## 1. Wolfs Cry

When you hear a wolfs cry,  
its not their joy and pride,  
its the loneliness he holds in side,  
for which he held in for so long,  
like it was his favorie kind of song,  
the song of sadness leaves him weak,  
were he is unable to speak,  
on the ground he will wait,  
until the next night awaits,  
he gets up and howls at the moon,  
the others howl back too,  
to let him know hes not alone
