**Chapter 1 - Silent Cries**

**2**

## 1 - Silent Cries

Silent mourns for it's mother

Mother does not hide, watching it's destruction, only the dust, the fiery haze covered it's body.

Silent cried to only find that his mother had died, soaking in the blood of those who do not live.

Eerie sound of silent tears knowing no more of mothers fears.

Everything's gone, no more of what we've known, good bye mother, good bye her children.

Silent forever.

( Mother- Mother Earth, Children- the animals. If you do not understand, well you never will, this is just what comes into my mind when I see what foolish things humans do.)
