1 - The Golden Moon

The Golden Moon
A Moon of Gold can be seen over the cooling desert dunes. It gleams through a darkened forests like an ancient coin. Waiting to join the earth and sky at dawns piercing glory. The Gold Moon crests over mighty mountains to rests on their peaks. It has the power to make lovers both young and old swoon at it's romantic glow. And as the night draws to an end it's soft light can still be seen over the dunes, through the forests, and on the mighty mountain peaks a poets eternal inspiration.
