Naruto Visitor...I've always wondered what would happen if I ended up in the Naruto world... Sky blue bangs, light blue hair, red eyes... I'd be Mikura Uchiha.. Here's a way to find out.

1. The move

I sighed as I sat and watched Naruto.

" Boy....I jsut want shippuden..." I groaned and turn off the TV.I went on the internet and spoke with a few people for a few hours. " I wonder....What I'll dream about tonight... Mikura beating the crap outta Sasuke for being such an idiot...Or Mikura with Neji...I don't know..." I said bye then got off. " Well...Might as well sleep." I got into my PJ's that I has made... They were totally white, then I took a fabric marker and drew the diffrent signs of the villages, the Uchiha clan sign, Hyuuga cadet branch mark, and a few names. I took my leaf village head band and crawled into bed holding it close. I stared at my posters that covered my window. " G'night...Neji, Sasuke, Ita...Everyone." I rolled over and fell asleep, dreaming of Naruto and my conversations. Little did I know... My dreams were about to become my reality.

2. You're joking...Right?

As I woke up my eyes fluttered open and I yawned. I looked around, everything seemed different. I was in the middle of nowhere, on a cliff with a fifty meter drop on the other side, I wasn't in my pj's. I looked at what I was wearing and saw tight shorts, and a tight light blue t-shirt that showed off my curves.. I stood and wobbled a bit. " Where the hell am I? And who the hell change my clothes?" I wondered aloud as I went towards a river where I heard voices and laughter. I walked up and I saw three boys, all of whom looked familiar, and a girl, who also looked familiar. I couldn't put my finger on it.

" Hey Mikura! COME join us!" the blond called. I froze.

" Mikura?" I blinked then walked towards the water's edge. I looked in and saw my reflection. Red eyes, blue hair with light blue bangs. I just stared at my reflection.

" Mikura....Are you alright?" came a voice making me look up. The brown with the brown hair with an elastic tied near the end seemed to have spoken.

" You're joking....Right?" I asked hoping it was a joke.

" No..Are you alright Mikura?" asked the second brunett boy as I fell onto my backside in astonishment. It hit me..

" Mako, Naruto, Neji, and Hinata.....I'm not dreaming...No..I AM dreaming." I said to myself quietly as I went and pinched myself, the ping of pain told me this was no dream.. I was actually in Konohagakure as Mikura Uchiha. I shook my head and calmed down, seeing the look of worry on the four Shinobi's faces.

" Are you alright Mikura?" Hinata asked as she swam over to the edge where I sat, I smiled.

" Yeah....I'm fine...I woke up not too long ago so I was still a little groggy."

" As long as you're alright." Hinata cupped water in her hands and splashed me.

" HEY! No fair!" I splashed her back and fell into the water. " Great...My clothes are wet..."

Naruto and Mako laughed, Neji just chuckled and I blushed a bit out of embarrassment. " Shut up!"

" Sorry." Mako said, Naruto kept laughing. I growled then went and dunked him under the water.

" Are you still laughing, Naruto?"

Naruto came up sputtering and spitting water.

" Not now." he pouted making me laugh. Then it was my turn to be dunked down into the water, only my back was turned and I couldn't see who it was.

3. FOOD!

When I came back up I saw Neji smirking.

" YOU dunked me..Didn't you?"

" Who? Me?" Neji asked, imitated Mikura.

" Oh ha ha.. Yeah Imitate me all ya want..." I made a face and swam off.. I looked up at the cliff which supported a water fall. ' I've always wanted to do this' I thought as I began to climb to the top.. A whole 50 METERS high! I ran off the edge and jumped down in the the water below. I felt a rush of adrenaline, I felt like I was flying. It felt soo awesome. When I was about to hit the waters surface I remembered what my teacher said and went completely straight, making sure my hands were pointed so that I wouldn't break or sprain anything. I hit the surface with a SLAP! As I came back up I felt the adrenaline go down to nothing, I felt like I had before I jumped. Only one diffrence... I could go back home and tell everyone I'd jumped from 50 METERS up! Hinata showed me a camera and smiled.

" You take good pictures Mikura." she said giggling a bit. I smiled. Now I had proof I'd done it.

" Let's eat." Naruto said, we all heard his stomach. This HUGE LOUD growl came from nowhere... Well... I felt my stomach vibrate at the exact moment the sound came.. I placed my hand on my stomach and pulled a Naruto. I rubbed the back of my head with one hand while my other rested on my stomach.

" Eehh...I guess I'm hungry too." I said as I sweatdropped. We all laughed about it as we went to Icha-ramen for some....." What time is it?"

" Six at night." Mako said. For some supper or dinner... Whatever strikes your fancy go ahead and use the term you prefer, but I call it dinner.

4. Training with Zakurai-sensei

" Mikura....Mikura..Wake up Mikura." came a voice. I stirred and opened my eyes to see a woman with pale skin, yellow eyes, and blackish blue hair looking at me.

" H..Huh? Zakurai-sensei?"

" GOod... You're alright..." zakurai sighed with relief. I sat up and yawned. " You don't normally fall asleep in the middle of the training grounds."

" Oh! Sorry! I was so tired, I couldn't make it home." I said quickly. ' Great.. I'm making up excuses like Mikura now..'

" It's alright.. I just thought maybe you were ill." zakurai smiled.

" Oh no...I'm perfectly fine." I said jumping up and hopping around.

" I see you've proven your point...Sakurai and Nikuro are sick today.. So you get my training all to yourself.."

" Awesome!" I exclaimed. Zakurai laughed.

" Let's work on your Sharingan and those technics of yours." she smiled.

" Alright!" I smiled, then cringed. ' Shoot.. I forgot Mikura has the curse mark..And Zakurai's Oro's neice....'

" Are you alright Mikura?" zakurai asked worriedly.

" Yeah.. I'm fine Zakurai-sensei." I noded as I rubbed my shoulder.

" Then let's get down to training." zakurai said with a smile. I noded and we began.
