Everything went dark."Hey you alive...?" Said a voice."Your new...I dont have an imagination so ill call you...Xtwilight!" Xtwilight sat up. "Huh?" A man with red hair started her in the face. "Ummm...." He looked at her. "No idea how your still human..." "Human...I was always a human..." Axel pulled Xtwilight to her feet. Axel looked at her. "Welcome to the organization!" "My names not this Xtwilight! It's....Why...Cant..." Xtwilight though. "I cant...What is my name?" Axel looked at her. "Here..." He threw a black cloak at her. "Oh..." "Put that on!" Xtwilight quickly threw on the cloak. "Now...Follow me!" Axel said a tiny smirk on his lips. Xtwilight quickly followed having to jog to keep up with Axel. Axel stopped in a white room. "Welcome..." He smiled. "To castle oblivion!" A camera watched them and on the other side of the camera was two people. "Thats our new member?" "appears to be..." "Why did we send Axel?" "Because you thought it would be funny to see two redheads fight side by side..."

Axel sighed. "On your guard." "HUH?" Said Xtwilight. "Weapon?" "I don't have a weapon!" Suddenly two pairs of scissors appeared in her hands. "I see the one your copied from was a user of scissors..." "Right..." "Now as I said..." Xtwilight stared at him. Axel sighed. "Alright your my summoning card..." "Summoning card...?" "AHHHHH~!"

Sora, Donald,Takara and Goofy leave Traverse Town and find themselves back in a white hall of Castle Oblivion, where they find the Unknown man they were chasing."Oops,pardon me" "WHAT'S YOUR PROBLEM?!"Sora yelled shaking his fist. "Well, Sora? Did you enjoy meeting your memories?" Said the unknown man. "What?" Asked Sora a questioned look on his face."The Town You Just saw.."The Cloaked man said. "Sora...The town you all just saw..it was an illusion."The Cloaked man said again."You Mean Leon And Aerith...They were just figures created from memory?!"Donald and Goofy said in shock."I can't believe it!"Takara said looking back at the door in disbelief."No Way..They were all..I-!"Sora was interrupted. "Don't You Want to reunite with your friends? you must follow your hidden memory to find whats important to you." "You talk too much," Takara said. the cloaked man twitched."But i'll need to make sure..that your up to the task.."The cloaked man said. "What?!"Donald yelled."WHY DID YOU OPEN YOUR BIG MOUTH?!"Donald screeched to Takara."I don't have a big mouth! you do!" "No I Don't!" "Your yelling right now." "ARRGH!" "Sounds fun"A new voice said from the shadows. Axel appears out of nowhere Xtwilight behind him. "mind if i join you?" "Another one?!"Sora,Donald,Takara,And Goofy said together. "C'mon, let me help you." Axel begged"what do you want?" Said the unknown man. "I got bored, what with you hogging the hero." The unknown man tossed a card to Axel. "Perhaps YOU'D like to test him." Said the unknown. "Perhaps I would." Said Axel in a tone. The Unknown man disappears and Axel faced the group. "Looks like its my show now, Keyblade master. My name is Axel. Commit it to memory." "Um sure..." Said Sora weirded out. "Good, you learn quick. So, Sora, now that were on a first-name basis" Axels wepons appeared in his hands. Fire and wind wheels. As shown below:

axel

"let the games begin!Axel turned. "Xtwilight!" "Yes sir!" "Draw your scissors!" "How...?" Axel sighed. "You n00b!" He snapped his fingers and two pairs of scissors appeared in her hands. Like these:
scissors

Xtwilight started to laugh. "Hm...?" aid Axel. "I'll finish you myself!" She ran for Sora. "hahaha!" She jabbed at Sora. " She goes insane with scissors... " Thought Axel. "I'll cut you to ribbons!" Xtwilight had a sinister smirk. "Lets get started then shall we!?" Xtwilight opened the scissors. Axel smirked. "A great tool made out of simple weapons. Xtwilight and Sora made close combat. "Such a nice sword!" Sora swung at her. "Hu!" Xtwilight stabbed him in the shoulder."I got you key blade master!" With that Sora gripped his shoulder and swung the keyblade at her. "Ugh!" It hit her dead on. Xtwilight was flung into the wall. "oh~!" She dissolved into a card. "My turn now..."axel stepped forward and looked at the card laying flat by the wall."Lets fight keyblade master..."

Sora battles Axel and obtained 5 world cards.

"More cards?" asked Goofy. "Hmm They look kind of like the card that made Traverse Town." Said Jiminy. "Then we need these to go on" Sora said. "Correct..." Chimed a voice. Axel appeared behind them in front of a flight of steps."Axel!" Yelled Donald. "After an introduction like that, you dont think Id just give up the ghost?" Axel said with a smirk. "So you were just testing our strength." Sora said kinda angered. "Congratulations, Sora. You passed! Youre ready to take on Castle Oblivion. Follow your memories. Trust what you remember, seek what you forget, and you will find someone very special." Said Axel. "You mean Riku and the King?" Said Goofy cheerfully. "Well, I dont know. You'll just have to give some more thought to whos most important to you. Our most precious memories lie deep in our hearts, out of reach. But you can find yours, Sora." "Where? How?" Sora asked his brain buzzing with questions. "The light within the darkness. Youve lost sight of it, Sora. Youve forgotten forgetting." Axel said with a small smile. "Light, I dont understand" Said Sora his voice trailing off. Axel held out his hand. "Would you like a hint?"

Sora thought for a second.

"Well, Sora?" Said Goofy.

"No, I want to figure it out for myself." Sora pointed his keyblade at Axel. "And if you get in my way" Donald interrupted. "He wont! We wont let him!" Axel smirked. He walked over to the wall and took the card from its resting point. It turned to Xtwilight. He threw her over his shoulder. "Now Thats my kind of answer. Just what Id expect from the Keyblade master. But be forewarned... When your sleeping memories awaken, you may no longer be you." With that Axel vanished. It was silent,Takara turns toward the party. "How Is He So Skinny?!"

"Where do I drop here?" Axel said to Larxene. Larxene pointed. "Just drop her in there Namine wont mind..." Axel nodded. "You take her..." You take her!" "you take her!" "You take her!" Demnyx walked up. "I'll take her!!!"

"Where-..." Xtwilight put her hand to her head. "The orginazation brought you up here to

sleep..." Xtwilight sat up. "Your not like the rest of them are you...?" Asked a blonde girl. "You mean the organization?" "Yes..." "I dont know..." "I can tell your different..." Xtwilight looked around. She sighed. "Your a nobody just like all of them...." "A nobody...?" "You dont know what a nobody is....?"

Axel sighed. "So I have to share my room...? My bed...?" "Yep!" Demnyx said with a smile. "Argh..." Axel slammed the door in his face. "Ow!!" Xtwilight opened the door. "Ummm...Axel?" Axel looked over his shoulder. "Yes?" "I am so sorry you have to share your room with me...." Axel sighed. "Atleast its not with Demnyx..." Xtwilight nodded. "Umm...Well I am going to look around..." She slid out the door. "Leave the Organization..." "Huh?" Xtwilight looked around. "This road is not for you..." "What are you talking about?" "The organization will never except you..." Xtwilight looked around. "You dont even know how to defend yourself..." Xtwilight sighed. "What do you mean...!? About the organization..." "Your not meant to be here! The only reason you are is because the somebody your made after was a princess!" Xtwilight looked around. "Your calling me a coward!? Show yourself!!" "I dont need to...I lye in the fear in your heart!" "Nobody's don't have hearts!" Somebody put there arms around her. "Get off of me!" She struggled. "It's me! Dont struggle!" Xtwilight did anyway. "What am I!?!?" They pulled harder. "Xtwilight shush!" "But...what am I...?" "Shhh...shhhh..." They pulled her into a hug of some sort. "I am not human anymore..." "None of us are...Not anymore..." "There was a voice!It said I didnt belong here!" "The organization may not approve for you...But your still..." They sighed. Xtwilight looked up. It was Axel. "I'll protect you even if the organization will not..." "Axel..." Axel slid down to the floor with her. "Its okay..." "Are you sure...?" Axel nodded. "What is a nobody...?" "Well A nobody..."

"Is someone without a heart..." "We were all created...By somebody in this world...But we don't know who...We don't even know our real names..." "Isn't that why I couldn't remember my human name?" "Exactly the reason..." Xtwilight looked at him. "I know its hard to explain this but thank you so much for at least trying to..." "Your new I wish that somebody would have explained to me...So I pass down my knowledge..." "I see..." Axel smiled at her. "So quit that sniveling your making me sick..." Xtwilight smiled and sniffled. "thank you Axel," Axel made a groan. "you missed a tear..." He took his sleeve wiped it from her cheek. "I wanna make a promise..." "A promise...?" Asked Axel. "Yes...A promise..." She took his hand. "I want us to find our somebody's together...If we can't keep that promise...then...We can always have each other to think of as somebody!" Axel looked down. "We can be friends!" Xtwilight added. "We could work together!" She said with a smile. "I Dont know your still new to the organization!" "Please I'll work everyday!" Axel sighed. "I suppose..." Xtwilight threw her arms around him. "Oh Axel your the greatest!"

Later on they sat in the library. "Read this..." Axel shoved a book in her arms. "How to cope with emotional tensions...??" "If your going to be in the organization no emotions are supposed to be shown..." "Oh I see..." She opened the book. When Xtwilight did she dropped the book. "What...?" Said Axel. "That girl..." "Who? What girl?" Axel bent to her level. "That one that was with that boy and those two freaky animal things!" "Calm down...." Somehow...I know her..." Axel picked up her trembling hands. "Xtwilight..." "Yes?" "Do you want to see that girl again...?" "I felt something...I though it was the rush from battling..." She lowered her head. "Next time i'll take you with me then you can tell what these feelings are..." He sat next to her. Larxene was sitting on a different couch. "His memories are pretty interesting..." Axel gave a kind of glare.

"You were pretty gentle with him Axel, I would have bullied him a bit more..." Axel sighed and helped Xtwilight hold the book straight. "My taste in entertainment isnt as bad as yours Larxene.." "Hey cut it out!" There was a silence. "You should start reading from here..." "Okay..." Axel pointed to a new paragraph in the book. "So your interested in him...? Not the key blade but his heart.. It's the heart that wasnt consumed by darkness..." "You mean what happened in hollow bastion?" "People who lose there hearts to the darkness...lose there mind and will and become heartless..." There was a pause in Larxene's words. "They become completely controlled by the darkness..." "He became a heartless in hollow bastion but he held onto his own will...How...?" "That strength of the heart stuff. He was chosen by the key blade so I am not surprised..." "He's the key alright...I want to know what sleeping deep in his heart..." Xtwilight hadn't turned a page and Axel knew she was listening in. "Now now..." Axel grabbed her chin and turned her head towards the book. "Can't you be multitasking?" There was a slight wind. "searching for the secret of the heart...That is our purpose of the organization!" The whipped off there hood. "since I have been put in charge of this organization....Our plan will suceed!" "Axel..." "Its going all to plan, No problems..." "Axel..." Xtwilight tugged on his sleeve. "Dont worry thats...Marluxia" Larxene sighed. "I wonder when Sora will recall Namine..."

"Namine..." Axel sighed. "The blonde girl..." "Oh..." Axel looked over at Larxene then to Marluxia."and...?" Marluxia smirked. He looked at Xtwilight. "Axel..." "Yes?" "You know what to do with her right...?" Xtwilight shivered. "She's not what your looking for..." "You havent even checked..." Marluxia took steps toward her. Axel stood infront of her her. "I'll do it later!" Axel said. Marluxia smirked. "Dont get attached Axel..." "I wont..."Axel said with a kind of growl. "Larxene..." "What?!" "Come on..." Xtwilight got up. "Not you..." Axel sat her back down. "Dont you let Marluxia touch you!" "Okay..." They walked toward the 10th floor.

2. Castle Oblivion: Floor Two

Xtwilight sighed. "If Marluxia... There's something Axel's not explaining." Then the door opened ajar. "Axel!" Xtwilight hopped up and saw Axel walking in with a groan. "Are you okay?" She asked as Axel fell on the bed. "Yea..." Axel muttered. "you don't seem to...'alright' to me..." Axel sat up. "Xtwilight the only reason I..." His voice trailed off. "What...?" Axel sighed. He sat up straight. "When I said that nobodies have no hearts...You wanted an Example of that...?" Xtwilight nodded. "How can we live if we dont have hearts...?" Axel sighed. "You know so little..." He started to make a small laugh. Xtwilight sighed. "May I have my example...?" Axel nodded. "if you listen hear..." He pointed to his chest. "Can I?" Axel nodded and she put one side of her head against his chest. "I don't hear anything..." "That's my point..." "Oh..." She pulled her head away. "Now if I listen to you your sure to have nothing in there as well!" Axel leaned his head in. Xtwilight sighed. he rested his head on her chest. He heard a sound witch was unpleasant to his ears. " Oh no... " He pulled his head away quickly. "Xtwilight!" "Yes?" "Dont let Marluxia touch you! Don't let anyone!" He got up in a hurry. "Alright..." Then he ran out the door. "LARXENEN!" "Whew... Throwing the battle back there really wore me out." Axel stopped and looked at her. " Throwing the battle? Looks to me like you plain old lost the battle." "H-How dare you! You just don't appreciate the finer nuances of " "Axel is right. That was an ungainly performance, Larxene." A man with brown hair in an organization cloak appeared and walked towards them. "Vexen!" "Humbled by someone of such limited significance. You shame yourself and the Organization. " "Grrrr..." Went Larxenen "Can we help you, Vexen? It's not very often we see you topside." Said Axel with a small tone. "I came to lend a hand. I remain unconvinced of any potential in this "hero" you've been coddling. Perhaps an experiment would put my doubts to rest."

"I knew this would happen. Everything's an experiment with you." Larxenen sighed. "I'm a scientist. Experimentation is what I do." Said Vexen. Axel sighed. "Whatever, Vexen. Do what you want. But cut the act. Testing Sora is just an excuse to test your little follower." "Follower? I'll have you know he's the product of much research." Said Vexen."What he is is a toy." Said Larxene. Axel groaned. "Hmph. I see I'm wasting my time." Said Vexen "Have your fun. But take this with you. A wild card to keep the game fresh." Axel threw a card at Vexen. " Now don't tell me I don't respect my elders." Axel said sighing."I dare say I won't." Suddenly Riku appeared in the corner of the room and walked forward. Axel smiled. "I'll be back..." In a portal of darkness Axel dissappered.

Axel stood in front of Namine. "Heh heh... I know exactly how you feel. Don't get your hopes up. Nobodies can't be somebodies. But think, Namin. I'm sure there's SOMETHING you...could do..."

Xtwilight sighed and walked the hollow hall's of castle Oblivion.

"Geez...Is it always so empty?" "Its been this way...." She turned around. "Axel!" She ran up and threw her arms around his neck. "Axellll!" "Xtwilight..." "Hm?" "Your hands...." "Oh" She pushed herself off him. "Sorry Axel!" axel pushed her against the wall. "Sure..." "Why can you feel!? It not fair!" "What?" "How you cry you feel sadness you feel happy you can feel..."

"did you find her power yet?" "No but Demyx has been working for abit with her..." "Will we ever

understand how she works?" "Most likely no..." Said Luxord. "She has a complex system..."

"Come on Xtwilight! Stand up!" Said Demyx with a smile. "You can fight me without the use of scissors come on!" Xtwilight got up from her kneeling position. "Okay Demyx..."

"Axel...you should work with her for a bit...I know Demyx isn't tired but still you know her better than any of us..." Said Luxord. "Alright..." Said Axel peering through the glass where Xtwilight and Demyx were.

"Demyx!" "Hey Axel..." "Let me take over for a bit..." "Okay..." Demyx walked out of the room. "Luxord why did you send Axel in there?" "You'll see..."

Axel pulled out his Chakram "Don't hesitate I will kill you I am not playing around any longer..." Axel threw his Chakram at her and she dodged. "I see you will stay alive is great..." Xtwilight turned her head there the Chakram had turned and was heading toward her. "AHHHHHH!!!!" "AXEL!!" When everyone opened their eyes they expected to see Xtwilight fading to darkness but instead they saw the Chakram floating in mid air Xtwilight's hands blocking her face. "I didn't...stop it..." Axel muttered. Xtwilight opened her eyes. "I stopped it..." Xtwilight smiled. "I stopped it..." She turned to Axel. "Your turn to feel your own. The Chakram fell into her hand. "Let's go!" It lit into flames. "Can't Axel only do that?" "I see Xtwilight has the power of mind...She stops objects and uses them for her own...I also bet she can pick up objects..." Axel brought out his other Chakram. "Sou omoi-masen." "Now she's speaking Japanese!?!?!?" Demyx exclaimed. "Only Axel speaks Japanese!" Axel threw the other Chakram. "Sayonara!" Xtwilight said with a small wave. "Nani?" Axel asked with a small smirk. "Watashi to issho ni kite kudasai." "Sumimasen?" Axel said swiftly. "Anata ni au koto o tanoshimi ni matteimasu." "Nani?" Axel said with a confused look on his face. Xtwilight waved gently then she slowly disappeared. "What did she say Axel!?" Asked Demyx. "It was nothing..."

Axel sat on his bed thinking about the conversation...

"I don't think so...Good-bye!"

"What...?"

"I want to meet you somewhere..."

"Excuse me?"

"I look forward to seeing you there,"

"What?!"

Axel sighed. "Meet her where?" Axel crossed his arms. "Women types are so difficult..." He felt two arms go around his neck.

"What Xtwilight...?"

"Axe I have these feelings...When I am around you..."

"That's only because..."

"Axel I want you to feel..." She put her hand over where his heart should be. "How do you suppose we make me feel?"

"Dakishimetai."

Axel tensed then he sort of relaxed. Xtwilight gently pulled him back. "I won't hurt you..." Axel closed his eyes. I've never...What is this...? This...It's like an...I can't explain....

Xtwilight held Axel's head. I hope you can feel sometime soon... She looked at his hair. "Fury of the dancing flames..." She sighed.

"The name's Axel get it memorized..." Xtwilight glared at him. "well I was trying to be nice....!" Axel sighed. "It didn't work..." "You have no clue how much I want to stab you..." Axel raised an eyebrow. "How much do you want to stab me?" "Alot!!" She tackle Axel and they rolled off the bed. Axel pinned her. "Why do you have that blush across your face?" Axel asked when the play fight was done."Axel..." "that's my name..."

"Why does Axel suddenly...look so cute...?"
