1. Karma (what goes around comes around)

Death surrounds me while life flees
I drown in an ocean of sad loneliness
Always waiting for death to come
To take me away from all this pain.

Take me away from all this pain that;
Burns with the fury of Hell fire
Asphyxiates with a torrent of sorrows
Cuts deeper than a Sumari's sword.

No matter how hard I try, I can't die
I take pills and booze; I still live
I cut and slash but still I live
I lie in the bath and take a final breath.

Oxygen goes and water fills my lungs
My sight fades, I fall into unconsciousness
The beating of my heart suddenly freezes
My brain slows, finally I die, FREEDOM!!!

My soul escapes, at last soaring free
I suddenly see what I've selfishly done
The pain I have caused, I know all too well
I did unto them as they did unto me.

My friends cry and family weep
The sadness I caused is unforgivable
My soul cries tears of blood and regret
It's too late to take back my evil deed.

A chasm open up before me.
The light of God fades quickly
I know what this means, I scream
Then fall to Hell to burn as I deserve.
