## 1. With Out You

My feet are moving faster,  
My heart is beating louder,  
my will is slowly breaking...  
And I'm afraid to live with out you.

## 2. I'm

I'm the wind that whispers to you.  
I'm the reason theres a smile on his face.  
I'm a stray mind.  
I'm everyones hearts that you shattered.  
I'm the one you hate the most.  
I'm you.
