1. Break

Everyone disapproves...
They don't like us being together...
They want to take you from me...
The pressure is crushing me...
I'm about to break...
Forgive me if I hurt you...
But I can't take it anymore...
This is no goodbye...
Not another one...
Although there is another...
Just know that I will always love you...
Even if it means I have to take my life...
Just to stop the hurting...
I know it will hurt...
Not me...
But you...
I don't really care anymore...
Just to stop the pain...
Please...
If only...
You could do it...
I want you to take this gun...
Point it to my head...
Pull the trigger...
And don't have any regrets...
Don't cry...
I don't like it when you cry...
Just know that I will be happy if you do this...
It's what I've always wanted...
My dream...
To die at the hands of the one I love...
