1. Sailor Supernova

"UP! UP!" screamed Stella in trinity's ear.

Trinity sat up with a start.

"What the-?! Stella, it's the middle of the night!" moaned Trinity.

"But I have something praying on my mind. I'm not an orphan-"

"I know."

"I meant my cover story, i came two days before I found you and hypnotised someone into believing they were my carer. Then i did the same to you and your family to make you believe I was your cousin, and then i got rid of my 'social worker carer' person an gave them back their memory. I never needed the gold crystal! I@M SORRY OOKASAN!" screamed Stella, wrapping her arms round trinity's waist.

"It's ok." said trinity.

"Really?"

"Yes. Can i go back to sleep now? I'm meeting Aqua early to walk to school."

"Ok. Good night."

...

"Ookasan?"

"Yes?"

"What about my school?"

"You're going to the same school as Mika and Rini, Ok?!"

"What about Rein and Annie?"

"Who?"

"Pai and Sally's chibis."

"....Stella, they don't have Chibis."

"Oh! They haven't come yet. Neither had Chibitri."

"Eh?"

"your starseed."

"Oh. Good night, Stella." said Trinity laying down.

"Ookasan-"

"I said goodnight."

Stella sighed and walked off, into Rini's room.

Rini had her stallion Reve out.

"Helios, are you sure she can't come?" asked Rini, looking at Stella.

"I am sorry. She cannot unless she has her own Pegasus. Cpome Rini."

Rini got sucked into the crystal.

"This sucks." said Stella. She settled on her cousin's bed and shut her eyes.

In her dream, she was lying on a lilypad on a beautiful lake. But when she looked in the lake, there were horrible ghostly figures running underneath it, screaming.

Stella darted back.

But even though she could lay on the Lilypad, it wasn't very big, so she fell backwards into the lake.

The figures ripped at her PJs and skin, their long nails drawing blood every time. Stella tried to scream, but water filled her lungs and made her choke. She was slowly losing consciousness, when a figure appeared in front of her. It was a light blue pegasus with a sapphire horn and dark blue mane and tail and beautiful wings. "Stella." It said. "Sel-ene?" choked Stella. Selene touched her horn to Stella's forehead, and all of a sudden they were on dry land and Stella was in her princess dress. "Is it you?" she asked. Selene nodded. Stella reached up and hugged her. An emerald-green Stallion Reve appeared next to her. But then she woke up.

Rini fell onto her as the Stallion Reve spat her out. "Stella? Why are you here?!" she asked, getting up. "I fell asleep." said Stella, admiring her Stallion Reve. "Wow.....oh, Helios was saying about another except Helia.....but....oh, I'm just going to sleep." Rini settled on the other side of the bed (it was a double bed) and they both fell asleep, clutching their stallion Reves.

Deathrite stared at the phone. "Yes, I am aware three of the Negamoons are dead. Yes, Avaritia, Ira and Luxuria. Yes I would like another over. What?! WHATDYA MEAN YOU AIN'T GONNA SEND ANY MORE OVER?! Look, I can't get a result with your operatives unless they actually do something. Yes I am complaining. NO! DON'T PUT ME ON HOLD!" beeeeeeeeeeeeeeeep Deathrite slammed the phone down. "Crappy operators!" he yelled. There was a high-pitched giggle. "Who's there?" he asked, looking round. "Oh, just me." said a girl's voice. "Who's me?" "What bad grammar, dear." said the caller of the voice, appearing. She had a grey and black sailor fuku on and purple hair. "My name is sailor Supernova-hehhehehehehehehe-I've been sent by your mother in the past to assist you!"

2. The others turn up

The alarm clock went.

Trinity pushed herself out the bed.

"Ok, i'm awake, I'm awake...." she said, looking at it.

7:00. Great.

"Stupid school..." she muttered, taking off her PJs and pulling on her blouse.

"Ookasan!" screamed Stella, running in, her uniform on and bag on her back, covered with pictures of mew Berry on it.

"Stella, it's seven. What time did you get up?" asked trinity, pulling on her skirt.

"Five-thirty!"

A sweatdrop appeared on trinity's head.

"Right....Stella, what time does your school start?"

"We have to be in by Eight thirty!"

Trinity fainted.

"OOKasan?"

"Stella, you are insane." said trinity, pulling on her tights.

Stella beamed.

"i think Rein and Annie are coming today! I wanted to be up nice and early." she said.

Trinity smiled.

"Whatever you say, Stella, Whatever you say."

Pai sat at the table and shovelled cereal into her mouth.

"I'm *chew* Gonna *Chew* Be *chew* Late!" she said, Adam sitting on the table sighing.

She felt a hand on her shoulder.

"Mamma, where's the cereal?" asked a voice.

Pai pointed to the cupboards without looking up.

There was a shuffling sound and the sound of sprinkling, like cereal being poured into a bowl.

"Mamma, where's the milk?"

Pai pointed again, to the fridge.

More shuffling. A figure sat down opposite her. She still didn't look up.

"Mamma, where's the spoons?"

Pai sighed, got up, went to the cutlery draw and pulled out a spoon, went back over to the table and held it to the figure.

Sitting there was a tiny girl with white hair in tow buns like cat ears.

"Thanks, mamma." she said, taking it.

"s ok." said pai, sitting down and taking her mug of very milky coffee.

...

"Wait, who are you?"

The girl looked up.

"I'm rein. i'm your daughter from the future." she said.

pai blinked.

"Am I halusinating?" she asked the girl.

"No."

Pai pinched her.

"Ow!" she said, withdrawing her hand.

"Right. You're real." said Pai, almost fainting.

The girl nodded and ate some more of her cereal.

"Don't worry. I have a school and stuff. I'm meeting Stella and Mika and Annie and Rini to go there in ten minutes." she said, knowingly.

Pai blinked again. She was still overwhelmed by this all.

"Mamma?"

"Yeh?"

"Where's the orange juice?"

Sally was sleeping peacefully. Typically, the alarm hadn't been loud enough to wake her up.

Some arms wrapped round her waist.

"Alex, i love you too." sghe said, still in her dream.

"Stop talking, Ookasan." said a voice.

Sally heard this and sat up.

"What the-?!"

There was a young girl in PJs with blue hair in her bed.

"Not cool!" said Sally, leaping a foot sideways, and consequently falling out the bed.

The girl sat up.

"Okkasan-"

"STOP CALLING ME THAT!"

Sally noticed the clock.

"CRAP! 7:03! I'M GONNE BE LATE!" she screamed.

The girl looked at the clock.

"CRAP! 7:03! I'M GONNE BE LATE!" the girl screamed too, and picked up a bag from uner the covers and started to get changed.

Sally blinked.

"Who-?! What?! KID, WHO ARE YOU?!"

"I'm Annie. I'm your kid from the future."

And sally fainted.

3. Girls and their kittens

Stella, Mika and Rini skipped up the road, their future mothers following them, chatting. From the other way, Sally and Pai were being led by their Chibis, looking slightly dazed. "She-just-appeared?" asked Pai when her and Sally were near enough to talk.

Sally nodded.

There was a high scream from the other end of the road.

""REIN! ANNIE!""

""STELLA! MIKA! RINI!""

The girls ran up to each other.

"When did you get here?" asked Stella.

"About half and hour ago." said Rein.

"I think we shocked our mothers a little..." said Annie, looking back to where Sally and Pai were still gawping.

The older girls went to their discombobulated friends.

"Sally? You ok?" asked trinity, pushing her shoulder.

Sally fell over.

"Shell shocked." whispered Trinity to Aqua.

Sally stood up again.

"I mean-she just-she just-appeared!" said Sally, trying to stress the importance of it.

"Well," said Aqua, looking at the girls, "There's no doubt she's yours and Alex's."

"Yeh-" Began Sally, "wait-

WHAT?!"

"Well, you obviously get together in the future." said Serena, knowingly.

Sally fainted for the second time that day.

"Wait..." said Pai, confused, "So who do I have Rein with?"

There was a quiet mewling.

Out of a bush came Eros and Ariadne and Diana.

"Eros!" called Stella. Her kitten ran to her.

"Diana!" said Rini, Diana doing the same.

"*gasp* ARIADNE!" screamed Annie, running and picking her cat up.

"Hello, Annie!" said the kitten.

"Pai, we overheard you, and you have Rein with Adam!" said Eros.

Pai's mouth fell open.

"But he's a cat." she said quietly.

"Yes, when he's not in his human form." said Eros.

Pai breathed a sigh of relief.

"Good." she said.

"We'd better be going." said Ariadne, jumping down from Annie's arms.

"You're coming too?" asked Mika.

"Well, of course!" said a voice, as Raven jumped from an overhead tree into Mika's hair, "Why shouldn't we?"

"Because you're cats." said Rini, gently picking up all four of the kittens and putting them on the pavement.

"See ya after school." called Aqua to them.

The kittens sighed.

But suddenly, there was a whoosh sound, and something fell from the sky into a nearby bush. They didn't notice.

"We can't do anything." moaned Eros.

"Let's explore this bush." said Ari, looking at the bush opposite them.

"Ok." said Diana.

The kittens pushed their way through the twigs and leaves. After about five minutes, they stopped.

"Well, that was pointless." sighed Raven.

"No, wait, look." said Eros, pointing with his paw to the right.

The kittens went closer.

There was a tiny figure, no bigger than a baby, lying there.

"Hello?" whispered Diana to it.

The figure turned, its golden hair getting caught on the twigs, and it sighed:

"ChibiTri."

4. Not a good day (part one)

Raven blinked.

Diana's jaw dropped open.

And Eros and Ariadne said at the same time:

"Bummer."

Stella went up to the school gates, worried. It was very big and the gates had spikes on them.

"Bye girls!" called Trinity, as their mothers left.

Mika took her left hand and Rini took her right.

"It's ok, Stella, if we stay together we'll be just fine!" said Rini.

"But I'm two years above Mika and a year below you!" said Stella,

It was true. Mika had just started the first grade, it was her birthday in two days, and Stella was in third grade and Rini in fourth.

"You'll be with us!" said Annie and Rein.

Stella smiled.

"That's ok, then." said Stella, so the girls walked into the playground.

The girls parted ways, Sally and Serena going to a different class as they were older (Sally had accidently be kept behind a year, but when it was sorted she was put with her own age group). Trinity, Aqua and Pai when she came to the school all opened the door slowly and walked in, while the teacher was facing the black board.

The tiip-toed to their desks, five minutes late, when-

"TRINITY! PAI! AQUA! YOU ARE LATE, AGAIN!" screamed Mrs Ekiguchi , turning round.

"Mishaps." said Aqua, vaguely.

"Detention. Lunchtime." said Mrs Ekiguchi.

The girls sighed and sat down.

----IN THE NEXT CLASS-----

Sally and Serena were going through the exact same thing.

-----IN THE ICE CREAM PARLOR-----

Alex madly twisted the lid of the glace cherries.

"Open....you....stupid....thing!" he hissed.

He looked at the picture of Sally he had on his counter, and she was smiling.

"What you smirking at?" he asked. Then he continued.

5. A useless detention

Stella sat at her seat next to Annie and Rein in her new class.

There were lots of eight and nine year old students chatting loudly and throwing paper aeroplanes.

A teacher walked in. He looked about twenty, had big glasses, a loose shirt and brown trousers. There was a laptop under his arm.

All the kids were quiet.

"Good morning, every one." he said, sitting down.

"Good morning Smith-san!" they all replied, but some of the 'san' s sounded like 'chan' s from the girls.

"Ok, I'll call the register." He said, popping up his laptop.

He went through all the names, until he got to the end.

"We have three new kids today! What's your names?" he asked.

"Rein!"

"Annie!"

"Stella!"

"Ok..." he typed their names up on the computer.

He looked up.

"You remind me of someone." He said, looking at Stella.

"Who, sir?"

"Someone I knew. Someone who helped me stay away from the darkness." he said, quietly.

Everyone looked at him weirdly.

"Smith-chan is funny!" said one girl, and everyone started to laugh. Except Stella.

-----LATER-----

Stella, Annie and Rein met up with Mika and Rini later.

"What's the matter, Stella?" asked Rini. Stella seemed a bit down.

"Nothing. I'm thinking about what my teacher said earlier."

"What did he say?"

"I think.....that i reminded him of my mother."

Trinity sat in the detention room, slowly falling asleep.

"MISS TSKINO!" screamed the teacher. trinity sat up.

"I'M AWAKE! I'M AWAKE!" she said, searching around her desk for her pen to continue her essay: 'Why I shouldn't come in for class late'.

Pai and Aqua both tried not to giggle, but Serena and Sally failed and broke out in hysterics.

"It's my job to fall asleep in class!" said Serena.

"TSKINO! CORONET! CLAM DOWN!" screamed Mrs Ekiguchi .

Sally and Serena stopped laughing and went back to writing.

....

"I'm hungry!" said Aqua.

....

"AHAHAHAHAHAHAHAHA!"

"GIRLS!"

Athena and Isis sat on Sally's windowsill, tails round each other.

"This is nice." said Athena.

"Yeh.....very. We never get any time alone since the kids came." replied Isis.

"MAMMA! PAPPA!" screamed two voice, and Athena and isis felt two things land on their backs.

"No rest for the wicked." muttered Athena, turning.

"Hello, kids! Can we help you?" she asked through gritted teeth.

"Mamma! You'll never guess what we found!"

"What, Ariadne,dear?"

There was the scurrying of feet and a girl in a black outfit with gold hair scuttled in.

"ChibiTri!"

Isis and Athena looked at each other. Then fainted.

6. Hmmm.....

It was the end of the day, and as the last giggling girls left the class Mr Smith packed his laptop away into his bag. There was a whooshing sound as Sailor Supernova appeared behind him.

"I knew they'd send an operative to check on me, But not a girl." he said, without turning.

"Sexist." She replied.

"Sexy." He said back.

"Don't mess with me, Smith."

Smith turned.

"Why'd Terith send you?" He asked.

"Terith was put into eternal sleep. Didn't you know?" asked Sailor Supernova.

"Oh. Who's taken over?" he asked.

"His brother. Deathrite. He's not doing a good job, which is why i'm waiting for the oportune moment to take over."

"Which is why you need all the help you can get, which is why you came to see me."

"Exactly."

"Well, I'm over with teh evil thing. I teach children now. I like my job and my life. I do thank Terith for bringing me into existence, but I'm happy as I am."

"Well. i'm sorry to hear that-" said sailor Supernova, disappearing, "-Rhinestone."

Trinity, Pai, Aqua, Sally and Serena met their chibis at the gates.

"So? How was it?" asked Pai.

"Brilliant!" trilled Rein.

"Ok." said Annie.

Stella didn't answer.

"Stella?"

"I don't trust our teacher."

"Why not, dear?"

"....he smells of negaverse."

Everyone went to Pai's house after school.

Trinity made everyone a hot chocolate and they sat down, all the older girls one one two-seater sofa, all the chibis on the other.

"Ok. So, you don't trust your teacher. Why-"

"I've told you."

"What's his name?" asked Sally.

"Smith."

The girls looked at each other. They were all thinking the same thing.

"Rhinestone?" they said at the same time.

"Who?" asked Mika.

"Someone....I knew." Said Trinity, vaguely.

"He is from the negaverse, isn't he?" asked Stella.

"Yes.....I'll come into school with you tomorrow with Cerion and we'll talk to him. Ok?"

Stella nodded and relaxed.

"Good. Now who wants a cookie?"

"ME!" came to screech voices from the window. Eros and Ariadne came in, followed by Diana,

Raven, Isis, Athena, Kit, Titan, Luna and Artemis.

"Well, this is new. I never knew we were expecting company." said Adam.

"Trinity! Stella! Guess who we found!" said Eros.

There was a slow knocking at the front door. The girls looked at each other.

"You go." said Sally to Aqua.

"No. It's pai's house."

"Serena's the oldest!"

"Let's all go."

So the girls got up and went to the door. Serena slowly pulled it open....

"CHIBITRI!" screamed a tiny figure jumping into Trinity's arms.

"Wha-?!" said Trinity.

"Chibitri! Oh, Ookasan, it's your starseed from the future!"

7. Sailor Star Returns!

Kairi looked up at Pai's apartment.

"Well, Destiny, let's see if they missed me." she said to her cat.

Destiny sniffed.

"Are you sure you wanna do this? It's gonna affect your whole life if you do. You could just go off with me and we could travel the world. Kairi, if you accept you're Sailor Star this time, you can't turn back."

Kairi hesitated, then nodded.

The girls headed to Pai's place.

ChibiTri held Eros in her arms and stroked him forcefully.

"Meooooow!" he shrieked.

"So...we have to look after it until it decides to go?" asked Trinity.

"That would seem to be the case." said Rini.

"Crap. Ok, who goes first?"

Everyone looked at Trinity.

"I set myself up for this, don't I?"

Everyone nodded.

"Ok. I'll look after her."

DING-DONG

"I'll get it!" said Pai.

She went to the door and opened it.

Standing there was a girl of about their same age, maybe a little younger, with one long plait over her shoulders.

"Kairi?" asked Pai.

"PAI!" said Kairi, hugging her.

"Kairi?! Where've ya been?" asked Aqua, as the others came over to her.

"I had to leave on a foreign exchange. I didn't tell you so you wouldn't miss me...." she said, a little sadly.

"Hey! We missed you! It's been about four months!" said Sally.

"Oh....that's good to know." said Kairi, smiling.

"Where's your house? We'll walk with you there!" said Serena.

"Oh, over there." said Kairi, pointing to the other side of the street.

Destiny smiled at the other cats.

"Been training her?" she asked Adam.

"Naturally."

"I see it worked out between you two." she said to Isis and Athena.

"Yep." said Isis, and licked Athena's face.

"And...they are?" asked Destiny, looking at the kittens.

"Our kids from the future."

Eros was looking at Destiny. He had hearts in his eyes.

"I'm in love." He said.

Ariadne rolled her eyes.

"You said that when you saw next door's cat."

"So?!"

The older girls had already left.
Stella and the others put on the TV and watched it until their mothers returned.
And Stella fell asleep.

8. Alex's bedtime story (part one)

Stella sat on the bank of a beautiful river and watched Selene.

"You return, my princess?"

"Yes. I think so. I just.....fell asleep." She Muttered.

"Do not be sad. One cannot help ones tiredness."

"But I'm not."

"....That is because you're asleep."

"What?"

"In sleep, one cannot feel truly awake, nor truly asleep, but a comfortable neutral in the place that helps you escape reality."

"....The who what in the what now?"

"Young princess, you have so much to learn....."

Stella lay, making daisy chains, while listening to Selene's tale.

"After Elysion took it's fall, I decided to escape. It would mean leaving Helios but he told me he could defend him and his sister. So I left and took to the sky.

Before long I got to the moon kingdom with your mother. At the time, however, she was only a child. I told Queen Serenity about Elysion, but nothing could be done. Instead she froze me in ice until the day Your mother awokened me.

I watched Princess Serene through clouded eyes grow up, meet friends, fall in love. But she never noticed I was there. Why? The ice made me look like a statue. But it was only one day, one faithful day she looked deeper into that statue, say how much detail had been made into that pegasus, and touched it. The ice shattered into millions of pieces and melted from her touch, and I spread my wings and flew out into space. I knew I had to take my time, it would be many years until you would need me. So, for decade upon decade, I waited again. But then I found she was after me-the one known as Lexa. I knew it was then the time for me to escape. So, when you were on earth last night, I flew into your dream. So here I am."

Stella looked up.

"So how did you know me?"

"Queen Serenity let the princess of Pluto give me brief insights into the future to see all this."

"Oh...So I know you but you don't know me?"

"I am sorry." said the pegasus, turning away.

There was a tense silence in the air.

"But.....that's TERRIFIC!" said Stella, jumping up and hugging her pegasus.

"How?!"

"Well, now we can perfect our friendship from the future and you don't remember all the embarrassing things i told you on the moon kingdom! I'm so relieved!"

The pegasus smiled.

"Oh, no, I know all the embaessing secrets."

A sweatdrop apperared on Stella.

"Uh....you won't tell anyone, will you...?"

"No."

She fell over in relief.

And woke up.

"Whoa-!" she exclaimed, sitting up.

"What's wrong?" asked Rein.

"I....I dunno. I was with you guys for one minute, the-"

"Shhh!" Said Mika, "Digimon is on."

So the girls sat and watched the programme quietly, ChibiTri a little confused as to what was going on, as their mothers came in.

"Ok, we're going now." said Sally to Annie.

"Oh, but Ookasan, I've only seen this one twice!"

Sally rolled her eyes and picked Annie up.

"Ok, anyone who's with me please follow."

So everyone eventually cleared out of Pai's apartment.

When it was all over she flopped down.

"Wow. That was hectic. Not all I need to do is finish my science homework..." said Pai, hunting for her biro that had fallen down the sofa.

"Mama." said Rein.

"Yes?"

"Did you know Stella talked in her sleep?"

"No."

"Well, when you left she fell asleep-which was stupid because pokemon was on-and she started talking about a horse."

"That's nice."

"With wings."

Pai stopped moving.

"With wings?"

"Yep."

Pai turned and looked at Rein.

"Oh."

"LEMME GO!"

"No, you little brat!"

Isis and Ariadne looked on in disbelief as Sally and Annie struggled with each other as they walked along, people looking at them.

Alex walked out the ice-cream shop.

"Hey, what's going down?" he asked Sally.

Sally dumped the whining Annie in his arms.

"Here. You take her for the night. She's yours."

Then rushed off.

Alex blinked.

"OMG! I MUST HAVE GOT DRUNK AND THEN MADE HER PREGNANT BUT DIDN'T REALISE AND SHE HAD THE BABY EIGHT YEARS LATER!"

Isis slapped his head.

"Idiot." he muttered as Ariadne explained.

Kairi sat in her room with Destiny.

"There's something going on," said the cat, "And I don't like it."

Aqua leant on the windowsill, Mika had the TV on loudly behind her.

"Can you turn that down?"

"No."

Serena looked at the crushed dark blue object.
Could it be-
no.
yes.
it was a cornflower.

9. Alex's bedtime story (part two)

Trinity and Serena met up with Aqua, Pai, Sally and Kairi outside the park. Rein was with Pai looking quite tired, Rini the same.

"Mika?"

"Gone. We woke up and couldn't find her. Haruka scouted all over the house- she's really good with kids- and we couldn't find her. I dunno what to do!" said Aqua, tears running down her face.

"What about Annie?"

"I left her with Alex."

The girls all looked at her.

"Oh God, no." whispered Sally, realising her mistake.

"And together they walked through the corridor, ready to fight any aliens that-

The doorbell rang.

"Let me get the door, sweetie." said Alex, walking off, leaving Annie in the same wide-eyed gawping position that she had had for the last forty-five minutes.

He was a little surprised to see six teens and a little girl at his door at eleven o'clock.

"Uh....can I help?"

"Where's Annie?" asked Sally.

"In bed."

"Asleep?"

".....no."

"Alex..."

"Ok. I've been telling her a story."

Sally narrowed her eyes.

"What story?"

"Uhhh.....Sleeping beauty?"

...

"Ok, Alien Vs Predator."

"OH MY GOSH!" screamed Sally, pushing past Alex and running into the room, straight into Alex's room.

Annie was in the exact same position as when Alex left.

"Annie? Annie, are you ok?" she asked, grabbing her daughter by the shoulders.

"The mental scars will never heal." Whispered Annie.

Sally turned to Alex.

"You complete and utter idiot." She said, kicking him.

Between the legs.

"AH! C'mon, I don't know any other stories!"

"What about Cinderella?"

"Huh?"

"Snow white?"

"Who? Oh, that girl who was asleep until that bloke snogged her back into consciousness."

"Alex. I. Hate. You." Said Sally, picking up Annie.

"Why are you here?"

"Mika and Stella have gone. We think they're gonna go after the others."

"So.....I'm doing what about this?"

With her free arm, Sally grabbed Alex's ear and dragged him out the room.

"Hey guys....how did Sally now where Alex's bedroom is?"

10. Completely the wrong way

Cerion sat with Damian and Darrien watching Scary Movie two, eating popcorn.

The doorbell rang.

"Damian, geddit."

"Darrien geddit."

"Cerion geddit."

The boys all got up and went to the door.

"Trinity!" said Cerion.

"Stella's gone."

"And Mika!"

"Rini's fine."

"I'm still sore where Sally kicked me."

"Shuddup, Alex."

The boys all ran out the room.

"OPEN A PORTHOLE, ATHENA!" screamed Trinity to her still half-asleep cat.

"At half eleven? But I'm so tired..."

"YOU DO IT NOW!"

"Uh....fine.....ISIS!" She screeched. Isis woke up beside her.

"Ok, c'mon. LUNAR POWER!"

Beside her, the signs on Adam, Kit, Luna and Destiny's foreheads lit up. (Athena had a Sun, Adam a paw print, Destiny a star and Isis the symbol of solace.) They mingled and made a hole in the ground.

The girls followed by the guys, then Adam, all jumped in and the porthole shut.

"Wow, it really takes it out of you, opening portholes." Mewed Destiny, collapsing.

"I know. Be strong." said Athena, patting her head. The cats all got up and went back inside the house, where they sat on Darrien's couch and watched Scary Movie 2.

Pai hit the floor with a bang, as the others fell on top of her.

"OW!" she screeched.

"Sorry." apologised Trinity, helping Pai up and getting her out the way as the boys fell down, all in their knight outfits.

"Alex! I never knew you were a knight." remarked Sally.

"Well, Duh. The nig of Cepheus, at your service." Said Alex, getting on one knee and kissing Sally's hand. She went bright red.

"OOOOOHHHHH! Alex and Sally sitting in a tree, K-I-S-S-I-N-G!"

"SHUDDUP!" screamed Sally.

"Can we concentrate on the matter please?" asked Cerion, sighing.

"Right." Agreed everyone.

"Well, we're in Deathrite's throne room, and all we have to do it wait for someone to come in, we interrogate them and they tell us where the girls are."

"Sounds like a plan," agreed Kairi, taking out her transformation stick, "Ready?"

""""""READY!""""""

"Star Shining Power..."

"Sun Cosmic Power..."

"Aquarius Cosmic Power..."

"Solace Cosmic Power..."

"Moon Cosmic Power..."

"Kitten Power..."

".....MAKE-UP!"

The girls stood in their Sailor Fukus, ready to fight.

The door opened on the other end of the room and Deathrite walked in, playing with a cup and ball.

"Deathrite!" screamed Aqua, and she and Trinity jumped on him.

"Hey." Said Deathrite, completely unaware what was going on.

"Where are our daughters?"

"Um....with their parents, I should hope."

"Don't play games with us. WHERE ARE THEY?"

"Search me. That new girl who works for me probably took 'em. I can't control her at all. Hi Pai!"

Pai smiled and waved.

"Ok, c'mon, let's go." Sighed Trinity, standing up.

"Wait..." said Deathrite, picking up his cup and ball and standing, "I think there was something going on in the library."

Trinity turned and looked to him.

"Why did you tell us that?"

"I dunno. You guys are all right, for sailor scouts."

The girls smiled, and the party ran to the door where Deathrite had come out of.

"Well," sighed Deathrite, sitting on his throne, "I'm glad I could help, but they just went completely the wrong way."

11. Opposable thumbs are always good

The girls who still had their daughters kept them close to them as they ran through the corridors.

"Why don't they transform?" suggested Sally.

"They're way too tired." Sighed Kairi, looking back on the girls.

Rini was the sleepiest out of them all and kept stumbling behind.

"Rini, please move!" said Serena.

"I'm trying..." she muttered.

Suddenly, a shadowy hand flew out the wall and grabbed Aqua's hair.

"AHH!" she screamed, jumping away.

A shadow demon came out, followed by about five others. But they weren't the same shadow demons that they had fought before, the ones that looked like humans, these ones were just huge blobs with arms and legs that lunged after people wildly.

"They are big." said Sally, looking up at the demon that was about a foot taller than she was.

"Comon, we have to fight! SUN LIGHT BEAM!"

"Star blade action!"

Sailor star sent out shards of star from her hands, and Trinity's attack merged with it and the duo attack hit one of the shadows in the chest. It stumbled, but got up again.

"Oh crap," whispered Trinity, "They're way stronger than before!"

"Comon, Aqua!" said Serena.

"Right! Aquarius freezing Lady kiss!"

"Moon tiara magic!"

Serena's Tiara turned to ice as the attacks combined and turned the shadow to ice.

"Great!" said Aqua, as Cerion shattered the shadow to pieces.

The girls kept fighting, it was more awkward for Sally and Pai as they had their younger daughters to look after.

After they had defeated two more of the demons, they were pretty worn out.

"Only two more, guys!" encouraged Pai, but the demons began to retreat.

The girls were silent for a while.

"YES!" they screamed, as the demon sank into a pit of shadows that had appeared on the floor.

"Wait, where's the ot-" began Serena, but she was pushed to the floor as a shadow demon grabbed Rini by the waist and jumped into the porthole. She started sinking, her ankles in the porthole going down.

"Ookasan!" she screamed, reaching out for Serena. In a matter of seconds she had sank from her ankles to her waist and was still going.

Everyone jumped out and grabbed for her, Damian grabbing one wrist and Darrien the other.

"Pull!" screamed Serena, but it was no use, Rini wouldn't stop sinking.

Before long the boys had their hands in the shadow.

"Serena, it's no use!" said Darrien, taking his hands back up

"No...NO! I CAN'T LOSE HER!" screamed Serena, and tried to jump into the hole which had started to close.

"Serena, we'll get her back! Promise!" said Darrien, grabbing Serena's legs.

Rein looked at Annie, an Annie looked right back. They grabbed each others hands (eight year olds do that sort of stuff) and together, they ran and jumped into the porthole just as it closed, Annie shouting: "CANNONBALL!"

Sally and Pai exchanged glances.

"REIN!"

"ANNIE!"

Rein and Annie fell down and down into the hole, screaming loudly.

"Why did we do that?" called Rein to Annie.

"We're gonna get our friends back! You do want that, don't you?"

"Yeah, but-"

"Then HANG ON!" screamed Annie, clutching her friends hand even tighter as they fell further and saw the shadow that had Rini.

Annie got a thought in her head:

The alien burst out the mans stomach

"Rein! Stay with me!" she called, and turned to she had her face downward, like a falling rocket.

Rein did likewise as they hurtled more and more quickly towards the shadow.

"Annie?"

Annie bared her teeth as they were only feet away.

"ANNIE?!"

But it was too late, Annie had flown into-and out of-the shadows stomach, making it disintegrate.

Rini, who was KO'd, fell further as the first shadows caught her and faded out of sight.

The girls started screaming again.

Stella threw herself a the cage wall, not making a dent in the laser walls.

"Why is it, whenever we're captured, we have to be put in a cage that's made of LASERS?!" screamed Stella.

"Calm down," sighed Mika, "We'll get out. We always do."

"Not this time." Said Sailor Supernova, laughing and appearing.

"You." Said Stella.

"Yes." Replied the purple-haired villain.

The shadow that had Rini appeared in the cage and dropped the pink-haired girl.

"Rini!" cried both the girls, but Sailor supernova reached out and grabbed Stella by he scruff of the neck and pulled her out the cage.

"AHH! What?!"

"One!"

A huge mirror appeared behind Stella.

"Two!"

Cuffs came out round her ankles and wrists.

"Three!"

A smaller mirror appeared in front of Stella's chest and Sailor Supernova jumped into it. Stella went limp.

Selene peacefully chomped at some grass, deep in thought.

"Hello. It's been a while." Said a voice.

Selene turned, surprised.

Sailor Supernova smirked at this.

"Lexa!" gasped Selene.

"Hello, pony."

Selene jumped back.

"Don't worry. I've only come to get you."

The Pegasus flied at Lexa and knocked her over with her front hooves, then went to the only

place she could escape...out the mirror.

Rini and Mika gaped as a flying horse galloped out the mirror that was less than a foot tall.

Selene took one look at the girls and the laser mirror shattered.

"Who are you?" asked Mika.

"Selene!" said Rini.

Selene nodded and as Sailor Supernova came out the mirror, she shoved her horn in it, shattering it.

"Will you guys get Stella? I can't."

"Why?"

"No opposable thumbs."

12. "Sun crystal Dream Action!"

Selene ran at the door of the library, Mika holding Stella onto her back and Rini running next to her.

"We have to find a way out!" said Rini, as the door suddenly disappeared.

"Other way!" said Mika.

Selene stopped.

"The one of the sun has come." she whispered

Trinity threw herself at the door, after the group had gone in a giant circle and got there. Eventually.

"Help me guys! Together!"

Everyone put their hands on the door and pushed, and it swung open.

Trinity stopped and gasped when she saw Selene.

"Helios?"

"Do I look like Helios? I am Selene-"

But her sentence was cut off Sailor Supernova burst out the mirror.

Selene touched Trinity's chest with her horn. A bright light appeared from her locket and circled her as it began to change, the same with Stella.

"Whoa-" gasped Kairi, as Trinity's and Stella's fuku's began to change. The bows got longer at the back and the skirts changed colours.

Trinity went over to Stella and picked her up and they stood side by side, Trinity's arm around Stella's shoulders.

The light faded and they both fell to the floor in their normal outfits.

Sailor Supernova raised her hand to attack.

"Trinity!"

"Stella!"

"DARKNESS FALLS!"

Rini jumped and grabbed her cousins body and jumped out the way, and the same with Serena and Trinity.

The Sailor missed with her attack, it spiraling to the other side of the room.

"Damn!" she said, getting ready again.

Trinity and Stella opened their eyes and looked at each other.

"Stella...Your pendant..."

"Ookasan.....yours...."

The girls reached out and touched each others pendants. Light glowed from their fingers and they were lifted to their feet by some unseen force.

"Sun crystal Dream Action!" they said, together. The sailor fukus that they had before re-appeared on them and they looked at each other.

"They have Pegasus forms!" gasped Aqua.

"Sailor Chibi Sun?"

"Sailor Sun?"

The girls put their hands together and Sailor Supernova backed off.

"Selene..can we use your power?" asked Trinity.

Selene neighed and threw her head into the air, the light from her horn flying around Trinity's hands.

A pair of odd-shaped daggers appeared in them, one with a blade of sapphire and a hilt of ebony, the other with a crystal blade and an ivory hilt.

They both had jewels encrusted on them, and they suddenly grew to about a foot and a half.

Quick as a flash, Trinity got on one knee and pointed the daggers at the evil sailor and Stella stood behind her, both hands on her mothers shoulders.

"Sun...Crystal...Heart...MEDITATION!"

They both glowed the colours of their handles (Ivory white, ebony black) and spiralled together to make a silver beam which hit Sailor Supernova in the chest, knocking her backwards.

"Ah! Ok, I didn't want to do this!" said The girl, stumbling up. She got out a sharp knife of gold.

"ONE!"

Trinity was thrown to the other side of the room as a mirror appeared behind Stella/

"TWO!"

Cuffs chained Stella to the mirror.

"THREE!"

And on three, Sailor Supernova jumped at Stella and shoved her dagger into Chibi Sun's heart.

13. Hope in the form of a Chibi

Stella stifled a gasp as Sailor Supernova pushed harder.

Trinity got up and jumped.

Then, as they usually do in my fanfics:

Many things happened at once.

Shadows came from the floor and entangled the other members of the team.

Annie and Rein fell from the ceiling into their mothers arms. They didn't have time to note what was happening to everyone else, but they saw Sailor Supernova.

And they saw Stella.

The little girls jumped at her.

Trinity, on the other side of the room, pushed herself up against the wall and threw herself at Sailor Supernova.

And all this time Stella was being pushed into the mirror by the villain.

But no-one knew this except the evil sailor, so, as Stella went back into the mirror, Lexa stepped forward.

And therefore got clear of the Chibi's and Trinity's strike line...

So Trinity and Rein and Annie collided and fell to the floor.

Sailor Supernova jumped back and laughed, pulling out the dagger. It was clean. No blood.

Trinity saw Stella. She was trapped in the mirror, banging on the glass. She got on her knees and put her hands on the other side.

"STELLA! MAMA'S COMING! SHE'LL GET YOU OUT!" Screamed Trinity. Her daughter looked down at her and started crying. A dark figure appeared behind Stella. Trinity squinted, then gasped.

"RUN!" she screamed, but it was too late...The figure grabbed Stella. Stella turned and gasped...it was herself! The same black hair and blue eyes....but the chibi sailor sun fuku was darker. The figure grinned and pulled her back into blackness.

Sailor Supernova bellowed with laughter, went up to Trinity, shoved her down then shoved the dagger into the mirror.

It broke and pieces of glass so fine they were about the width of a human hair shattered all over the sailors.

Selene fell to her knees and began to fade.

"Stella....gone...I'm....gone...goodbye." she choked, and turned to dust that swept into Trinity's sailor pendant.

Sailor Supernova laughed as tears spilled down Trinity's face.

"TRINZ! I KNOW THIS IS UPSETTING, BUT HEEEEELLLLLLLLLPP!" screamed Aqua.

Trinity turned and ran to her friends, where she helped them pull off the tendrils of darkness that were entwining them, but more grabbed onto her, and all the scouts were pulled down.

"Bye bye!" roared Lexa, as they slipped back into the human world.

Trinity fell sideways onto the cold, hard concrete road. Rain pattered down onto hers and the other sailor's heads as they appeared, but they were out of their fukus.

"Gone..." she whispered. Sally laid a hand on her shoulder and sat her up.

"Hey, don't fret. We'll get her back. Promise."

"Always...me...always...me...who loses her....why....?"

Sally helped her up, and then she pulled away, sank to her knees, and screamed into the rain:

"STELLA!"

She breathed deeply.

"STELLA!"

"Eh, this is way too A streetcar named Desire." sighed Aqua. Serena and Aqua took her back to her house, while she wept into Serena's shoulder.

"Dead....she's dead..."

The other scouts stood in the rain, quiet. Eventually they all left with their Chibis.

And the road was silent.

Not a hope.

Or was there...?

ChibiTri fell on the floor of the negaverse and pouted. It was empty. Great. She came later and the others had gone.

She stood up in her tiny dress and started walking across the floor, a small Neopets plushie to her chest with one arm. She went over to all the broken glass and looked at it.

She reached down and picked up a piece of glass about as big as a little nail, and looked at it.

A blue eye flashed from the other side.

She squeaked and jumped back, dropping it. She picked it up again with her pudgy fingers, and said awkwardly in her three year-old voice:

"Steh-la?"
