*no time waits for no one i know its sad..*

## 1. time waits

Time

Time has passed

Time has changed

Time shows no shame.

Yet time waits for no one.

Is it in a rush?

Why does it run away?

I watch the clock, hoping it will stop for me.

Time alone is all I need.

If time waits for no man nor woman.

Then I wont wait for time, because it didn't wait for me.
