# 1. Chapter 1

RIIIIIIIIIIIIIIIING. There it was the bell, school was over. Every kid ran out of the classroom but Kagome ran faster. She ran so fast she thought her feet would fall off her body. All day the only thing she could think about was going to see Inuyasha, Sango, Miroku, and Shippo. When Kagome got home she quickly ate then ran towards the well house. She remembered the first time she ever met Inuyasha. \*flashback\* Kagome was given a present from her grandpa. It was the sacred jewel shard. She didn't know what power it held. She remembered her kit getting into the wellhouse. she ran down to save him but something grabbed her. The cat jumped out of her hands and she was pulled into the well. Whatever the thing was it was powerful. But Kagome got it's arm off and it disappeared. As she climbed out of the well She Realized she was in a different place. She wasn't in the well house any more. She walked through the forest and saw a tree. It was a big tree and she recognized it to be the tree by her house. But she saw someone on it a boy, it looked like. That was him. Inuyasha. At this time he was a thief. She got closer to him and saw he had cat ears. Kagome went even closer. She rubbed his ears. "Freeze" yelled a man. Kagome had no idea what was going on, but she knew something bad was going to happen. They shot arrows at her and she grabbed the boy who was stuck in the tree. She managed to dodge the arrows. But then that thing that grabbed who came from the well it was back and was going towards her. She heard the boy talk to her. He told her to take the bow out of her. All the village people argued but she did it. He attacked the monster and killed it but after that he grabbed he turned on them. Not for long. Kaede put a necklace on him and every time Kagome said sit he would fall on the floor. \*end of flashback\* She went down the well. But something was very wrong when she got out.

## 2. Where Am I?

Kagome looked around and thought she was dreaming. She wasn't in the fuerdal Era, She wasn't in the well house, She was in a different world. She didn't know where though. She looked around and saw someone from far away. She came in closer. That's when she realized where she was. She was in the Sonic World because she saw was no other then Sonic The Hedgehog. "Ummmmmmmm do you know how i can get out of here?" She asked him. "No. Why would I want to get out of here. I'm famous here, my friends are here, and I like it here." He replied."well I'm not from here and I would like to get back to my home." Kagome said. "Well don't ask me ask someone else, Someone who has gotten out before." Sonic said. "like who?" She asked. "Huh. I don't know just ask around. If no one tells you then I will help you." He said. "fine" she said as she walked away.(at Fuerdal Era) "Where is she?" Inuyasha asked. "Maybe, She ditched you." replied Sango. "haha Very funny it was so funny i forgot to laugh." He said in a pissy tone. "Maybe she is doing homework." Shippo said. "I'm going to see where she is and don't come with me." He said. "Oh we're coming with you and do you want to know why." Said Miroku. "Why?" replied Inuyasha. "Because we want to get you pissed off." Miroku said. "I'm already pissed off" He said. "well now we can get you even more pissed off." Sango said. "Whatever just hurry." Inuyasha said. They jumped down the well and came up one by one. Inuyasha came up first. Then Sango, Miroku, and Shippo. "why am i always last." Shippo said. "because your small and weak." Inuyasha said. "Where are we?" Miroku said. "I don't know." said Sango. "lets find Kagome already." Inuyasha snapped.TO BE CONTINUED.
