1 - The New Girl

DISCLAIMER-I'M ONLY GOING TO SAY THIS ONCE. I DO NOT OWN YU-GI-OH.[br]
[br]

Time Frame: The beginning of Season 1. Before Duelist Kingdom. They know a little about Millennium Items (like how people want them and that there are 7(or so they thought)of them). Tea just wants to be Yugi's/ Yami's friend, and Yugi's mother was also on business with his father. [br]

Preface[br]

[br]

Not many people know that there is an 8th Millennium item.[br]

My Mom found it in an ancient tomb in Egypt like all the other Millennium items, maybe 100 feet from where the Millennium Puzzle was found. It has to be put together like the Millennium Puzzle. My Mom brought the pieces home and kept them in her closet. When I was in first grade my Mom gave it too me, I kept it under my bed, telling myself I would work on it when I was older. In second grade, my Mom died. I took it out after the funeral and worked on it. Every day. For 8 years. [br]

Chapter 1, The new girl[br]

[br]

APOV[br]

"Everybody, this is your new classmate Ami (pronounced Ah-Me)." The teacher announced. I looked around at my new classmates. Nothing much to notice, it was like every other school I had gone too. Average freshman, nobody seemed to be the slightest bit interested in me. It all seemed like another dull school year. But then something caught my eye. A boy about my height. Who had a Millennium Item.[br]

[br]

YPOV[br]

"Everybody, this is your new classmate Ami." our teacher said. I was so lost in my own thoughts about the Millennium Puzzle, It probably wouldn't make a difference if he said there was a new student, or we were all going to be sent to Mars. Suddenly I got a strange feeling that somebody was staring at me. I looked up at the new girl and I couldn't believe my eyes. She had a Millennium Item.[br]

[br]

APOV[br]

My seat was right next to the boy with the Millennium Item. I could hardly believe my eyes. I never would have thought that I would ever meet another person who had one. I wondered if he was interested in Duel Monsters. I know I was. I was the undisputed champ at my old school, so I hoped for some actual competition here. I had my deck with me just in case. But no matter what strategies I thought of through out class, my thoughts would always return to the boy sitting next too me, and his millennium item.[br]

[br]

YPOV[br]

She sat next to me, and I pretended to be busy with my work. I snuck glances at her Millennium Item. I wonder what hers was called? I thought there were only 7. Was it possible there was an 8th one and Grandpa was wrong? Maybe it was a fake. Yea, that had to be it. I would have to ask her at break.[br]

[br]

APOV[br]

When the bell rang it was time for break. A few people went outside, but most of the class stayed inside too watch something. I forgot my book at home so I took out my sketch pad and worked on a few of my drawings. After maybe 5 minutes I heard somebody walk up and stand behind me. I looked behind me and saw the boy with the Millennium Item. [br]

"Hi! I'm Yugi, Yugi Muto. I'm sorry but I missed your name, what is it again?" He asked. [br]

"I'm Ami Hikaru." I said. I couldn't stop staring at his Millennium Item. It had to be the Puzzle, I thought.[br]

"What are you drawing?" He asked.[br]

"Oh, that," I said, tearing my eyes away from him "It's just a drawing of the Princess of Tsurugi. She's a monster from Duel Monsters." I answered, slightly embarrassed. [br]

"Oh cool! So your interested in Duel Monsters too?" He exclaimed, pulling out a deck. [br]

"Yea," I said pulling out my own deck. "want to duel?" [br]

"Actually, I was wondering if I could ask you about your Millennium Item." [br]

[br]

YPOV[br]

The bell rang and everybody split into their own groups. A few kids went outside, but somebody set up a duel so many kids stayed too watch. I walked over too the new girl. I was about to ask her what her name was, I had missed it before, when I saw she was drawing something. It was almost mesmerizing to watch her draw. Suddenly she turned around. [br]

"Hi! I'm Yugi, Yugi Muto. I'm sorry but I missed your name, what is it again?" I asked. [br]

"I'm Ami Hikaru." she said. [br]

"What are you drawing?" I asked.[br]

"Oh, that. It's just a drawing of the Princess of Tsurugi. She's a monster from Duel Monsters." she said, blushing a little. It looked cute.[br]

"Oh cool! So your interested in Duel Monsters too?" I exclaimed.[br]

"Yea," she said pulling out her own deck. "want to duel?" [br]

"Actually, I was wondering if I could ask you about your Millennium Item."[br]

[br]

TPOV[br]

I saw Yugi walk over too the new girl, Ami. She had a Millennium Item, I wonder where she got it. Maybe I'll ask her later, but Yugi was probably asking her that right now. I probably shouldn't ask her a second time. Oh I hope she isn't gonna go crazy and try too steal Yugi's! I thought.[br]
