1 - And The Crow Said

And The Crow Said

Black on black, a silent flight. Dying in the midnight light. A shame filled voice, a unmistakable cry.

Death for crow, a lonely bird, shadowed in darkness, a black distant fog. Help is what it called but answers were never found. Scared and alone the crow did cry to only find his life pass by.

Death for crow, no longer sad, dark round orbs, searching for his friend. "Fearless wolf, where are you? Have you left?" The crow called out to the wolf to only be answered by his silver cry.

" My fearless wolf here you are, silent and still as you sleep." The crow did land, flapping his wings with his mysterious caw.

And the crow said " Fearless Crow, that I am. Death will not stop me."

And the crow said...

(Don't understand, Never will.)
