1. rules and other stuff

welcome to my incredibly long username so i wont write it again Rock n' Roll archives!!!!
Here i will post lyrics of Rock n Roll songs and they will be discussed!!!

MY RULES SEEING THIS IS MY FUCKING ARCHIVE!!!!!!

1. we discuss Rock n Roll songs here!!! ONLY!!!!!!111one!!!1 this also counts metal, classical, and blues are the only exceptions!!!!!!

One feature i hope will work well here is that people will submit Rock n Roll songs for me to add so that we may talk about them!!!! Asking me to add techno, country, rap, hiphop, or anysuch will be ignored!!!!!!

2. If you dont like Rock n Roll stay the frack away from this archive!!!!!! none of your rude comments or suggestions are needed here!!!!!!1

3. Sense it is a Rock n Roll archive we wont talk about other things on the sight. thats what those are for!!1 this is a music forum on a sight full of visual arts, something must be done about the lack of the arts of HEARING!!!!

4. dont talk about fucking guitar hero or rock band here! im tired of people always saying things like "Oh i know Dragonforce totally rocks, i played their song on GH3!!!! (the name of that song is actually Black Fire not through the Fire and Flames) is all your rock savvy from games? if so, GTFO!!!!!!

5. post in the separate chapters/archives about stuff. for instance, if you post something about aerosmith under Ac/Dc i will get mad and go on a BERSERK and UNIMAGINABLE rampage!!!! and if youd like a archive to be added just tell me on the chapter selection page!!!!!!

I HOPE YOU FIND MY ROCK N ROLL ARCHIVES OT YOUR LIKING!!!

2. Peter Frampton

one of my favorite rockers of all time. Complete with guitar skills and making it talk, this dude was born to rock. Peter Frampton got his start doing Peter Frampton gigs. I'd have to say his all time best work was the 1978 Frampton Comes Alive! album.

hands down his best work in my opinion. I enjoy the opening solo in Doobie Wah and other songs including, Show me the Way, Baby, I Love your Way, and of course, Do You Feel Like we Do, this song is simply mind blowing and definitely one of my top 10 favorite songs- EVER <http://music.aol.com/song/do-you-feel-like-we-do/5397931>

Frampton is probably one of the only guitarists in history to use a "Talk Box, which served as an amp to his guitar and was able to make the guitar actually talk using an air tube to send his vocals into a spiral with his guitar's sound, making it talk.

3. Its Called REALITY FFS

On a cold winter morning, in the time before the light
In flames of death's eternal reign we ride towards the fight
When the darkness has fallen down, and the times are tough all right
The sound of evil laughter falls around the world tonight

Fighting hard, fighting on for the steel, through the wastelands evermore
The scattered souls will feel the hell bodies wasted on the shores
On the blackest plains in hell's domain, we watch them as we go
In fire and pain, and once again we know

So now we fly ever free
We're free before the thunderstorm
On towards the wilderness our quest carries on
Far beyond the sundown, far beyond the moonlight
Deep inside our hearts and all our souls

[Chorus:]
So far away we wait for the day
For the light source so wasted and gone
We feel the pain of a lifetime lost in a thousand days
Through the fire and the flames we carry on

As the red day is dawning
And the lightning cracks the sky
They'll raise their hands to the heavens above
With resentment in their eyes
Running back from the mid-morning light
There's a burning in my heart
We're banished from a time in a fallen land
To a life beyond the stars

In your darkest dreams see to believe
Our destiny is time
And endlessly we'll all be free tonight

And on the wings of a dream, so far beyond reality
All alone in desperation, now the time has gone
Lost inside you'll never find, lost within my own mind
Day after day this misery must go on

[Chorus]

[Solos: Twin/Sam/Twin/Herman/Twin/Herman/Sam/Herman/Sam]

Now here we stand with their blood on our hands
We fought so hard now can we understand
I'll break the seal of this curse if I possibly can
For freedom of every man

[Chorus]

Ill bet half the people that like this song dont even know the name of the guitarist that made it what it is. (and dont just go google it, come back and tell me how you DO know his name is Herman Li.)

All you n00b asses that act like you know your shoot because you played this song on GH3.... i have the right to criticize your @\$@ because i was listening to these guys and this song before the game even existed, so stfu if you think you know it all. The Original name for this song was Black Fire, but they came up with another song that better fitted the name. Even though this song existed long before its initial release, it wasnt released until 2006 on the 3rd album for fear that the possible popularity of the song would drain the spotlight from anything else they may release.
