not much to say.....

1. just a lie

you broke your promise when i smiled
decived me from the begging
it made me realise
you were my angel
when you smiled, you tore me apart
what's the resson for that smile?
you took my heart and tore it apart like it was nothing

it was all just a lie

i may have failed you but...
you broke you promise and made me realise

it was just a lie
