*This is a poem for my best friend.

I will love him forever... tho he hates me...*

1. poem

.OUR STORY.

It is sad when a story ends
It is sad when its forgotten
When the rain washes it away.
And also its sad when...

... you have to choose
Love or friendship
Its sad when your heart
Is broken

The fear of dying
The fear of living
Souls get broken
Tears shed

Its sad when
All you can do is cry
Its painful to hear
The harsh words

Its painful to laugh
When your dying inside
Its painful to cry
And be ashamed

Its painful to love
Its painful to hate
Its only safe
When your alone in your head

(P.S. I was pissed of with him when I wrote this (please no flames) :P)
