be with you
But you've got to hold on
They'll see in time I know
We'll show them together
'Cause you'll be in my heart
Believe me, you'll be in my heart
I'll be there from this day on
Now and forever more
Oh, you'll be in my heart
No matter what they say
You'll be here in my heart, always
Always I'll be with you
I'll be there for you always
Always and always
Just look over your shoulder
Just look over your shoulder
Just look over your shoulder
I'll be there Always

By that time Mika was asleep and Aqua was a lot cheerier. She pulled back the covers, layed Mika down, covered her up, kissed her gently on the head, then said, "Goodnight Mika, Ashiteru." And with that, she turned out the light and walked out of the room closing the door behind her.

4. The First Attack!

"Man, I don't wanna go to school ookasan!"Mika whined. Since she was obviously going to be there for a while Aqua enrolled her in Chibiusa and Hotaru's school. "Well, since Setsuna is the school nurse do what me and Hotaru-chan do when were tired of school: fake sick!"Chibiusa said. "You mean those times the two of you came in complaining of headache and who knows what else were fake?!?"Setsuna said, hovering over the two with flames in her eyes.

"Umm, oh look there's the school BYE!"Chibiusa and Hotaru replied, rushing into the school to escape Setsuna's wrath. "Ok Mika-chan, see you in a few hours."Aqua said, hugging her. "Ok ookasan, see you soon!"Mika replied, grabbing Setsuna's hand and walking with her. But since everyone was busy until their school let out she decided to do some housework until it was time for Setsuna to get home with Mika and Hotaru.

The time passed by quickly until Hotaru and Mika came bursting through the door screaming, "AQUA!!!!!!!!!!!!!" (ookasan in Mika's case) and tackling her to the ground. "Koniichiwa girls, now go upstairs and wash up were going shopping."Aqua said, hugging each of them then allowing them to rush upstairs giggling like mad. "Why didn't you stop them?"Aqua asked, bending her back to get the crick now present there out. "I figured it would be funny."Setsuna replied, leaning against the doorframe and smiling.

"In Hotaru's words from after the battle with Galaxia, "Your sly""Aqua said. "Its in my nature, now what's with the shopping business?"Setsuna replied, watching her as she whipped out her bright pink cell phone. "Well, Usagi and I are getting married we need bridesmaids dresses and other things!"Aqua explained happily, smiling and flashing a peace sign. "What do you mean dresses?!?"Haruka cried, walking in the door with Michiru.

"Its our wedding, and we agreed your wearing a dress even if we have to force you into it."Aqua said, starting to dial Minako's number. "Oh, so you two finally agreed on a conjoined wedding?"Michiru asked. "Yes, we figured since Mamoru and Damian are brothers and she and myself are cousins its perfect."Aqua replied, putting the phone up to her ear while Haruka was mumbling about having to wear a dress. Then, Minako picked up: Moshi Moshi this is Minako's bachelorette pad how can I help you?"

"Minako, stop fooling around and get the other girls on three way."Aqua said, laughing at her cousin's antics. "Fine."She replied, pressing the three way button and Usagi, Rei, Makoto, and Ami picking up at the same time. "You guys up for a little shopping?"Aqua asked. "ALWAYS!"They replied.

"Good, see you at that wedding boutique outside Juban Park, ja ne!"Aqua said, hanging up. "Ok girls, come on!"Aqua cried up the stairwell and the girls tramping down, obviously ready to go. "Ok, to my car!"Aqua cried, shoving everyone out to her Porsh. When they arrived at the boutique the girls were there waiting for them.

"Ok, what are we looking at first?"Rei asked. "Bridesmaid dresses."Aqua replied, recieving a grumble from Haruka. "I'm guessing she's still not up to the idea?"Usagi asked. "Nope."Aqua replied.

"Speaking of which Aqua, you two haven't mentioned who's doing what role."Minako said as they walked in. "Well, Chibiusa, Mika, and Hotaru being the youngest are going to be flower girls, Motoki and Cerion are going to be the

best men, Shinji is going to be the ring bearer, and we haven't announced who are maids of honor are yet."Aqua said, naming them off. "Wow!"They all said, looking at the fabulous dresses. "What style are you looking for misses?"A lady asked.

"Like this."Aqua said, showing her a picture of the dress she wore to the scout ball. "Oh we have plenty of those in many different colors! Just over there."The lady replied, pointing over to a rack. "Arigato, let's go guys!"Aqua replied, rushing over to the rack with the others. "Ok guys, try to find one in your size and if you can, main color."Aqua said.

After about five minutes Ami had a deep blue one, Rei had a deep red one, Makoto had a dark green one, Minako had a bright orange one, Haruka had a navy blue one, Michiru had a teal one, Setsuna had a black one, Hotaru had a purple one, Chibiusa had a pink one, Mika had a ice blue one, and Trinity had a light yellow one. "Perfect! Now all we need to do is find our wedding gowns!"Aqua said, sparkles appearing in her eyes. "Guess who?"Someone said, putting their hands over Aqua's eyes. "Damian-kun!"Aqua said, jumping into his arms.

"Daddy!"Mika cried, hooking onto his leg. "No offense Mika but, let him go he's mine!"Aqua said in her sweetest voice possible. "Do I have to Daddy?"Mika asked, putting on her most innocent face possible. "Of course you don't neko-chan!"Damian replied, lifting her up into his arms.

"Huph!"Aqua said, turning away from him. "What? Your my future wife she's my future daughter are you actually going to make me choose between you?"Damian asked, looking frantically between Mika and Aqua. "Oh of course not! I was just yanking your chain I love both of you exactly the same!"Aqua said, happily hugging both of them. "Woh, they have a better family bond than Usagi, Mamoru, and Chibiusa."Rei said, looking over at the three where Usagi and Chibiusa were having there annual "Let's try and pull Mamoru in half" contest.

"Why didn't you invite us?"A voice asked. They looked behind Damian to see the Starlights carrying loads of bags and Mitsuko leading them: It was obvious Mitsuko had gone on a shopping spree and used the Starlights as packmules. "Because I already knew guys' sizes so I went ahead and got your dresses!"Aqua replied happily, handing Taiki a yellow one, Yaten a white one, Seiya a red one, and Mitsuko a yellow one. "Arigato Aqua-chan!"Mitsuko said, hugging her neck.

"Those two are like sisters."Minako said. Then, Aqua and Usagi spotted the most gorgeous wedding gowns they had ever seen! "These are perfect! We must have them!"Usagi and Aqua said, grabbing the dresses and holding them delicatly in their hands. Then, there was a gigantic explosion outside!

"Oh why now?!"Aqua cried, frantically paying for the stuff then all of them running outside and seeinf where the explosion was. When they arrived they saw two people they really didn't want to see again: Esmurade and Beruche. "Oh look Beruche, we spoiled their plans and now their mad at us, whatever shall we do?"Esumrade said. "We shall do-THIS!"Beruche cried, shooting them with dark purple energy and knocking them backwards.

"Mika-chan, go and hide with Raven we'll be fine."Aqua said, watching Mika and her guardian cat Raven, daughter of Kit and Titan, run behind a bush. "You'll pay for attacking this town! Aquarius Eternal Power, Make-Up!"Aqua cried. But her henshin wouldn't come! "Guys my brooch isn't working!"Aqua cried.

"Let me try, Mars Crystal Power, Make-Up!"Rei cried. But her henshin wouldn't come either! "Oh how lucky! Dark Power!"Esmurade cried, shooting them with more dark purple energy. "Raven I can't leave them to endure this,

there must be something I can do!"Mika cried, watching it all in shock.

"Well, feel lucky I grabbed your brooch before we left! Nya!"Raven replied, doing a backflip and a brooch similar to Super Sailor Chibi Moon's but pink and ice blue appeared. "Arigato, Neo ChibiMoon Crisis, Make-Up!"Mika replied, holding the brooch in the air and henshining into fuku that was like Super Chibi Moon's but it was yellow and blue and she had wings and a headset. "Let's go!"Mika cried, launching out of the bush. "Hey creepos! Stop hurting my Okkasan and her friends, from the future I'm Sailor Chibi Aquarius and in the name of the Moon, the planet Venus, and the South Pole I'll punish you!"Mika cried, doing the same pose as Aqua's.

Suddenly a pink and blue rod like Chibiusa's Pinky Moon Rod but with wings and a crystal in the center appeared in her hand. "Sugar Candy Slash!"Mika cried, slashing her rod through the air and one hundred candies shooting all around Beruche and Esmurade. "Wah?!?"They cried, looking at the candies in confusion. Then, they started exploding all around them!

"AAAAAHHHHHHH!!!!!!!!!!!"The two screamed, trying to dodge the explosions. "We'll get you stupid sailor brats!"The two cried, escaping through a portal. "You did it Mika-chan!"Aqua cried happily, hugging her. "Yep!"Mika replied, flashing a peace sign. "Well, let's get home."Aqua said, taking Mika's hand.

So they got in their cars and drove home. Their first battle with the new enemy conquered.

5. The Accident

It was 3:00 a.m. and Aqua couldn't sleep. Once again everyone's lives were ruined because of her. Well, she was stopping it before it could happen. She walked out of the room, looked at Mika and Hotaru in their rooms, then left the house.

After wandering around aimlessly for a few hours she started feeling like she was being followed. She whipped around to see three people she really didn't want to see: Saphir, Jeadite, and Coan. "Boo." Coan said. Realizing she still couldn't henshin she started running with the three following closely behind,

But what she didn't realize was that they ran her into a busy street. By the time she realized where she was, bam! she was hit. But luckily a woman saw what happened, found Aqua's cell phone, called an ambulance, then found the Outer's number on speed dial and called it. Back at the house everyone was frantic with worry when the phone rang.

Setsuna answered it in the other room and after talking for a few minutes came back into the room with tears in her eyes. "Aqua was being chased by the enemy and they chased her into a busy street, she was hit by a car and is on the way to the hospital." Setsuna said, finally letting the tears fall. All the others could do was gasp. "Let's go see her." Trinity said, standing up.

So they rushed out to their cars to go be with

Aqua in the hospital.

6. The Discussions

All the scouts, Damian and Cerion included, burst through the hospital doors as soon as they arrived. "We want to see Kurosaki Aqua!" Trinity, Mitsuko, and Haruka cried, slamming onto the desk. "Are you family?" The assistant asked. "I'm her fiance, these three are her guardians, these three are her cousins, and these are her little sisters." Damian explained, pointing to himself, Setsuna, Michiru, Haruka, Usagi, Trinity, Minako, Hotaru, Chibiusa, and Mika.

"Ok, you may go in but they can't." The assistant replied, pointing to Rei, Makoto, Mitsuko, and Cerion. "What do you mean we can't go in?! We've grown up together you have no right to say we can't go in!" Rei cried, having to be held back by Haruka and Makoto. "Mia, they can come in too their with me." A voice said, causing them all to turn and see Mamoru. "Ok Dr.Chiba, you may go." The assistant said, leading them over to him.

"Mamo-chan, are you taking care of her?" Usagi asked, looking up at him. "Yes I am Usako." Mamoru replied. "How is she?" Michiru asked. "Not good." Mamoru replied.

"What kind of not good?" Haruka asked.

"She's in a coma, her room is right over-" Mamoru replied, pointing to her room but seeing everyone had dashed to her room right after he pointed. When they arrived in her doorway they were shocked at what they saw: She was hooked up to tons of wires and machines, she looked worse than when she did when her forms were fighting each other.

"Oh Aqua..." Trinity said, sitting down beside her and taking her hand. "How could this happen? She can't leave us here..." Michiru said, tears threatening to spill over her eyes. "Aqua, don't leave us here..." Rei whispered, taking her other hand. Then, Rei felt her hand move slightly.

"Oh my gosh guys, she moved! Just slightly but she moved!" Rei cried, looking at everyone else. That set Usagi off running down the hall. "Mamo-chan, she moved SHE MOVED!" "Are you sure we shouldn't have held her down while Ami went and got him?" Minako asked, looking down the hall where dust was still settling from where she had ran.

Then, Usagi came running back in with Mamoru. "So Usako tells me she moved slightly?" Mamoru asked. "Hai, she did." Rei replied, looking down at Aqua. "Well, what did anyone do right before she moved?" Mamoru asked.

"The only thing anyone did was I took her hand in mine and asked her not to leave us here." Rei said. "Well, apparently she's responding to anything you guys do or say to her." Mamoru said. "So basically what your saying is were what's keeping her alive?" Hotaru asked. "Basically hai." Mamoru replied.

"Well, what if we each talk to her privately? Then wouldn't she respond to each of us mentally in a different way and that maybe rouse her?" Ami suggested. "Perfect idea Ami-chan! So who wants to go first?" Mamoru asked, looking at each of them individually. "I'll go first." Trinity said. "Okay, everyone else go into the waiting room and Trinity come and send someone else in when your done." Mamoru said, ushering everyone else out.

Then, Trinity started talking:

"Hey Aqua-chan, you can probably figure out by now its me. I just wanted to say, we all care so much about you so please stay with us. We all need you so much, especially me. When I first heard of what happened to you for some

reason I thought back to our final goodbye four years ago in our battle with Megumi. I don't want to have to go through that again with you Aqua, so please come back to us soon. I wrote a song for the two of us, some of the parts were written for you so it might sound a little wierd but here it is:

[aqua:] I got class, pananche, I'm in the groove ...

[trinity:] As long as you don't try to move! I got style, grace and a crazy beat ...

[aqua:] You sure are light on those two left feet, and we're

CHORUS: [both:] Friends for life, friends for life Through all kinds of trouble and struggle and strife

[aqua:] I've got a problem I can't explain ...

[trinity:] I'll be there with the plane! I got moves, son ...

[aqua:] You learned from me! I got a song to sing ...

[trinity:] If you can find the key!

[both:] Whatever she's got I've got more of But there's one thing we both are sure of, we're

CHORUS [trinity:] I'm stuck on a mountain without a hope ...

[aqua:] I'll be there with the rope!

[trinity:] Like my duds?

[aqua:] Oh, you sure are cute!

[trinity:] They fit me better than your monkey suit!

[aqua:] There' nothing you do I don't do better

[both:] But as long as we can stick together, we're

CHORUS [both:] There's all kinds of people, but we'd rather be friends for life, you and me

CHORUS [both:] There's all kinds of people, but we'd rather be friends for life, you and me

[aqua:] If I'm in a jam ...

[trinity:] Here I am, and if I get sick ...

[aqua:] I'll fix it quick, and if I fall in love ...

[trinity:] Hey! That's enough!

[both:] We're friends for life!

Well, I'm going to let someone else come in now see you later."Trinity said, walking out. She walked out to where they were waiting and said, "Who's next?" "I am."Minako said, walking past her into the room. She sat down where Trinity was sitting and took Aqua's hand.

"Hey Lena, its Minako. I know we've haven't been the closest family members lately but I really do care about you, we all do. In truth, I've always kind of envied you, your good looks, getting all the guys, then grabbing a great guy like Damian. But, I put all that beside me because I love you and I would never want anything simple like jealousy come between us. So please get back to us, see ya."Minako said, kissing the top of her head then walking out. "Someone else can go in."Minako said, sitting down.

"I'll go."Usagi said, standing up and walking into her room. "Hey Aqua-chan, its Bunny. I wish you were really with us because were all so worried about you, you can't just leave us here like this after you've survived so much worse. We are all worried, and little Mika-chan dosen't understand what's going on with you and Setsuna is trying her best to explain it to her but it isn't going to well, so please get back to us soon."Usagi said, kissing her head softly then walking out.

"Someone else can go."Usagi said, sitting down between Chibiusa and Trinity. "I will."Ami said, standing up and walking inside her room. "Hey Aqua, Ami here. We haven't been really close friends but you've really helped me out a lot: bringing Zoycite back to me, saving me during all those battles, and bringing me back during the battle with Megumi, you've helped us all so much, don't leave us alone again. Well, that's

all I have to say, ja ne."Ami said, walking out and silently sitting back down.

Then, Rei silently stood up and walked into her room. "Hey girl, I bet you were wondering when I was finally going to come in and talk to you. Well, since so many people went before me I started thinking of different things we had done together but somehow my mind drifted to the other day when Minako asked who was going to do what role in you and Bunny's wedding. I started thinking who you really had in mind for your maid of honor and my mind flipped through all the possible reasons you wouldn't choose me. But please, even if you didn't choose me I don't want to have to go to a wedding that was originated for two girls and only see one. So please, hurry back to us."Rei said, hugging her as best she could then walking back out with tears in her eyes.

"I'll go next."Makoto said, walking into her room.

"Hey Aqua, its Makoto. You know, when I heard what happened to you first I thought how bad I wanted to kill you for going out alone knowing you still couldn't henshin, then, the only thing I could think of was killing those stupid evil people who caused you to get into your condition. I promise you once we make it through this I'll give them a special butt-kicking just for you ok? Well, remember when you were trying to teach us how to control our elemental powers? I finally mastered how to willingly grow plants and flowers and so I'm going to give you something."Makoto said, holding out her hand, concentrating all her energies into her hand, and a bouquet of Sakura Blossoms springing up. "I grew these for you, since their your favorite and all."Makoto said, setting them into the empty vase that was on the table beside her. "Please get back to us soon Aqua-chan, everyone needs you back."Makoto said, blinking back tears then walking back out. "Who's next?"Makoto asked.

"We are, she always responded to us better if we were together."Michiru said, standing up and hooking onto Haruka's arm and the two of them walking into her room. "Hey Imuoto-chan, hehe haven't called you that in a while. I guess I just call you that whenever I'm worried about you, you really need to spring back for us like you always do this is torturing all of us to see you like this, especially Mika-chan."Haruka said. "So, please get back to us soon don't leave us all alone."Michiru said. So the two walked out.

"Ok, someone else go in."Michiru said, sitting back down. "I want to go next and see her!"Hotaru cried, hopping up. "You shouldn't go alone Hotaru-chan."Minako said. "She won't, she'll have me."Chibiusa said, hopping up and taking Hotaru's hand.

When they walked in, Chibiusa nearly broke down crying: she couldn't stand to see the woman who was like a second mother to her in this condition. "Aqua Onee-chan, its Hotaru and Chibiusa. We couldn't decide what to say so we thought the lullaby you used to sing to us would suffice:

How did I get here?

I turned around and there you were

I didn't think twice

Or rationalize

cause somehow I knew

That there was more than just chemistry

I mean I knew you were kinda of in to me

But I figured it's too good to be true

I said pinch me

Where's the catch this time

Can't find a single cloud in the sky

Help me before I get used to this guy

[chorus:]

They say that good things take time
But really great things happen
in a blink of an eye
Thought the chances to meet somebody like you
were a million to one
I cannot believe it (o woah)
You're one in a million
All this time I was looking for love
Trying to make things work
They weren't good enough till
I thought I'm through
Said I'm done
and stumbled into the arms of the one

You're making me laugh about the silliest stuff
Say that I'm your diamond in the rough
When I'm mad at you
You come with your velvet touch
Can't believe that I'm so lucky
I have never felt so happy
Every time I see that sparkle in your eye

[chorus]

I said pinch me
Where's the catch this time
Can't find a single cloud in the sky
Help me before I get used to this guy

They say that good things take time
But really great things happen
in a blink of an eye
Thought the chances to meet somebody like you
were a million to one
I cannot believe it (o woah)
You're one in a million... one in a million
All this time I was looking for love
Trying to make things work
They weren't good enough till
I thought I'm through
Said I'm done
and stumbled into the arms of the one

You're one in a million

After they were done singing they walked back out and sat down together. "Damian-kun, would you like to go before me? I mean you are her fiance."Setsuna asked. "No, you go first."Damian replied. "I wanna see ookasan

to."Mika said.

"Alright Mika-chan, let's go."Setsuna said, taking her hand and together the two walking into Aqua's room. When they got into the room Mika hopped into the chair by Aqua's bed. "Hi ookasan, its Mika. Auntie Setsuna has tried her best to explain what's wrong with you and I think I understand. She says your in a deep sleep and it was a possibility you might not wake up. So I really hope you wake up, ja ne!"Mika said, hopping out of the chair and running back to the others.

"Aqua, I promised myself I wasn't going to give you a verbal butt-kicking but I figure I should get it off my chest: You need to come back to us, your worrying everyone to death, Mika and Damian are being driven to the point of madness by it, and we need you! So if you don't come back to us, I guaruntee you that I'll find you in the Time Stream and give you a real butt-kicking for leaving us alone. So, that's all I wanted to say, ja."Setsuna said, walking out.

"Ok Damian, you can go."Setsuna said, sitting back down and putting Mika in her lap. "Arigato."Damian said, standing up and walking into the room. "Hey there love, its Damian. I miss you so much right now. But I figured I might as well tell you since you never knew. I was going to propose to you while we were in college but I got nervous and asked the girls for advice. They said the best thing to do was build up our relationship while we were in college and then once we got out of college that would be the right time to propose to you so that's why I proposed when I did. Also, I'm glad you taught them all how to control their elemental powers because it was Minako that made your engament ring. I still owe her a shopping spree for that. But, just rest now and try to come back to us love, ja ne."Damian said, kissing her softly on the lips. But what they didn't realize was that while Aqua could hear everything they were saying she was having her own battle: With her mother.

7. The Surprise!

Aqua opened her eyes to be in the same place where she always met her mother. "What happened? All I remember is those Negacreeps chasing me then getting hit by that car, then nothing." Aqua thought. "Welcome my daughter." A voice said, causing her to turn and see her mother. "Ookasan!" Aqua said, running into her arms.

"Are you alright Aqua? You gave me such a scare and the girls too!" Selena said. "The girls know what happened?" Aqua asked. "Yes, when you got hit by that girl a basserby found your phone and called them. Your in a hospital in a coma right now, look." Selena said, opening a portal to let her see.

"Ookasan, can you tell me why the girls and I can't henshin?" Aqua asked. "Well, its because the immense amount of power you and the girls are holding in will soon reach full power, then your true abilities will be unleashed." Selena explained. "Ok, I understand." Aqua said. Then, she saw Damian kiss her through the portal.

"Damian-kun." Aqua whispered. "Aqua sweetheart its time for you to go back, your fiance, daughter, and friends are waiting for you." Selena said. "Right, arigato Ookasan. Goodbye." Aqua said, smiling at her mother. Then, she stepped through the portal.

Right after Damian kissed her something extrodinary happened: Her eyes gently fluttered open. "Koneko-chan?" Damian asked in disbelief. "Damian-kun, am I really back?" Aqua asked, noticing tears of joy coming to Damian's eyes. "Yes, yes you are. Minna, come in here quick!" Damian replied, going over to the door and calling the others.

As they ran to the door they expected the worst until they got to the door and saw Aqua smiling and sitting up in the bed. "Hey minna, I'm back." Aqua said. "Oh, AQUA-CHAN!" They all cried, embracing her and letting Damian hug her last. Then, a look of shock appeared on her face.

"Oh no, please don't tell me you called the- BAM!!!!!!" "We want to see Kurosaki Aqua NOW!" -girls." Aqua said, hearing the pounding feet of her team as they ran to her door. Then, they burst in and grabbed her in a group hug. "Were so glad your ok Aqua-chan but WHAT WERE YOU THINKING DOING SOMETHING THAT RECKLESS AND STUPID KNOWING YOU STILL COULDN'T HENSHIN?!?!" Naoko cried, hitting her on the back of the head. "WELL SORRY THAT I THOUGHT THE ENEMY WOULDN'T SNEAK UP BEHIND ME AND CHASE IN FRONT OF A SPEEDING VEHICLE NAOKO-CHAN!" Aqua screamed back, which resulted in a glaring match.

Then, Mamoru walked in wondering what all the screaming was about. "Your awake Aqua? That's great, no wonder everyone was screaming a second ago!" Mamoru said. "Actually, we screamed about two minutes ago. The most recent screaming was the Bobsy Twins over there having a shouting match." Minako replied, pointing to Aqua and Naoko who were still glaring at each other. "DON'T CALL US THAT!" Aqua and Naoko screamed at her.

"Aqua, are you feeling well enough to go home?" Mamoru asked. "I'm not sure." Aqua said. "There's only one way to know if she's TRULY feeling better." Michiru said, pulling out a small package. "Aqua, I bet you can't guess what's in here." Michiru said, opening the lid on it a little bit and letting the smell Aqua now knew all too well wafted to her and she cried, "PANCAKES!" Aqua cried, grabbing the pancakes, taking the

lid off, grabbing a fork and knife and digging into them.

"Well, are you feeling well enough to go home?" Michiru asked. "If you promise to make me some more of these when we get there, then FREAKIN' YEAH!" Aqua replied, smiling. "Ok then, let's get you home." Haruka said, helping her up. So Aqua walked out the doors, one arm hooked to Damian's the other being held by Mika's tiny hands, she was going home and she wasn't letting this happen to her again as long as she lived.

8. The Note

"Aqua, you hungry?" Setsuna asked. "Yeah, what about you Mika-chan?" Aqua asked, looking down at the little girl. "YEAH! Mika-chan wants McDonalds!" Mika replied, bouncing up and down happily. Then, they heard the faint beating of feet coming towards their house and a small voice going, "ChibiChibi ChibiChibi ChibiChibi ChibiChibi ChibiChibi!" until a hard knocking on the door was heard.

When they opened the door a very out of breath ChibiChibi fell through the doorway. "Chibi-chan, what is it?" Aqua asked in worry. "ChibiChibi." ChibiChibi replied, handing her a small letter in a black envelope being closed with a red heart. "Arigato Chibi-chan, you better be getting back before Galaxia gets worried." Aqua said, taking the envelope.

"ChibiChibi!" ChibiChibi replied, floating into the air and teleporting away. "Ok, let's see what this is." Aqua said, opening the note and starting to read it:

Dear Sailor Senshi,

I'm sure by now you've figured out who this is: Its me, Megumi. That Megumi you delt with three years ago was just a shadow clone, but the real Megumi is still alive. If you want to fight me come to the site of the final battle.

Megumi

"I should've known that that one you fought was a clone!" Haruka cried. "So, are we going to go?" Michiru asked. "Yes, but were taking the girls with us." Aqua said, pulling out her cell phone. When they arrived at the meeting place there was the girls.

"Wait, how are we going to beat them if we can't henshin?" Mitsuko asked. "Well, Mika and Chibiusa can. And the rest of us will just have to count on skills and a whole lot of luck." Aqua said, looking down at her still inactive brooch. "Ok girls, good luck. Sailor Teleport!" Kit and Luna cried, activating the teleportation and the girls whizzing away. "Good luck minna." Kit thought.

When they arrived at the half torn apart castle and stepped over the threshold. When they arrived to the scene of the final battle they stood the clone Shintennou, Beryl, Terith, Wiseman, Esmurade, Beruch, Coonan, Petz, Sapphir, the other members of the Black Moon Clan, and all of them being led by Megumi. "Hello Sailor Senshi, or should I say Un-Senshi." Megumi said, noticing they weren't henshined. "Who cares if we can't henshin?! We'll still beat you Megumi!" Aqua cried, a flare of pure anger in her eyes. "Ok, go!" Megumi cried, giving her fighters the ok.

"Let's go minna!" Aqua cried, giving them the ok. Obviously the inner senshi went straight for the clones of their boyfriends, Trinity went straight for Terith, Usagi went straight for Beryl, Chibi Moon went for Wiseman, the Outers went for Esmurade, Beruch, Coonan, and Petz, Chibi Aquarius went for Sapphir, the Starlights went for the other members of the Black Moon Clan (Mitsuko using her giant star boomerang to hit every one of them she could hit), and Aqua was only looking for one person: Megumi. She finally found her in the center of the battle standing there as if waiting for her to attack her. She lunged straight at her and started throwing every ick and punch she had learned from Makoto, Rei, Haruka, Setsuna, Naoko, Shachi, and Usagi had taught her yet she wasn't scoring any hits.

"What?" Aqua said, wondering why she

couldn't hit her. That was her fatal mistake. Then, Megumi teleported behind her and you heard her voice ring out "STOP!" When everyone turned to her faces of triumph appeared on the enemy's faces and shock and fear and anger appeared on the senshi's: Megumi was holding Aqua hostage.

"Now, I will finally be rid of the White Moon Princess that caused me so much pain!" Megumi said, calling a sword into her free hand. She was just about to swing when a young female voice rang out, "Get away from my Aunt!" Then, none other than Trinity's future daughter Stella appeared. "A little brat? Why should I listen to a little brat like you?" Megumi asked, glaring at the intruder.

"This is why-SUN POWER!" Stella cried back, shooting a bright yellow beam out of her hands that knocked Megumi away from Aqua. "Arigato Stella-chan." Aqua said, smiling at her cousin's daughter. "No prob, but now's the time for you all to gain your true powers back." Stella said, turning to the rest of them. "You mean-?" Usagi started but being stopped by Stella.

"Yes, its time for you, Aqua, and Trinity to get your Cosmos forms and the other Senshi to get their Eternal forms." Stella finished. "Well, how do we gain them?" Aqua asked, frantic to have some kind of weapon. "Just throw these into the air and cry out your planet's power." Stella replied, holding out her hands and their henshin items appearing. "I must leave now, good luck." Stella said, disappearing in a flash of bright yellow light.

Then, Megumi finally managed to stand back up. "I'll get you!" Megumi cried. "NOW!" Aqua cried. They all threw the items into the air and cried, "Silver Moon Crystal Power!" "Moon Crystal Power!" "Moon Crisis Power!" "Mercury Power!" "Mars Power!" "Jupiter Power!" "Venus Power!" "Pluto Power!" "Neptune Power!" "Uranus Power!" "Saturn Power!" "Sun Power!" and they all floated into the air in front of their henshin items and watched in awe as they shined and turned into different brooches while the Starlights and Mika watched in awe.

They started glowing their respective colors and got into a strange position. "This power I feel." Aqua thought. "The power we've been needing all along." Hotaru thought. "And the power has been returned to us." Setsuna thought.

Suddenly their eyes flew open, they grabbed the brooches, and cried, "Cosmos Planet Power, Make-Up!" "Pink Moon Crystal Power, Make-Up!" "Mercury Crystal Power, Make-Up!" "Mars Crystal Power, Make-Up!" "Jupiter Crystal Power, Make-Up!" "Venus Crystal Power, Make-Up!" "Pluto Crystal Power, Make-Up!" "Neptune Crystal Power, Make-Up!" "Uranus Crystal Power, Make-Up!" "Saturn Crystal Power, Make-Up!" "Sun Planet Power, Make-Up!" "Shining Moon Power, Make-Up!" Then, in flashes of all colors they stood the Eternal Sailor Senshi led by their leaders: Sailor Cosmos and Sailor Sun Cosmos.

"Wait, where's Aqua?" Setsuna asked, looking around. Then, they saw something that shocked them: Aqua was standing there in her new fuku, glowing a light blue, with her eyes closed. Then, her eyes opened and she said in a serene voice, "I am the guardian of Earth's second moon that my mother once ruled over and my daughter after me will one day rule: I am Sailor Shining Moon with the powers of all Senshi in the world and in the name of the New Moon, I will punish you!" She said, holding her new rod out in front of her.

"Sailor Shining Moon?!?! So you've finally inherited your sniveling mother's powers have you? No matter HAH!" Megumi said, sending a blast of black lighting at her. She simply held up her rod which started glowing in

Michiru's power color, cried, "Deep Submerge!" and sent Michiru's attack hurtling at the lighting which sucked it up and disappeared. "How did you do that Shining Moon?!?!?" Usagi cried, turning to her. That was the first time they got a good look at her fuku: It looked just like Usagi's except for these differences: Her ribbon was red, her collar was green, her odango pins were bright orange, her gloves were pink and fading into white, the center pleat in her skirt was half aqua and the other half navy blue, her shoes were black and purple, her rod was deep blue, most likely all their power colors, her odangos were in the shape of half hearts that folded themselves into her hair, and her brooch was an eight-pointed star with a crescent moon hooked to the bottom and hair pins where Usagi's usually are that were two pearls with hearts in the center.

"I have the power to use any Senshi's attack, for instance." Aqua said, waving her wand in front of her. "Star Sensitive Inferno!" She cried, shooting Star Healer's attack out of her rod and hitting Megumi hard. "GO MOMMA!" Mika cried, gaining a smile from Aqua. Then, Megumi did something unexpected: She sent her strongest attack at Mika. "Dark Power Transformation!" "Mika-chan abunai!" Minako cried, running over to her: She knew that if that attack hit Mika she would be turned evil and she didn't want to go through that again so she did the only thing possible: Shoved Mika out of the way and took the attack for her. "MINAKO-CHAN!" Aqua screamed, watching with tears flowing down her cheeks as her cousin floated into the air, had black lightning shot into her, her fuku colors change to black and silver, and float to the ground with an evil grin on her face.

She turned to Megumi, bowed to her, and said, "Sailor Dark Love at your service." "HAHAHA! We have one of the strongest senshi in our control! Goodbye Sailor Senshi!" Megumi said. And with that, they all telported away with Minako in their grasp and they were telported right outside Juuban Park in their civilian forms. "No, Minako-chan. This can't be happening just when everything was normal again." Aqua said, falling to her knees and sobbing.

"Gomenasai." A small voice said, causing everyone to look at Mika who had her head down silently crying. "Its my fault, if I hadn't been there Megumi wouldn't have tried to attack me then Auntie Minako-chan wouldn't have been turned evil, gomenasai." Mika sobbed. "Mika, its nto your fault-" Aqua started, trying to comfort her. "No it is! I'm leaving so I won't cause any more pain!" Mika said, turning and running into Juuban Park just as it started to rain.

"You guys go home, I'll go get Mika-chan." Aqua said. "How do you know where she's heading?" Haruka asked. "I just do." Aqua said. And with that, she rushed into the park after Mika.

9. The Secret Place

Aqua kept running even though the harsh rain kept stinging her face. She knew that Mika was heading for the Sakura Tree that was her hiding spot. When she arrived she saw Mika hiding and crying in the hollowed out trunk that had enough room for two people. "Mika, can I crawl in?" Aqua asked.

"I guess." Mika said, scooting over for her to have room. She crawled in and rung out her odangos. "Listen Mika-chan, your not causing us pain. Far from it actually, your bringing us joy." Aqua said, smiling down at her. "But, it was my fault that Auntie Minako-" Mika said but being stopped by Aqua. "Listen Minako-chan is a strong woman, and we'll save her I promise." Aqua said.

"I bet you didn't know this is my hiding spot." Aqua said. "It is?!" Mika asked in shock. "Yep, watch." Aqua said, turning around and opening a secret compartment she had made and pulling out her memory box. She opened it and decided to show Mika some of it. "Look." Aqua said, laying out a picture of her and the girls acting random, her friendship bracelet that matched the ones she gave the others for Christmas, and the hairclip of her mother's.

"Hey, Ookasan of the future is always wearing that bracelet and hairclip!" Mika said. "Really, have you ever got to wear them?" Aqua asked. "lie, Ookasan says that their too special." Mika replied, looking at her lap. "Oh yeah? Well, here." Aqua said, pulling a Sakura off of a stray limb, and pulling a small piece of metal and a hairpin out of her bag., gluing the Sakura to the hairclip and using her powers to ice it over to look like a smaller version of hers, then forming the metal into a friendship bracelet of her own that had her sign on it.

"Here's your very own so you won't feel left out anymore." Aqua said, slipping the bracelet around her wrist then sliding the clip into Mika's left odango just like she wears hers. "Arigato Ookasan!" Mika said, hugging her feeling like she was finally part of the team. "Oh I almost forgot, hold out your brooch." Aqua said and Mika doing so. She placed hers on top of Mika's and it morphed into her next level brooch.

"Look, the rain stopped!" Mika said, pointing outside. "Well, you ready to go home?" Aqua asked, crawling out. "Yep, I sure am Ookasan." Mika said, taking her hand. And let's just say that Aqua walked into the house carrying an asleep and very kawaii Mika on her back.

10. The Dream Part 1

Mika was asleep when she was tossed into a dream and opened her eyes to see she was in the place where Chibiusa described Helios lived. Then, she heard a female voice say, "Little princess." She whipped her head around to see a pink pegasus with a pearl white horn. "Who are you?"Mika asked.

"Little princess, I am the other guardian of Elysion, Helios' sister Helia."The pegasus now known as Helia said, smiling. "Ok, that answers question one, question two: What are you and I doing here?"Mika replied, looking around. "Well, you and your mother are strong right now, but you two won't be able to handle the power without my help."Helia said. "How will you able to do that?"Mika asked.

"When the next battle happens, I shall be there then you shall know."Helia replied, starting to fade out. "NO! Don't go yet, I want to stay a little longer!"Mika cried, reaching out to Helia. "Don't worry, I will always be with you in your dreams."Helia said. "MIKA WAKE UP!"Aqua cried.

"AHHH!"Mika cried, falling out of bed. "Mika, come on you need to get ready for school."Aqua said, holding up her uniform. "Ok."Mika replied, grabbing the uniform and scooting into the bathroom. By the time she was ready to leave she was wide awake and very happy.

"You ready to go Mika-chan?"Setsuna asked. "I sure am Suna-chan!"Mika said, grabbing her hand. "Ok, let's go."Setsuna said, starting towards the door. "Bye Ookasan, Kit, Titan, Raven!"Mika said, waving over her head at Aqua, and Kit, Titan, and her trusted guardian Kit in human form. "Who wants to go shopping?"Aqua suggested.

"We do!"Kit and Raven cried happily. "Oh dear."Titan said. Next thing he knew he was being dragged out to Aqua's car by three squealing like maniac girls. When they got back Setsuna pulled up with Hotaru and Mika.

"Hey Aqua-chan, were going to get some ice cream wanna join us?"Hotaru said. "You know it! I'll bring you guys back some!"Aqua said, jumping into Setsuna's car and the four driving off. When they arrived Mika and Aqua got Strawberry, their favorite, Hotaru got Chocolate, and Setsuna got Pistachio. They were walking out to the car when a blast of energy knocked them backwards.

They looked up to see Sappir and, none other than Minako. "Look Sappir, the Sailor Brats."Minako said. "Minako, why are you doing this?! You belong with us your friends!"Aqua said. "Don't call me that! I'm not Minako any more I'm Sailor Dark Love and its because of you that I went to this!"Minako cried, shooting Aqua with a blast of black lightning. "What do you mean?!?"Aqua cried.

"All the bottled up jealousy I had of you finally exploded in the moment that that attack hit me and it turned me into this so its your fault!"Minako cried. "Dark Love Me Chain!"Minako cried, sending a chain of black hearts hurtling towards Aqua and tying her to a tree. "Ookasan! Please Helia, we need you now!"Mika cried, folding her hands together in a praying form and her sign lighting up on her head. Suddenly, a bright, rainbow shine appeared in the air above them...

11. The Dream Part 2!

Out of the rainbow light shot Helia and she landed between the group and Minako. "Hold out your weapon little princess." Helia said, watching as Mika did as she asked. She touched her horn to the rod and it formed into a carrilon similar to Chibiusa's but it was pink and blue. "That's the Neo Crystal Carrilon, you can use it for two things: Use it to call me in battle and I'll activate it and you can use it to go into a form you can only gain by using it." Helia explained.

"How do I activate it?" Mika asked. "Say Crystal Carrilon Yell." Helia said. "Ok, Crystal Carrilon Yell!" Mika cried, spinning in a circle causing it to ring then tossing it into the air and Aqua's rod hovering beside it and Helia's horn shining on it then the chain bounding Aqua breaking and she running over to Mika. "Now, call Aquarius Crisis, Make-Up!" Helia said, seeing that Minako was about to attack.

"Hai, Aquarius Crisis, Make-Up!" They called. Suddenly, the Neo Crystal Carrilon grew to a size large enough to fit around Mika's body and both weapons started spinning. They flew under them and the rod shined spinning blue light on Aqua and the Carrilon wrapped around and down Mika's body then they stopped: They were standing there but they had butterfly wings on their backs, were wearing capes, Mika had high heels like Aqua, and their ribbons on the front and back had pins in the center that were glowing butterflies. "We are the rulers of the second moon of Earth!" They both cried.

"For love and justice!" Aqua cried. "Pretty Sailor Soldiers!" Mika cried. "I'm Sailor Galactic Aquarius!" Aqua cried. "And Sailor Chibi Galactic Aquarius!" Mika cried. "And in the name of the second Moon, The planet Venus, and the South Pole we shall punish you!" They cried together, doing a double pose.

"Oh, so you got another new henshin big deal let's see if you can actually use it!" Minako said, sending the chain hurtling towards them again but Aqua just holding her rod out and the chain exploding. "What?!?" Minako cried, obviously angered. But suddenly, the new outfit started fading off of Aqua but it stayed on Mika. "What's going on Helia-chan?!?" Mika cried. "I can't hold the transformation on both of you for long but I have enough power to let you keep yours fully and let Selena have the wings and some of the power that comes with them. I must return to Elysion now, ja ne Little Princess." Helia explained, fading out.

Then, Aqua fell to the ground in her Cosmos form just with wings. "HAH! I knew you would never be able to hold it! Your mine!" Minako cried, shooting another chain at Aqua. "Neo Crystal Carrilon, Transform!" Mika cried, tossing the carrilon into the air and a rod shooting out of the center of it and transforming it into something like the Kalidoscope Moon Rod. "Galactica Gorgeous Meditation!" Mika cried, holding the rod into the air and a beam of pink and blue light shooting the chain.

By this time Eternal Sailor Pluto and Eternal Sailor Saturn appeared. "About time you got here!" Aqua cried. "Gomen now, Galactica Dead Scream!" Setsuna replied, shooting Minako. "Galactica Glaive Surprise!" Hotaru cried, shooting Sappir.

"Come on Mika-chan!" Aqua said, grabbing her rod and standing up. "Right Ookasan!" Mika replied, running up to her side. "Galactica Gorgeous Meditation!" Mika cried, shooting Sappir. "I'm sorry Minako-chan." Aqua thought.

"Silver Moon Crystal Power Kiss!" Aqua cried, shooting the attack at Minako. "You'll pay baka Sailor Senshi!" Minako cried, teleporting away with Sappir. "Let's get back home." Aqua said, detransforming and lifting Mika into her arms. So they drove

home with both Minako and the Mysterious Helia on their minds.

12. The Sadness!

Aqua was sitting on her bed thinking about many things: Feeling bad that she had broken the promise Minako and herself had made to each other on the Moon Kingdom, wanting to just hug her and let her sadness out, wanting to go back to the peaceful time where it was just her, the girls, and all the time in the world, and eventually, her emotions got the best of her and she broke down crying. She tried to make the flow of tears stop but they just kept on coming. Then, she heard a small, timid knock on the door.

She immediately wiped the tears away and said, "Come in." Then, Mika walked in on the verge of tears and looking scared to death. "Mika-chan, what is it?" Aqua asked, suddenly forgetting her sadness and just being worried about her daughter. "I had a bad dream." Mika said, sniffing back tears.

"Oh come here." Aqua replied, lifting the small girl into her arms and starting to gently rock her back and forth. Then, she started humming their lullaby. Within minutes Mika was asleep in her arms with a gentle smile on her face. Aqua smiled down at the girl and layed her gently under the comforter between herself and Kit.

Suddenly, she realized that all her sadness had evaporated. Then, she realized with happiness that as long as she had Mika around she would never have a lonely or sad day again.

13. Mika's Talks With Helia!

When Mika knew no one was around she snuck into her room and pulled an item out from under her bed. It looked similar to the Stallion Reve that Chibiusa had except it was pink and blue. "Helia-chan!"Mika cried happily, the Reve opening to reveal Helia. "Koniichiwa Little Princess, how are you today?"Helia asked, smiling at her new and probably only friend.

"Oh, school was great today Helia-chan! And Chibiusa and Hotaru have taught me everything I need to know!"Mika replied, smiling. "That's good Hime-chan, how is the battle going?"Helia replied. "Pretty good, we've had random battles here and there but were still trying to bring Auntie Minako back to us."Mika replied, looking down at the floor. "I know it's hard for you hime-chan, but don't worry you, your mother, and the Senshi will defeat this evil."Helia said, trying to get Mika to cheer up.

"Your right Helia-chan, I just have a feeling that this battle will soon come to an end."Mika replied, smiling at the thought of being able to go back home.

"MIKA DINNER TIME!"Aqua's voice cried up the staires. "Helia-chan I need to go."Mika said.

"Ok hime-chan, I shall talk to you soon."Helia replied, smiling at her.

"Coming Ookasan!"Mika cried down the staires, sliding down the banister just like Aqua always did. And it went on like that every day since they had met.

Sorry I skipped so much people but all that happens in the time between chapter 11 and this one is just random battles that have no meaning so don't b mad or confused that I skipped so much! T_T

14. The Wedding Preparations and The Surprise!

Aqua was in her room trying on her wedding dress. The next day was her and Usagi's wedding and she felt bad that unless they could bring her back to them today one of her best friends and cousins wouldn't be there to witness it. No, she wouldn't let that happen. Once she modeled the dress for the girls she was going to rescue her no matter what it took. She put a smile on her face and walked out the door where the girls were modeling their bridesmaid dresses for each other but as soon as she walked out they all gasped.

"Aqua you look absolutely gorgeous!" Trinity said happily, hugging her cousin. "You still haven't announced who your Maids Of Honor are guys, so spill!" Haruka said, sounding a little too much like Minako. "You go first Usagi-chan." Aqua said, smiling at her blonde cousin. "Well, mine was an easy choice, I want Rei-chan to be my Maid Of Honor!" Usagi said receiving a smile of gratitude and pride from Rei.

"Arigato Usagi-chan, I'd be honored." Rei replied, hugging her. "Well, who's yours Aqua-chan?" Hotaru asked. "Well, mine will stay a secret for a little while longer." Aqua replied, looking down at the friendship bracelet where Minako's sign was black. "Well, alright, ok everyone don't forget wedding starts at Noon so be there around six to get ready!" Usagi said.

After everyone had dispersed she ran into her room, got out of the dress, changed, grabbed her brooch, and jumped out the window landing cat-style and starting off towards where she figured they would be. Her thoughts were right when she came upon a giant platform floating high in the air. "What is with the Black Moon Clan and floating platforms?!?" Aqua thought, standing under the center of it and getting ready to teleport inside when a dark purple beam shot out and sucked her inside.

When she opened her eyes there stood Megumi and Minako. "About time you showed up." Megumi said. "So, am I battling you?" Aqua asked. "Nope, your battling her." Megumi replied, pointing to Minako.

Suddenly, Minako sprang into action. She jumped into the air, pulled out her chain, and cried, "Dark Love Me Chain!" swinging it and Aqua barely dodging it. "Please Minako, you need to come back to us your friends!" Aqua cried. "No way! Dark Love and Beauty Shock!" Minako cried back, shooting Aqua with the energy heart and knocking her into a wall.

"Minako please! We all need you, I NEED YOU!" Aqua cried, taking her into a hug. "Get off of me!" Minako cried back, taking her by the arms and swinging her into a wall again just as the others teleported in and saw. "AQUA!" They all cried, running over to her. Then, Aqua stood up and held up the wrist where her friendship bracelet rested.

"Minako-chan, I know you haven't forgotten all those good times we had together. Please come back to us." Aqua said, her crystal starting to shine brightly and her and Minako's signs on the bracelet glowing just as bright and engulfing both of them in it. "Where am I?" Minako asked, looking around. "You're in our pasts Minako-chan, I want you to see something." Aqua said, leading her over to a balcony where two girls were leaning. Then, with shock Minako noticed it was her and Aqua. "Aquarius I-" Minako started but being stopped by Aqua. "Just listen." Aqua said, pointing up to them.

"Lena, why did you run off like that?" Minako asked, looking at her cousin. "Minako, since I have the bloodline of the Moon, Sun, Venus, and the South Pole, suddenly being told I can choose which one I would like to rule when I come of age? No

chance, my one and only kingdom is the one of the South Pole, taking up the crown left to me by my mother. You, Serenity, and Trinity are the only ones I would ever entrust with the kingdoms of the Moon, Sun, and Venus."Selena replied, looking down at planet Earth where the spot her future kingdom is placed.

Then, Minako took Aqua's hand in hers and smiled at her. "Your right Lena, and your the only one I would ever trust with ruling that frigid wasteland you call the South Pole!"Minako said jokingly, receiving a smack on the arm from Selena. "You promise we'll be together forever Mina-chan?"Selena asked, wrapping her cousin in a hug and using her old nickname for her. "This is my promise, come on."Minako replied, taking her hand and leading her to a fountain.

She placed her fingers on the surface of the water and said, "I Princess Minako of Venus, promise that from now until the end of our days I'll always be there for you to be a friend, your shoulder to cry on, and your greatest protector." causing the water to light up bright orange. Selena followed suit, placing her fingers on the surface of the water and saying, "And I Princess Selena of the Sun, Moon, Venus, and the South Pole promise that from now until the end of our days I'll always be there for you to be a friend, your shoulder to cry on, and your greatest protector." causing light blue energy to shoot into the orange water and the two colors merge together into two glowing energy balls and floating into their hearts.

"What was that Mina-chan?"Selena asked as they walked back to the palace. "That was a friendship fountain. Whoever two people make the promise we just did at that fountain are bound as close as sisters and if one ever breaks the promise they are given one last chance to fulfill it. If they break it a second time, they suffer with the pain they caused the other person from breaking it for all eternity."Minako explained.

Then, the scene ended with the two of them hugging. When Aqua looked over at Minako she was crying. "Minako-chan?"Aqua asked. "Oh Aqua-chan I'm so sorry! I broke our promise from all that time ago, I caused you guys so much pain, I don't deserve to be your friend!"Minako cried, turning away from her.

"Mina-chan, nothing on Earth, the Moon, or any other planet in the Solar System could keep me from being your friend. And we'll stay like that for the rest of our days."Aqua said, turning her to face her. "Oh Aqua!"Minako said, lunging into her arms. Then, the light faded and they were standing where they had been.

"Minako-chan?"Usagi asked. "That's my name don't wear it out!"Minako said, flashing a peace sign. "MINAKO-CHAN!"Everyone cried, getting into a group hug with her. "Oh, why can't I win?!?"Megumi said, rushing off. In a flash of light they were standing outside the Outer household.

"Oh Minako-chan you don't know how good it is to have you back."Aqua said, hugging her again. "You don't know how good it is to be back Aqua-chan."Minako replied. "Ok guys, listen up I have an announcement!"Aqua said, getting everyone's attention. "I'm ready to announce who I want my Maid Of Honor."Aqua said.

"Who who WHO?!?"Trinity cried frantically. "I want Minako-chan to do it."Aqua said, turning to her. "Oh, Aqua-chan, arigato I'd be delighted!"Minako cried, hugging her. So they had their friend back and now all their was left to worry about it getting Aqua and Usagi through the nightmare that is: Their wedding day.

OH MY GOSH FOR ONCE A LONG CHAPTER! Well, enjoy cause there's only three chappies left! Then, I won't update any SM stories for a while cause Like I said b4 I haven't got the last one in the series written yet! But I'll work as hard as I can to finish it so I can start posting it and you can read the end of the series! T_T

15. The Wedding and The Final Battle For Their Lives!

"Guys, I can't do this!" Aqua cried, looking through the slightly cracked door at all the people. "Aqua, we went through this at High School Graduation we aren't letting you back out of the best thing that's ever happened to you!" Minako cried, shaking Aqua frantically. "Ok Minako-chan don't kill the bride before the wedding!" Stella said, separating the two. She had arrived shortly after the battle the day before so she was going to be flower girl number four in the wedding.

Then, the music for the girls to start walking out started. But Aqua grabbed Haruka before she could. "Haruka Onee-chan, I don't want to walk down the aisle alone and since you and the others have practically raised me, would you do it?" Aqua asked. "Sure Imuoto-chan, that would make me the happiest senshi on Earth." Haruka said, hooking her arm to Aqua's.

When the wedding march started Usagi hooked to her father walked out then about two seconds later Aqua walked out hooked to Haruka. When they released them to Mamoru and Damian they two couples could only smile lovingly at each other while the four flower girls quietly giggled about it. "We are gathered here today to join together these two couples in holy matrimony....*Five minutes later* now, do you Toshi Damian take Kurosaki Aqua to be your lawfully wedded wife for richer or poorer, for better or worse, in sickness and in health, as long as you both shall live?"

"I do." Damian said. "And do you Kurosaki Aqua take Toshi Damian to be your lawfully wedded husband for richer or poorer, for better or worse, in sickness and in health, as long as you both shall live?" "I do." Aqua replied. The priest did the same thing with Mamoru and Usagi then said, "Then I now pronounce you Husbands and Wives, you may kiss the brides." Just as they leaned in to kiss the ceiling collapsed revealing Megumi.

"YOU!" Aqua cried, jumping up. "Yes, and I'm here to end the lives of the past and future White Moon Princesses that did and will cause me pain!" Megumi replied, shooting a black energy sphere at Mika and knocking her out. "MIKA!!!" Aqua screamed in pure terror, running over to her daughter's limp body. "Come on Mika wake up!" Aqua cried, begging her to wake up but getting no response.

"Minna, I'm going to use the crystal to heal her, can you cover me?" Aqua asked, turning to them. "You know it! Senshi Power!" They all cried, henshining as Aqua started transferring the energy into Mika's body. They kept fighting but one by one they were getting knocked aside like flies while Aqua was transferring the last bit of energy into Mika. "Come on, come on..." Aqua said as Megumi launched an attack at her back.

"Yatta!" Aqua cried as the energy was waking her up just as the energy sphere hit her in the back and knocked the two away from each other. "AQUA!" Everyone screamed as Chibiusa, Stella, and Hotaru ran over to Mika's body. "Mika-chan are you alright?" Stella asked as the blonde girl opened her eyes. "Hai, I'm alright but what about Ookasan?" Mika replied. "Aqua...Aqua is..." Hotaru couldn't finish her sentence because she saw Aqua's body floating in the air, dead.

"OOKASAN!" Mika screamed. Suddenly, her princess attire sprang out of her body and Helia appeared. "I can't stay Mika, but I can give you this gift." Helia said quickly, shining her horn on Mika's back and the butterfly wings sprouting out. "Now, go save your mother. Ja ne." Helia said, flying off. She started flying towards Aqua but so did Megumi.

"You won't save her little brat!"Megumi said, speeding up.
"Onegai crystal, give me the speed I need to save Ookasan."Mika whispered, a gust of wind suddenly pushing her forward just enough that she grabbed her mother around the waist and NeoQueen Selena's attire appearing on her and the crystal hovering above her chest for a few minutes before she woke up, smiled at Mika in a proud parent way then turning towards Megumi with the crystal and with a look sending Mika over to Trinity. Suddenly the battle began in a flurry of pink and blue light and black lightning. leaving the girls only able to watch as Aqua fought with all her power then started losing. "NO! It's all my fault, I have to help!"Mika said, standing up and flying next to her mother and using her crystal to help:

[hikari]

Ooooo

Yeah

I didn't wanna listen to what you were sayin'

I thought that I knew all I need to know

I didn't realize that somewhere inside me

I knew you were right but I couldn't say so

I can take care of myself, yeah, you taught me well

[chorus: (hikari)]

I learned from you that I do not crumble

I learned that strength is something you choose

All of the reasons to keep on believin'

There's no question, that's a lesson, that I learned from you

They combined the energies of their crystals

together and they actually started winning!:

[aqua]

We always don't agree on

What is the best way

To get to the place that we're going from here

But I can really trust you, and give you the distance,

to make your decisions without any fear

[both]

I'm grateful for all of the times

You opened my eyes

[chorus: (both)]

I learned from you that I do not crumble

I learned that strength is something you choose

All of the reasons to keep on believin',

There's no question, that's a lesson

I learned from you

They both cried out, "Silver Moon Crystal Power!"

while hovering across from each other in the air releasing the energy and destroying Megumi.:

[both]

You taught me to stand on my own

[hikari] and I thank you for that

[both]
It saved me, it made me,
and now that I'm looking back

[hikari] I can say

[both] wooaaaahhhh!

[hikari] Hmmmm... Hmmmm... Yeah!

[both]
I learned from you that

[hikari] I learned from you

[both]
I do not crumble
I learned that strength is something you choose

[hikari] something you choose

[both]
All of the reasons to keep on believin',

[hikari] keep on believin'

There's no question, that's a lesson that I learned from you

[hikari]
Wooaaaahhhh!
I learned from yoooouuu

I learned that strength is something you choose
[aqua] something you choose

[both]
All of the reasons to keep on believin',
There's no question, that's a lesson that I learned from you

[hikari] yeah!

[both]
I learned from you

Then, they hovered to the ground holding hands and smiling at each other. When they landed they were enveloped in hugs from the girls. "You did great you two! Chibiusa and I couldn't have done better ourselves!" Usagi said. "Or Stella and I!" Trinity said. Then, the priest crawled out from under a pew and Aqua helped him up. "Ok, so would we all like to get on with this wedding?" He asked. "Yes please." Aqua said, hooking onto

Damian's arm. "Ok, by the power vested in me I now pronounce you husbands and wives. You may kiss the brides."He replied. With that they two couples had their first kisses as husbands and wives as everyone started cheering and Sakura Petals started falling around them.

"You finally have your fairy tale Koneko-chan."Damian said lovingly. "Yes, I have everything I could ever wish for."Aqua replied, smiling back at him twice as lovingly *If that was even possible*. With that, they kissed for the second time.

The next day...Aqua and the girls were a bit upset. Since the future was saved as well their future selves were coming to pick up Mika, Stella, and Chibiusa. They finally arrived and Mika almost started crying then she turned to say bye to Aqua but noticing she was turned away from her.

"So, I guess your wish to go home is finally coming true huh Mika-chan? You'll finally get to go back to the life you've become so used to living and forget about me."Aqua said, silent tears starting to slide down her face. "Ookasan."Mika said, causing Aqua to turn and look at her and notice she was silently crying as well. "Go on."Damian whispered to her. "Mika-chan!"Aqua cried, the two rushing into each others arms and they both crying. "I'll never forget about you, past or future you still are and always will be my Ookasan."Mika whispered, a light blue glow appearing around the two recieving a smile from Aqua's future self.

"There's no stronger bond than that of a Mother and her treasured Daughter."Selena said, smiling at the two. Then, Aqua released Mika and she ran to Selena. "Ja ne Ookasan!"Mika said, waving to her. And just like that, her future daughter and the other love of her life was gone. Then, she felt the strong arms of Damian wrap around her shoulders.

"Don't worry, I think we'll see her again sooner than you think."Damian said, smiling at her. Then, Usagi, Aqua, and Trinity's crystal all started glowing simultaneously and things started freezing over. "Well, we all knew this would this would happen eventually."Aqua said, kissing Damian and hugging him then hugging the girls. "See you in the 30th Century minna."Aqua said, smiling at all of them. And with that final look, they all went into the long sleep until the 30th Century.

This is Aqua's Wedding Dress by the way! :3

16. Epilouge

Three years after the rise of Crystal Tokyo..."WAHHHH!"A small voice with loud vocal cords cried as a certian blue-haired Senshi and doctor wrapped her up in a pink blanket. "Congratulations Aqua and Damian, oops, I mean NeoQueen Selena and and NeoKing Eliyon you now have a beautiful baby girl."Ami said, handing the little bundle to a crying with joy Aqua and a near-to-it Damian. "What's her name?"Ami asked as Aqua pushed a couple of blonde locks out of the baby's face and smiling at her sparkling blue eyes even though everyone knew by now what her name was. "Mika."Aqua said.

"Ok, now onto bigger matters:WHO'S THE GODPARENTS?!?! And you can't say Rei cause Usagi already made Rei and Jeadite the godparents of Chibiusa!"Trinity cried. Aqua whispered in Damian's ear for a second then she looked to her cousin and said, "We want you and Cerion to be the Godparents." "WOOHOO! I'm Mika's godmother!"Trinity cried happily, dancing around in a circle until Cerion stopped her and said, "We would be honored." While everyone passed around Mika cooing over her cuteness and trying to keep the young Chibiusa and Stella from doing anything that would hurt her Aqua just looked around at everyone with a big smile on her face: Her family was all here and complete, and it was always going to stay like that.
