1. life and death

It's not easy being a half breed, especially if your part wolf.

I am Shadow; I am a black wolf cross with an Australian Shepard. My mum was a black wolf and my father was the black shepard, they fell in love. But my dad's master, Alexander, would not allow my father to fall in love with a wolf. Of what i can remember he had a black bushy moustache, and sharp brown eyes. His skin was nut brown and he smelt of stale alcohol. He always wore a suit and black shoes, even in the forest.

Alexander was a very high class gentleman, and could not stand the thought of his prized, pedigree Australian Shepard in lovewith a wild, scrawny, little wolf. So tried to separate him from my mum, but he did not succeed. In the end, he followed dad to where my mum was, and watched as they got friendly. Alexander went a little crazy after that, even though I was barely two months I remember that day as if it was only yesturday.
