# 1 - Arachnids

## *Arachnids*

*A bunch of old spiders down by the forest  
Carrying on the ancient tradition  
Trapped inside their demon bodies,  
Raising and lowering their heads  
Like puppets.  
Regretting only the sad ritual  
That forced them to return back  
Into the web after the trees,  
Wishing they could spin again in the sun  
And dream of harnessing their  
terrifying pincers.  
Wishing, this time, they could sweep  
through the night like wind.  
Their spines rigid,  
Their spindling legs fluttering,  
their jaws open,  
Their glossy crystals flashing,  
Ropes of silk pouring from their bodies,  
Blood of malice from their prey.*
