this is a poem about 2 lovers and his secrets that tare them apart

1. what is love to you

u tug at my heart and say thats is for the best
i cry goodbye dont go cuz u r my sanity and if u go
than what will become of me i cry to the cance of
a moon we hug to the last and fall apone the night sky
love love do u know what it means and what i say i feel
u in my heart i know that u care but is it true i cant
tell u r so un telling i cant se ur eyes u hide in a shroud
of lies i cry for ur help but u cant here u r gone i cant
even feel u not in my heart u see me and walk away
like i am a worthless peasce of paper with a poem on it
it reads my heart if u stoped to read it u would feel
the same way i do i love u
