1 - Under Luna's Watchful Eye

Under Luna's Watchful Eye

Under Luna's watchful eye all pups sleep safe & sound till Sol's morning glare awakens them with his beams of joy. Under Luna's watchful eye her kin are hidden beneath her shadowy veil. But whence day appears they reside as beasts into the night and emerge as men into dawns glorious light. Under Luna's watchful eye her children fight the demons of darkness and those who wish others harm. Slaying by night, protecting by day. Children of the moon are guardians of life.
