## 1. hurt? (uh....wots this title for?)

I asked for water and all I got was dust  
I asked for food and all i got was blood  
I asked for love and all you gave me was pain  
I whimpered for sympathy but all you did was laugh  
I am only a puppy and I just wanted to play  
that nip on the hand was just s silly game  
but you kicked me for it.  
you left me windered and cowering at your feed  
my head bruised, my legs bleeding  
my heart but an acing pile of cold grey ashes  
ready to be lifted to teh wind and scattered about myself  
why do you dispise me so?  
Didn't you know you hurt me?  
I was torn apart by your pitiless cruelty  
but you didn't care  
that was it, you didn't care.
