Yes, It's based off of the 3DG song.

1. Over and Over

Over and Over
I fall for you

Over and Over
I try not to

I can't resist you
It becomes really hard to

Over and Over
My emotions will not fail

Over and Over
My heart will prevail

Chasing you everywhere
Always falling out there

Over and Over
You make me go insane

Over and Over
I can't deal with this pain

I can't seem to get away
I will not resist anyway

Over and Over
Words cannot explain my love for you

Over and Over
It will become true
