Chapter 1 - dream circus

2

1 - dream circus

There once was a little circus, a circus that made people nervous. There's juggling and fun and so much to do, but the characters are oddly new. There's the conductor you see standing there adored in his little hat. With a tip of his can you'll all go insane. And that's not the only thing you'll lose. Here come the juggler's torches in hand. They'll twirl and throw with the greatest of ease then steal your memories in one foul breeze. But wait there's more, wouldn't you all like to know about the little puppet show. He'll pull some strings and with a trick he blinds you sight, what a trick. So when you go to a circus show beware of what you see. For along comes the characters and forever they'll be. To haunt your dreams and your sight for one whole dark night. At a little circus, a circus that makes people nervous.
