A song about a girl who has just broken up with someone she loved and wishes that she can take it all back or just forget about it.

1. A Distant Memory

[A Distant Memory] (c)

Hello? Can you hear me?

A distant voice from you're nightmare

Can't you tell me from you fantasy?

Or am I just a faded memory

From you're reality?

Has it been so easy to forget me?

Have you moved on so quickly?

How can you just pass on by me?

Without noticing that I'm eternally bleeding

You ripped out my heart and it still bleeds

Have you forgotten all that I know?

It's all over, there's no more 'we'

I miss you're presence and wish you back

But you've already forgotten me

Has it been so easy to forget me?

Have you moved on so quickly?

How can you just pass on by me?

Without noticing that I'm eternally bleeding

But inside my chest my broken heart is beating

And it won't stop going just for you.

I have to move on, let it all go.

Because it's too late now but I need you

Because it's all that I know

Has it been so easy to forget me?

Have you moved on so quickly?

How can you just pass on by me?

Without noticing that I'm eternally bleeding
