## **0. The Pain is Too Much**

There is a cloud floating above your head. There is no life in your smile, it feels dead. There is no warmth in your voice, but it didn't leave by choice.

Some one is causing you pain, and on your heart its beginning to rain.

Is there anyone to help you? Look to the sky and you'll find a clue.

Don't you see how happy you can be? Just try and you problems will begin to float by.

The days will get harder and harder, but I know you can make it through; I will always be there for you.
